“Through the Hourglass”

We met a while ago,
Just yesterday it seems.
We've traveled down roads
Of love and broken dreams.
We have gone through tough times,
Some big and some small,
As long as we stuck together,
We conquered them all.
We've had teachers who helped us climb the wall,
And friends who picked us up when we took a fall.
Now our senior year is here,
For the most, it brings happiness, for some, it brings fear.
Graduation day is upon us,
Our faces are streaked with tears.
We say good-bye to all our friends,
We hold so near and dear.
We leave behind these long empty halls,
But our memory lives forever in these walls.
We've filled these rooms with laughter,
That should last forever after.
The years will pass by,
But our memories will never die.
The colors of Scarlet and Gray
Will stick with us from day to day.
East High School will always be,
Like a second home to you and me.
No matter how far we may part,
You will always be dear to my heart.

EAST HIGH

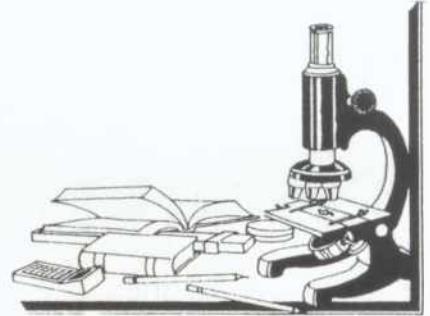

HOME OF THE "WARRIORS"

EAST CELEBRATES 75 YEARS!

This year marks the 75th year since the founding of East High. Throughout the past years, the pride of being a Warrior has survived many changes. East still continues to give its students a quality education full of several different programs. The Sunrise staff happily celebrates the 75th anniversary of EAST.

Dedication

The yearbook staff dedicates this year's **SUNRISE** to a teacher who makes no bones about how he feels about teaching.

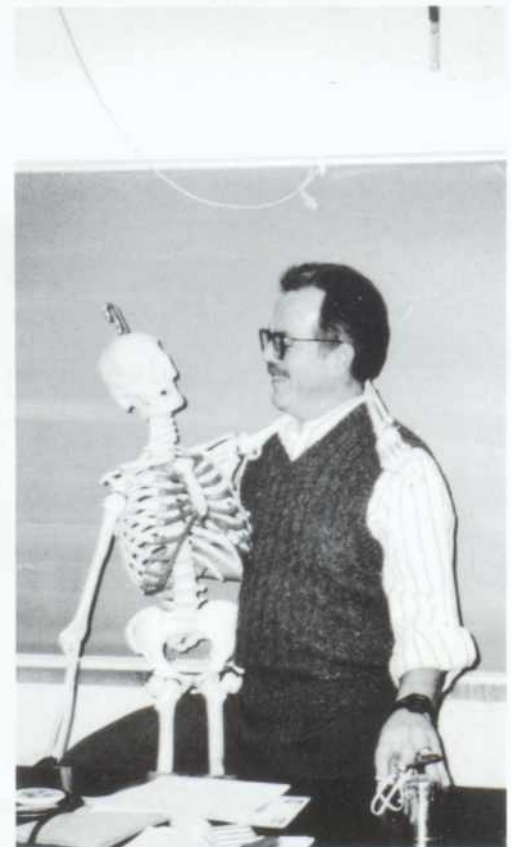

He is a native of Erie who graduated from Cathedral Prep. After graduation, he went to Gannon University where he earned a Bachelor of Science degree in biology/general science. Later he earned his Masters Degree from Edinboro University. He has also taken many post graduate courses.

He first started teaching at Madison Middle School and after one year joined the faculty at East High where he has remained for the past twenty-eight years. He served as the Athletic Director for Junior High sports and previously coached the track and cross country teams at East.

He decided to become a teacher because he liked working with kids. That same feeling has been a major factor in helping him to teach throughout the changes of the past twenty-eight years at East High. Presently, he teaches AS Biology, Anatomy/Physiology Living Biology and serves as the A.V.A. advisor.

Outside of school, he enjoys spending time with his wife, Mary and participating in a variety of lifetime sports including running, skiing, swimming and biking. He is the father of three children, Paul, David and Siddhartha and the grandfather of Ashley and Charles.

With great admiration to his dedication to teaching, the 1994 Sunrise Staff along with the Senior Class dedicates this year's **SUNRISE** to their teacher and friend Mr. William C. Grugin III.

First Team All-State

For the third season in a row, Cliff Crosby had an outstanding football season. Because of his performance on the football field, he was selected as a member of the First Team All-State AAA-AA. As far as the records show, no other Warrior football player has achieved this honor since the founding of East High seventy-five years ago.

When looking at Cliff's statistics, one can understand why he received the selection. The biggest statistic was Cliff's rushing yardage. He compiled a whopping 3,080 yards in just three years. Also he broke several East football records including the most points ever scored in a season by any previous player.

