Religious Emphasis Week

Dr. J. Milton Rogers, '22, will be the speaker at the Alumni Banquet to be held in the dining room of the Clarke Building on Saturday, Dear Alumni:

My message this time will be brief but since I shall not enjoy this privilege much longer I do not want to miss the opportunity to thank you for the fine relationship we have enjoyed through the years.

If you could be here this week you would enjoy one major activity just getting under way, namely, razing what existed for about one hundred years - Flocks Brewery. When that is completed and graded for a parking lot our campus will be enlarged and beautified to that extent.

By the way, the contract price for razing the large building is \$15,000. The college is hoping to raise that amount at this time. Some of you no doubt will want to help. Send your check to Mr. Kenneth Himes, College Treasurer. Thank you!

Dr. Chester A. Pennington, pastor of The Church of St. Paul and St. Andrew in New York City, is our leader this week in our Religious Emphasis Week services. The response at this morning's chapel-room and gallery filled and splendid attentionwas most encouraging.

Faithfully yours,

JOHN W. LONG, President

Planning For Commencement Week End?

to make Commencement Week End

of 1955 the biggest event to be held at Lycoming for many years. We are hoping that not only the reunion classes are well represent-ed, but all the classes. However, we are continuing our plans, as in former years, by selecting class agents for the reuning classes, and they in turn will write each class member a letter urging them to be present. This year we have an additional class reuning - class of 1922. This class was the first to graduate under Dr. Long's leadergraduate under Dr. Long's leader-ship as President of the College. It is only fitting that as many as possible from this class be present for this Commencement Week End, as it is the last one under Dr. Long's leadership. Below are list-ed the reuning classes and their class agents. We have not been what the converte for class agents. We have not been able to secure class agents for those classes where a name is not listed. We invite any member of these classes to write Mr. Lykens as class agent.

Religious Emphasis Week was the center of activity on Lycoming College campus February 15-18th. The objective of Religious Empha-sis Week is to relate our personal religion to life. This is done in many ways throughout the college: in lectures, discussion groups, luncheon meetings and in classes every person is given opportunity for an expression of his religious convic-tions. Of course, Lycoming Col-lege affords this opportunity at all times, but during Religious Em-phasis Week the entire program of the campus is centered in religion. Dr. Long in his message inaugu-rating Religious Emphasis Week said, "We here at Lycoming wel-ligious Emphasis Week to explore what religion has to offer and the help it can give us in meeting life's complex situations." person is given opportunity for an

REPORT FROM MISSION

Ruth Thompson '53, our May Queen in 1953 landed in Malaya the forepart of January 1954. Ruth is a missionary under the General Board of Missions of The Methodist Church. She is living in Shellabear Hall, a boarding school for 125 Chinese and Indian girls ranging in age from five to eighteen. Ruth will have charge of the school when the present principal comes to America on furlough.

According to Ruth school life According to Kuth school hile in Malaya is much different than what we find in America. She says, "Besides attending school and doing their homework, they launder their own clothes; do their own cooking; houseclean the entire building every Friday; raise chickens, turkeys, pigs, goats, ducks, and guinea pigs; and under the direction of Virginia Bunn, who will also be returning to the States shortly, the girls built a very nice looking outdoor lighted basketball court--and now they are building their own swimming pool, and it's a big one!" We will all agree that this is quite a contrast with our conception of school life as we know here in the States.

Ruth is teaching Bible, short-and, and tpying. There are forty hand, and tpying. There are forty