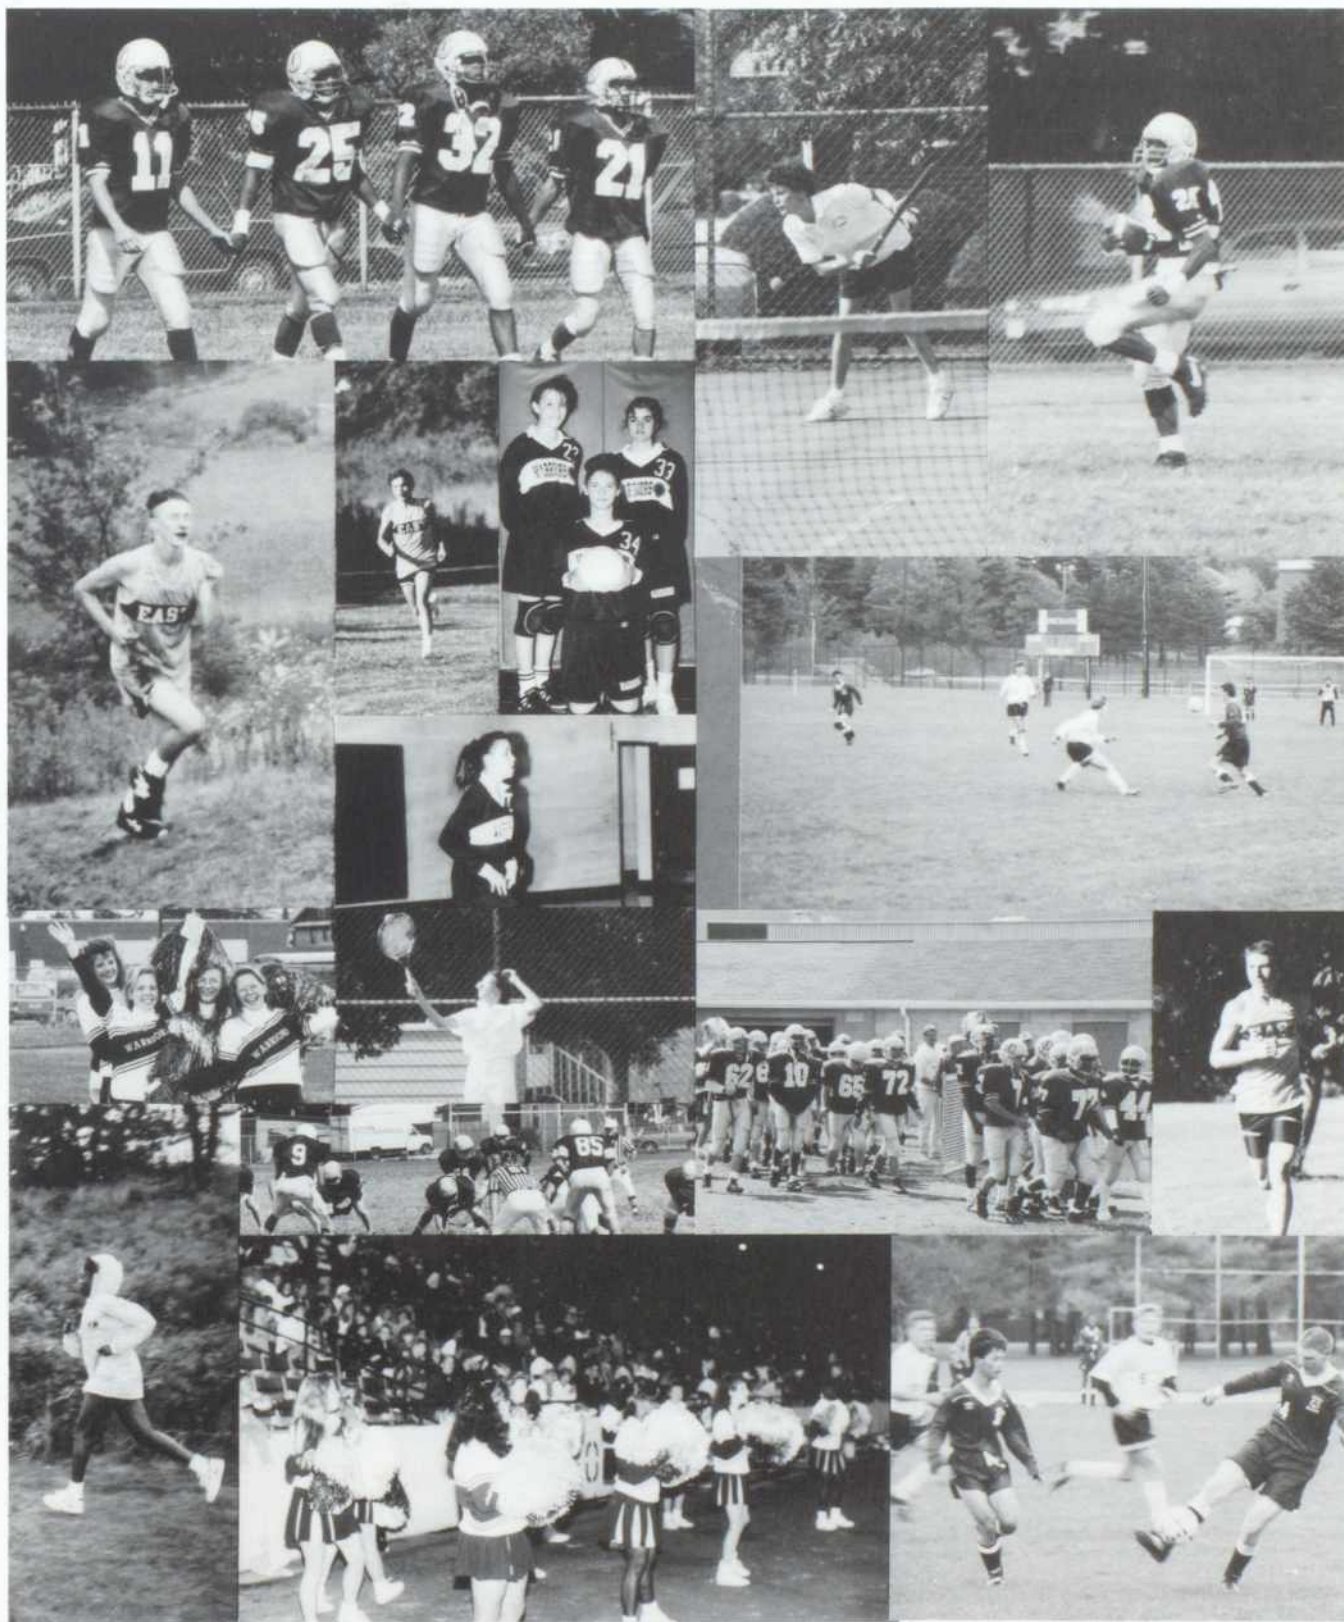

In addition to being selected to the all-state team, Cliff was a member of the First Team All-Metro for the second year in a row. He also established himself as one of the leading Metro league scorers of all time.

Cliff's athletic ability is not restricted to the football field. He is a four year starter on the Warrior basketball team where he has already scored over 1,200 points. Also he is a standout sprinter and high jumper on the track team where he is looking forward to a possible state championship.

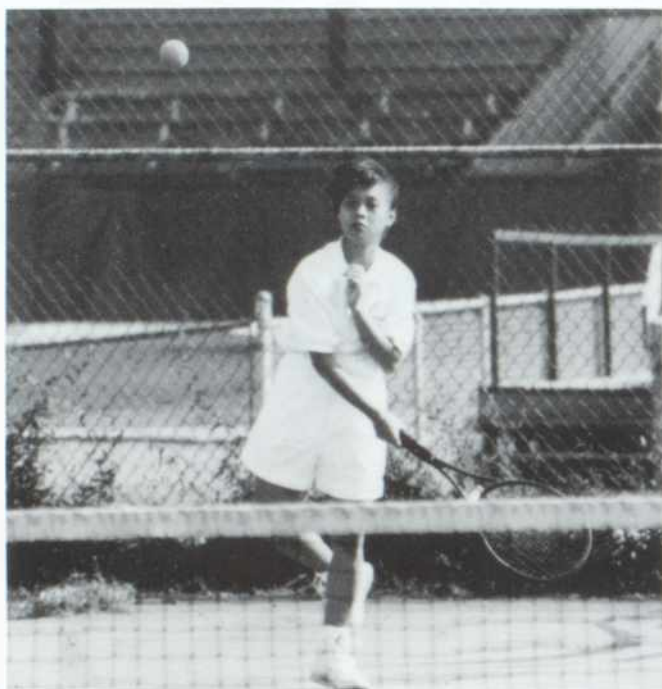

Cliff is a solid B student who is an excellent role model for any young person. His football career will not stop after graduation because he will be attending The University of Maryland on a football scholarship next year. Look out Terapins, here comes Cliff.

Hi, Tom!

Ready to break another record!

One more stroke, Alisia!

Taking a break before another 500.

Even though our team's small in size and inexperience has led to some disappointing losses in the score books, the 1993/1994 season was filled with great accomplishments for those stout hearted individuals who have dedicated themselves to this sport. Individually, each varsity swimmer has improved tremendously throughout the season. Accomplishments this season have ranged from qualifying for districts to completing events they have never done before. This year's swimmers have learned a lot that will help us greatly next year.

HOMECOMING '93

Jovieta Johnson, Stacey Damon, Melanie Malinski, Chmesa Brewer, Tamika Henderson, Lan Nguyen

Tamika Henderson escorted by Moe Brewer.

Melanie Malinski is announced Homecoming Queen.

This years homecoming game was on October 8, 1993. East beat Shadyside Academy 38-12. We celebrated our victory at our homecoming dance on October 23, 1993.

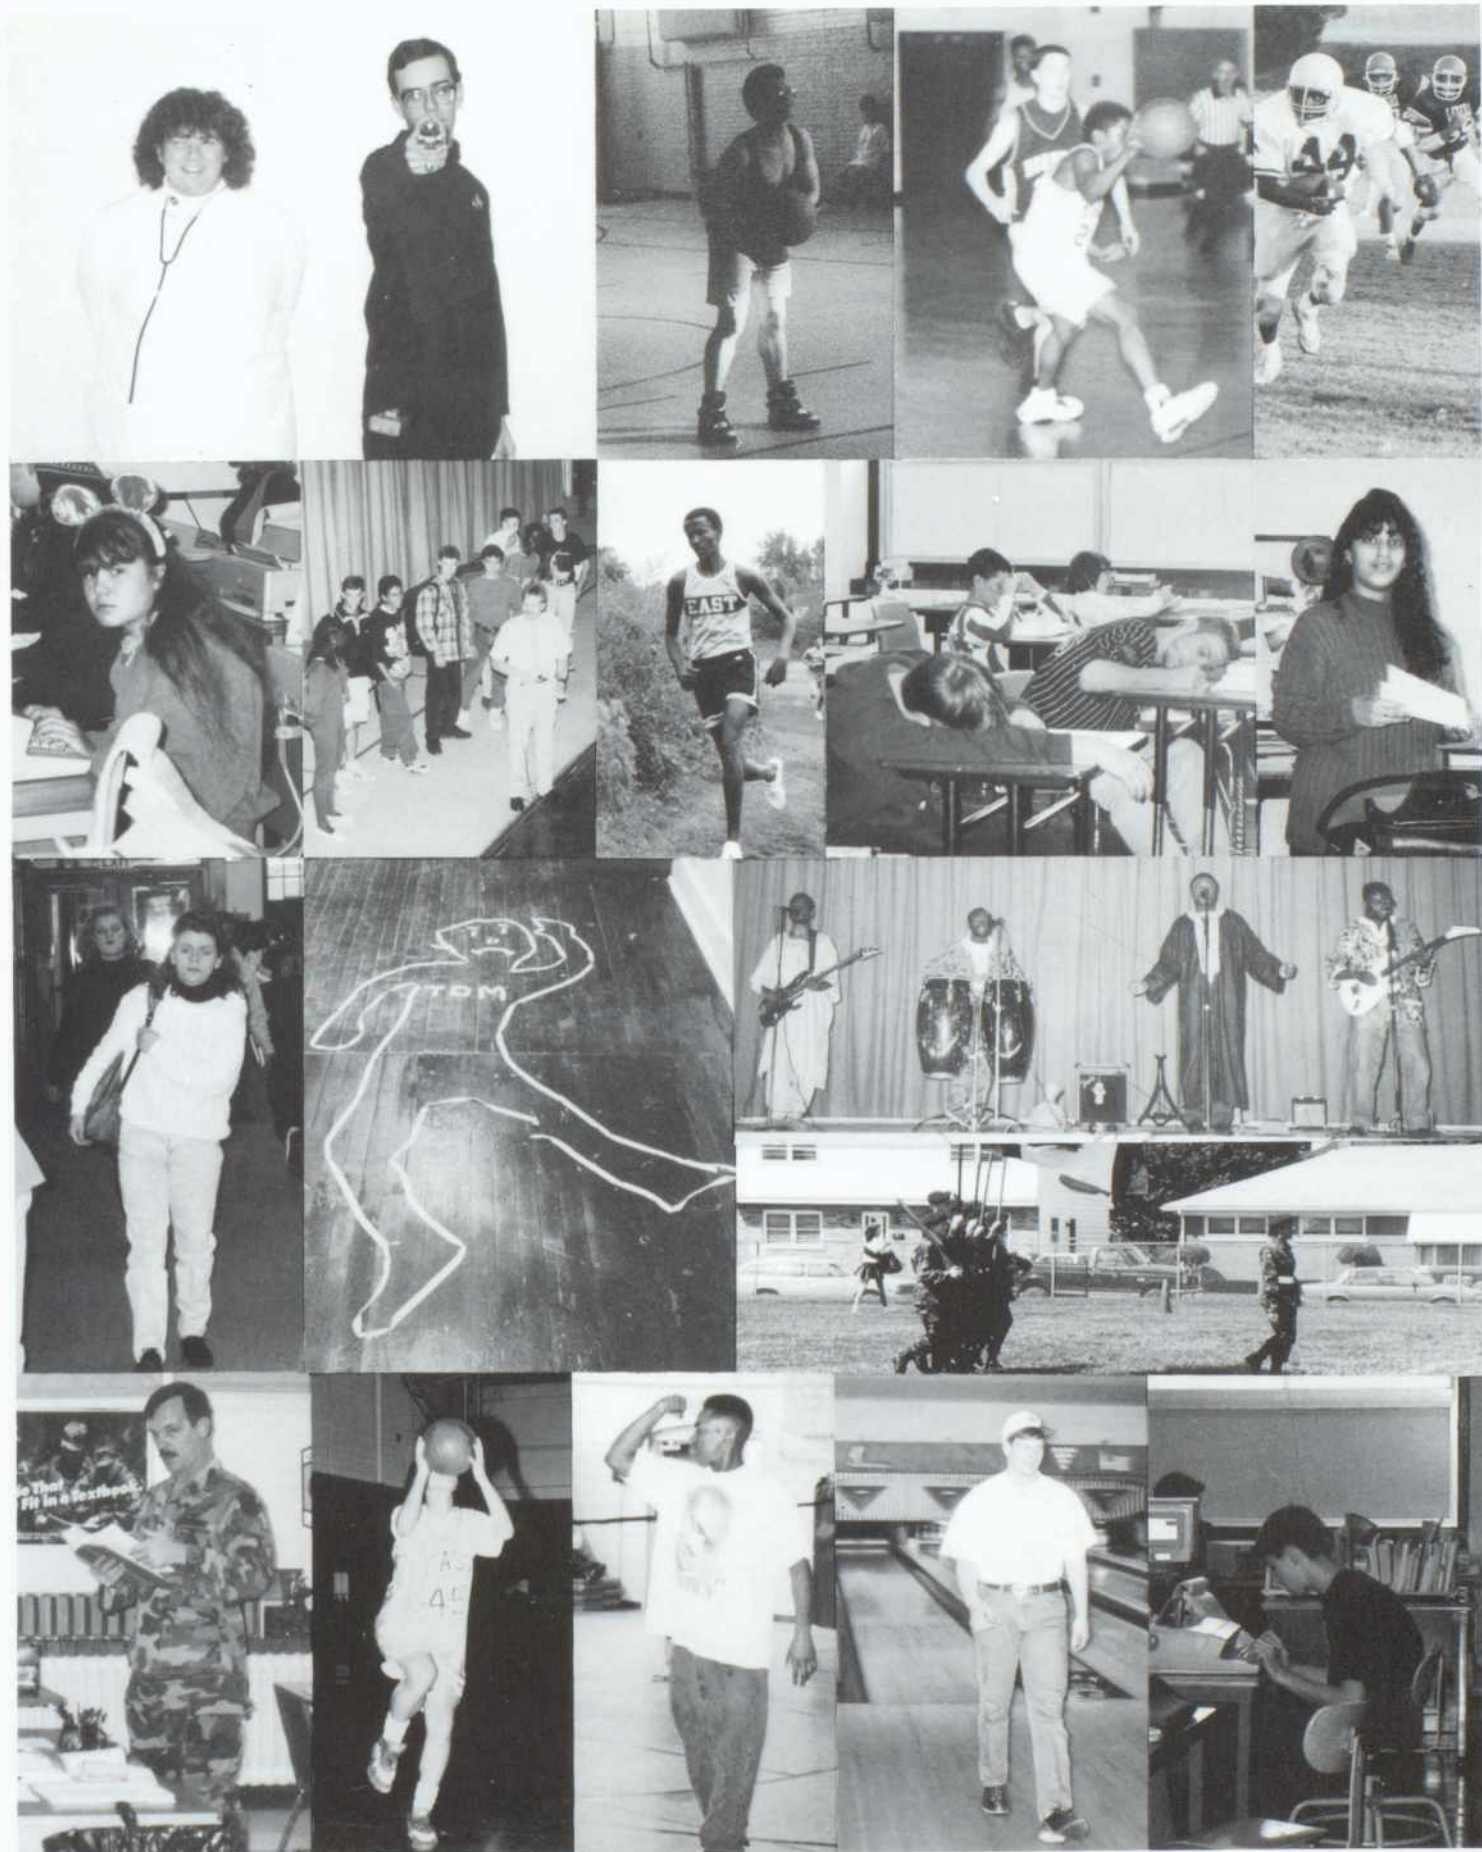

Lan Nguyen escorted by Choong Tran.

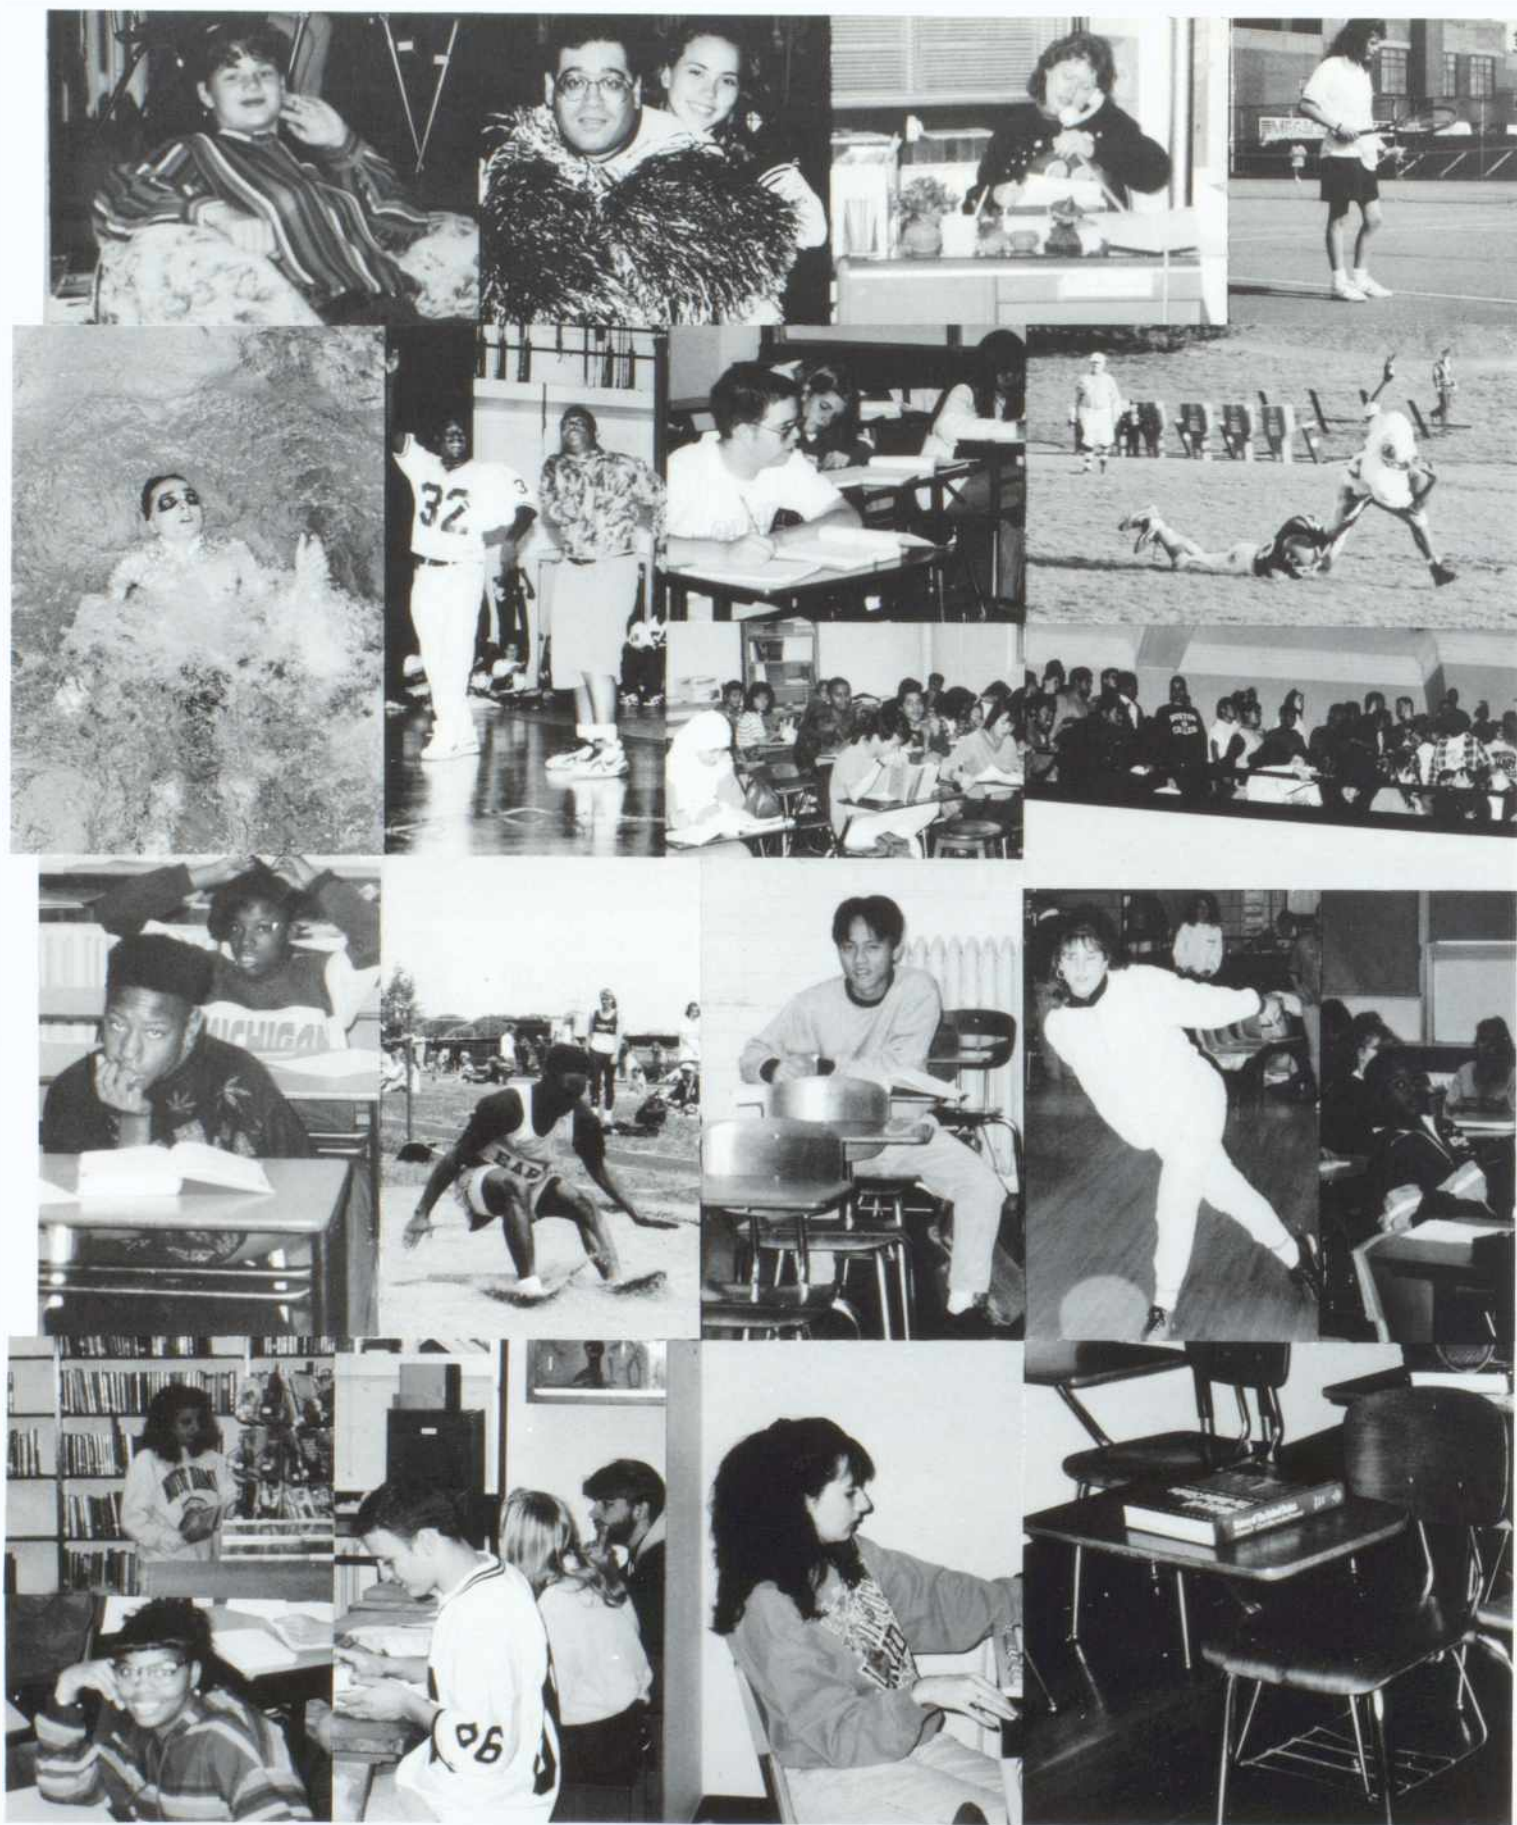

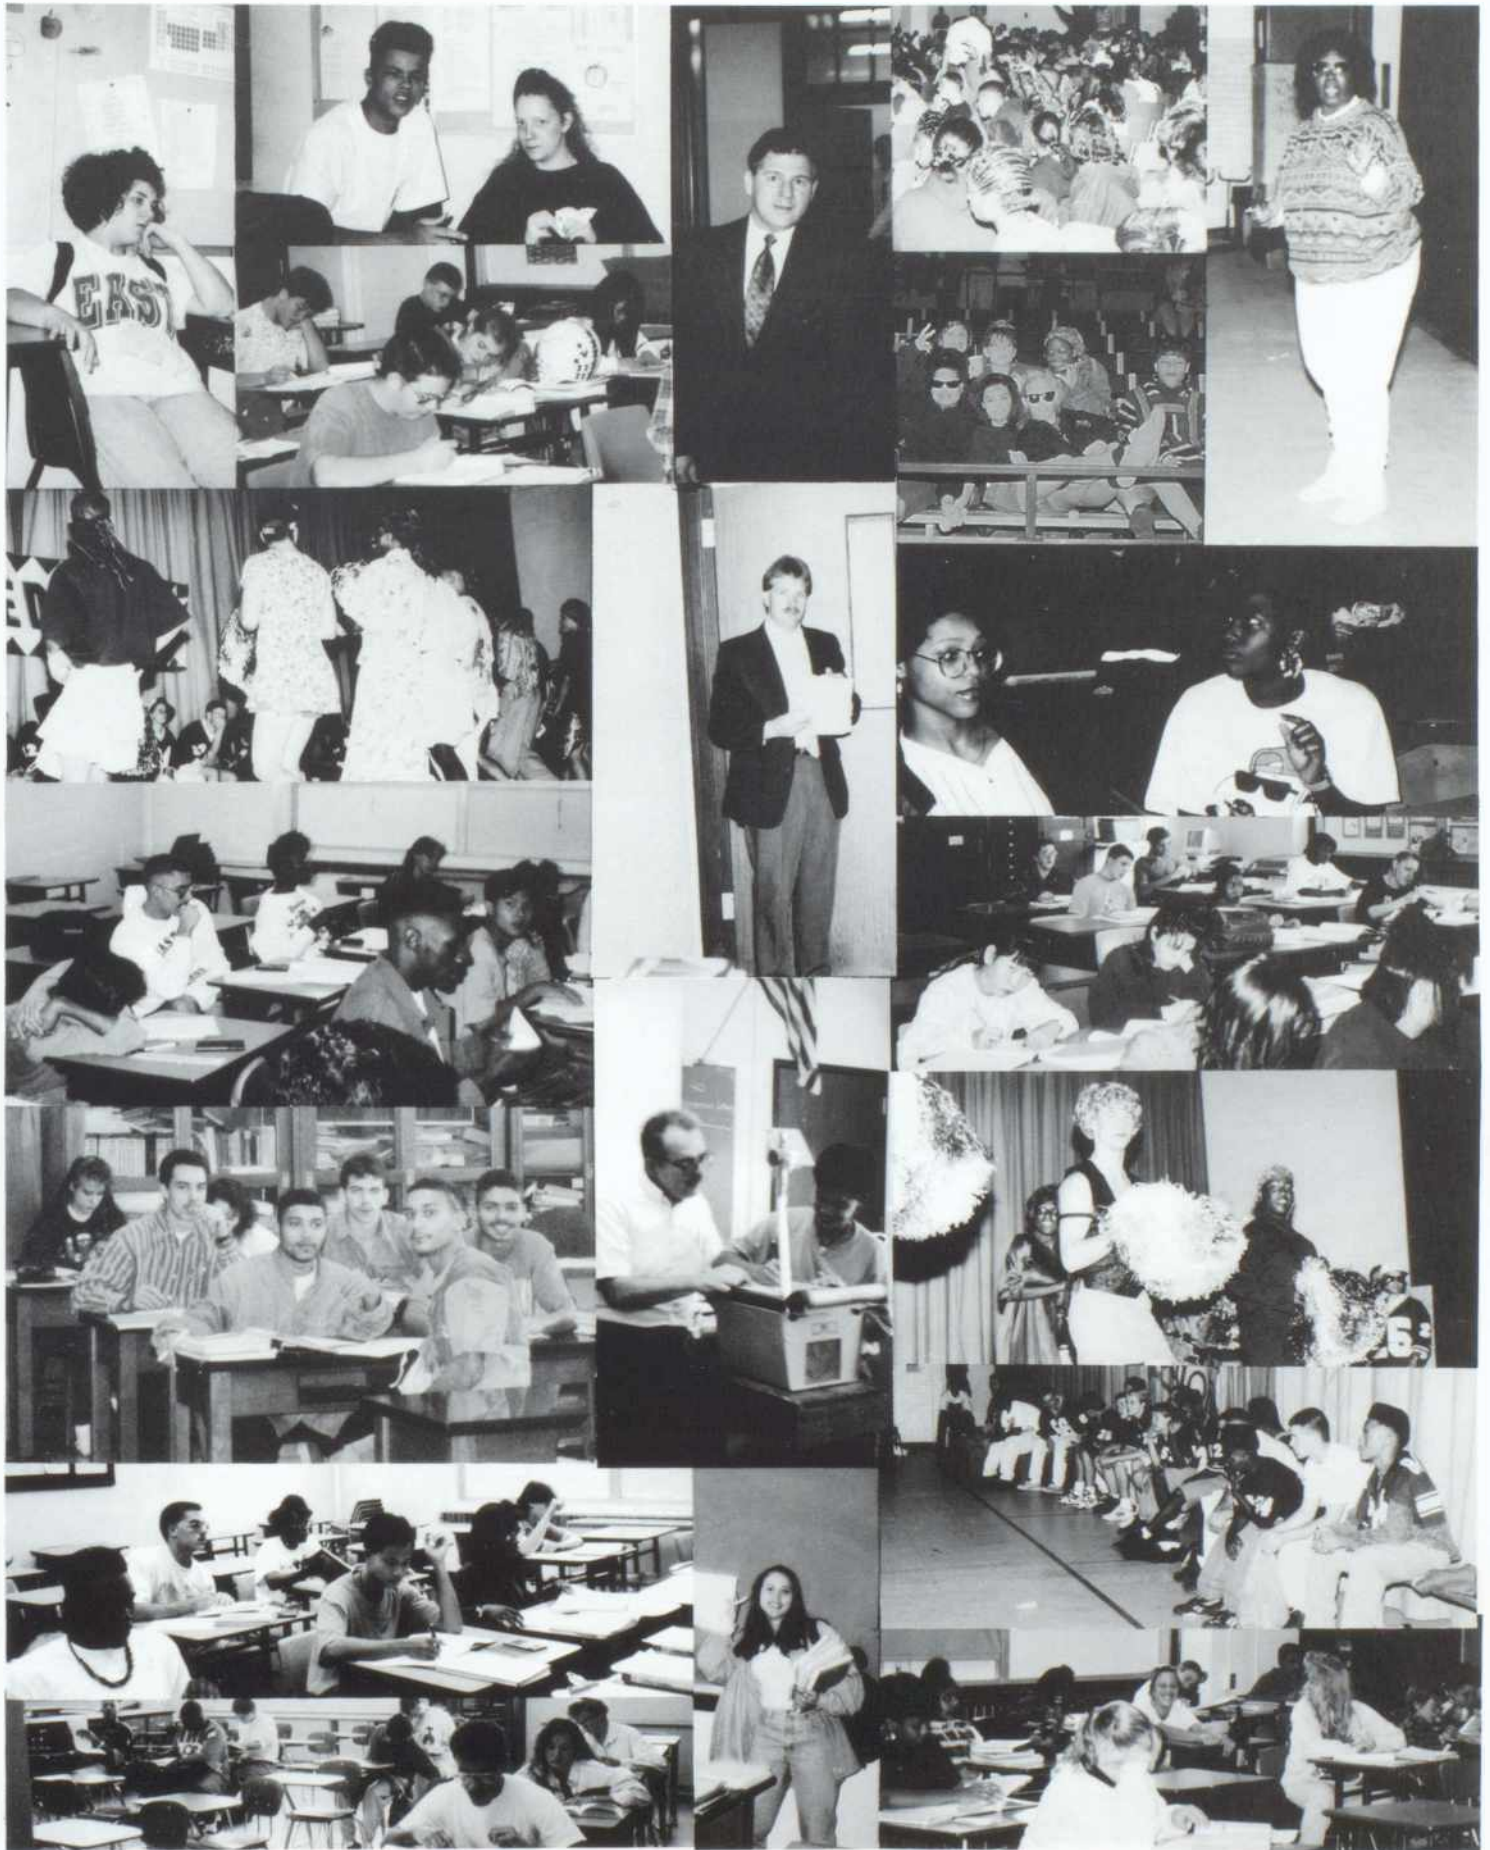

Jovieta Johnson escorted by Melvin Grady.

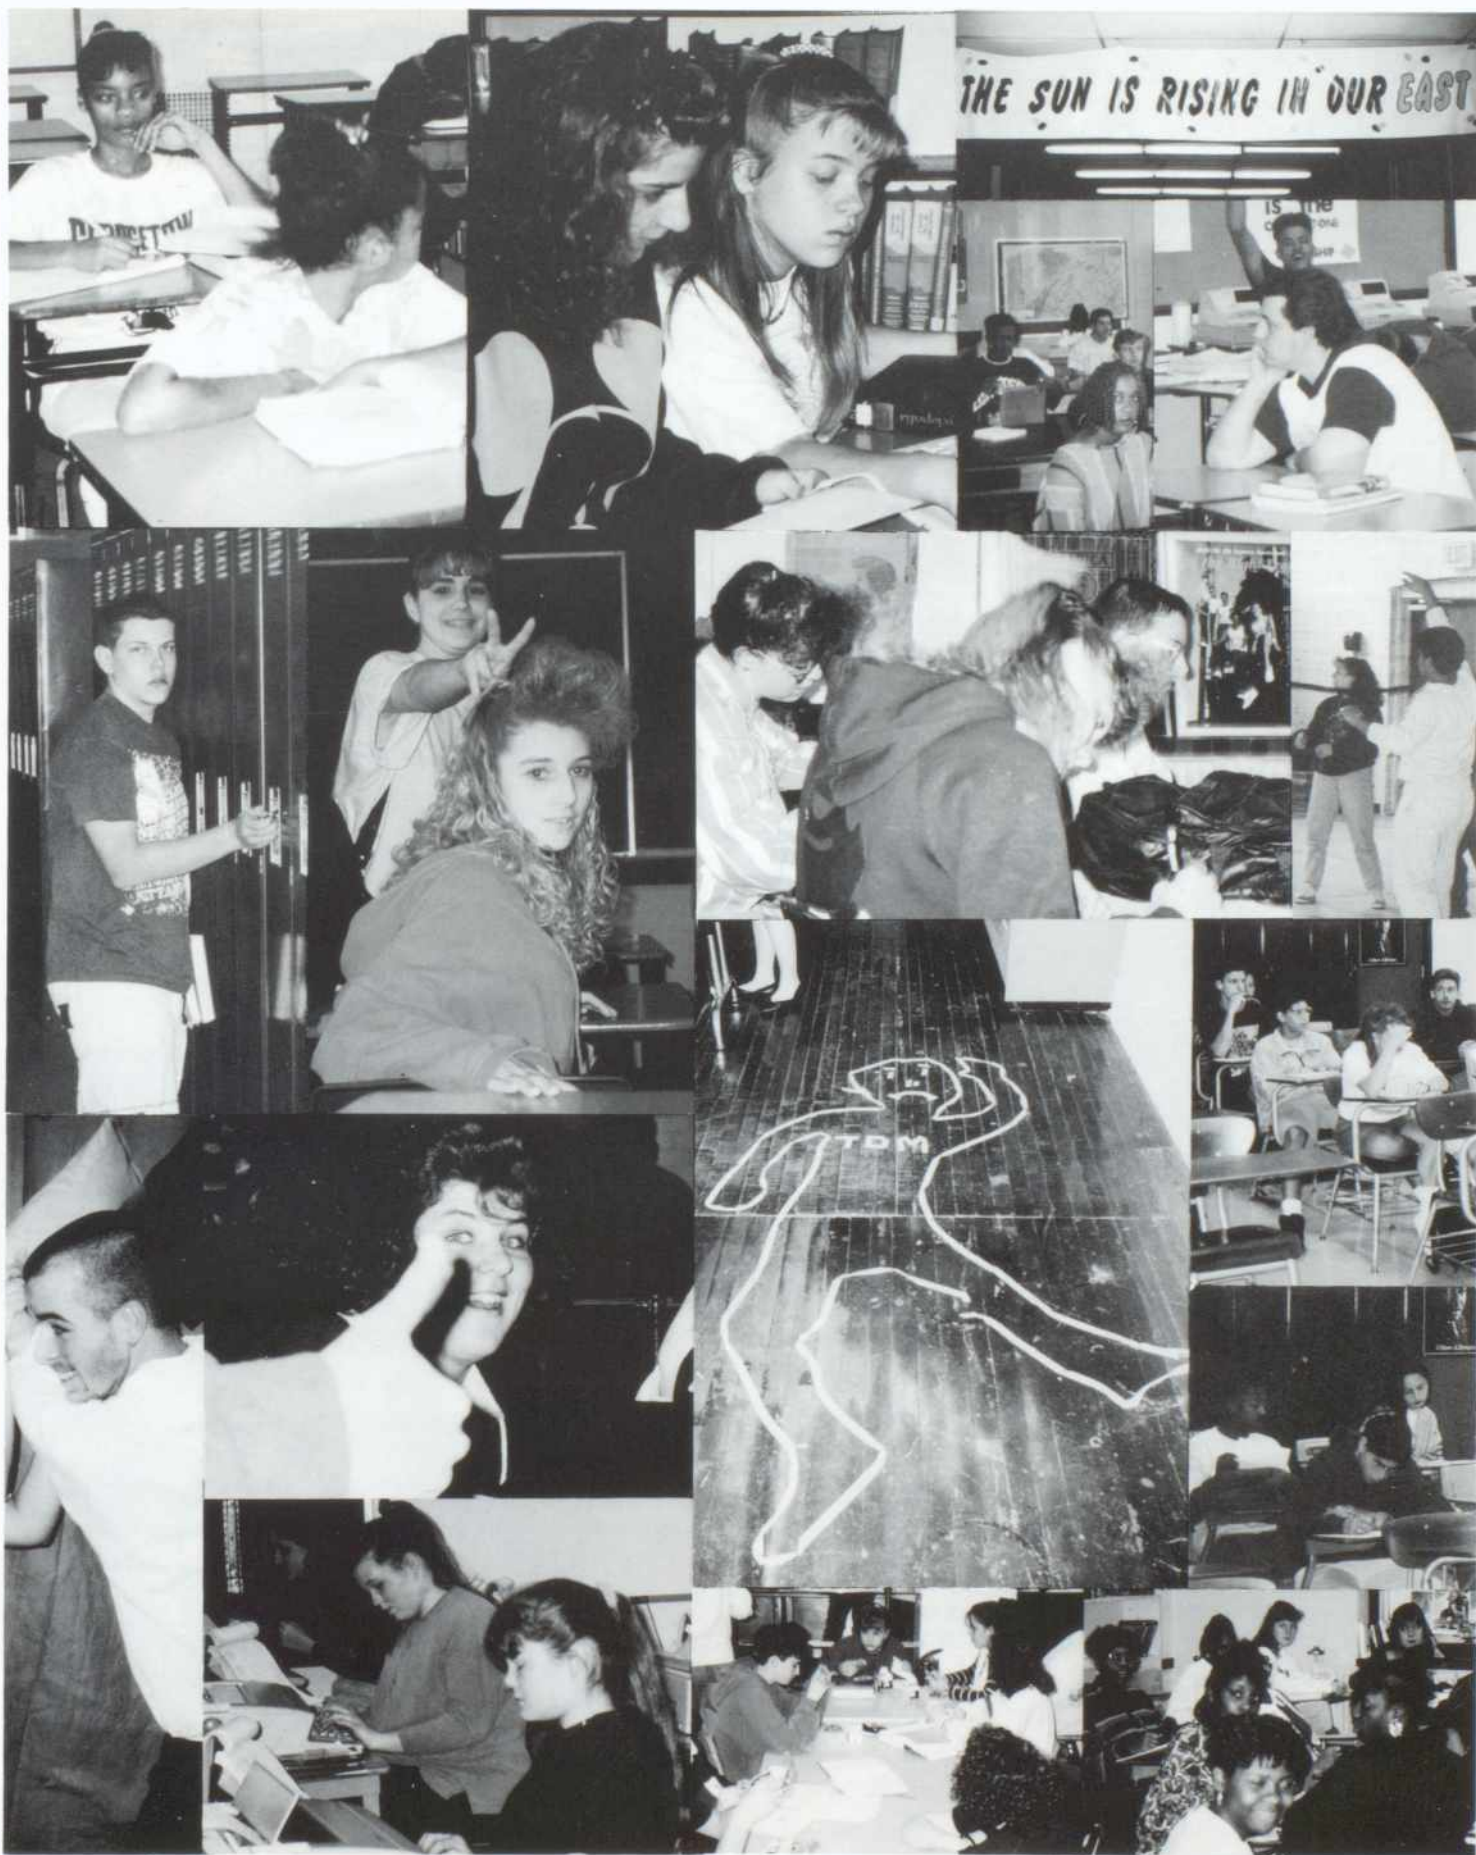

Melanie is crowned by Mrs. Jackson.

America is a great place to live.

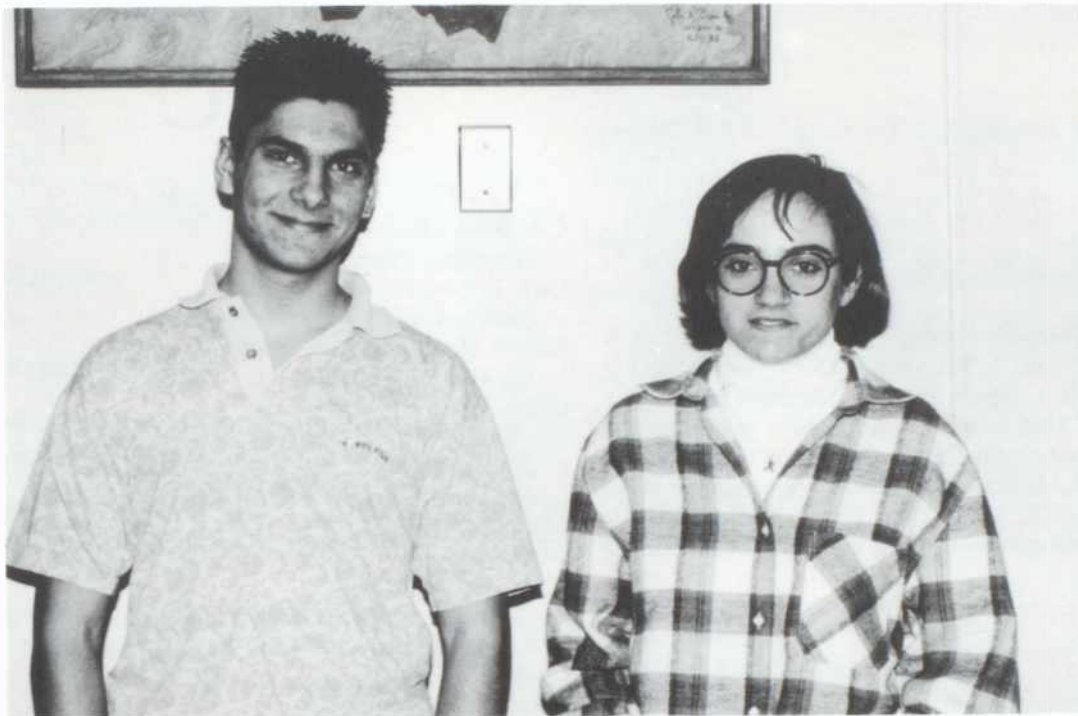

Everyone look at the camera.

The E.S.L. program is in its second year at East High. Presently, there are approximately eighty-seven students from thirteen different countries enrolled in the program. Having this curriculum at East has given the school a certain international flair. The teachers of E.S.L. are Mr. Dan Chojnacki and Mr. Mark Driscoll.

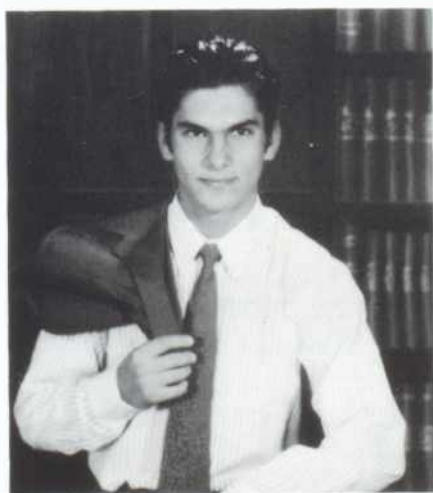

Say cheese

Foreign Exchange Students

Rico and Maria

Rico Suave

This year we were fortunate to have two outstanding foreign exchange students at East. The first student is Maria Ines Rubio San Martin. Maria is a second year foreign exchange student from the Canary Islands, Spain. Maria's home is noted for its very warm climate all year round. There the people generally eat a lot of fruits, vegetables, fish and seafood. Foods such as hamburgers, french fries and pizza are seldom part of their diet.

Maria sees a lot of difference between Americans and Spanish schools, however, she likes both of them. The hardest part about living in the United States is being away from her family and friends. However, her host family have made it easier to be away from home.

After graduation Maria will return home to Spain with hopes of attending college in her hometown. Whatever the future holds for Maria, the SUNRISE Staff wishes her the best of luck.

The second foreign exchange student is Federico Porceddu. Federico who is better known as "Rico" is from Sardinia, Italy. He has been in Erie since August 18th. Rico feels the United States is a very interesting place but far different from Italy.

He likes his host family very much and feels as though they are his own family. Rico is having a very positive experience in America and finds the people very friendly.

He likes East High and considers it a good school. Also he feels many students try to do something good which makes the school even better. Lastly, Rico says he will never forget this past year for the rest of his life. Good luck Rico and thanks for helping East be a better school.
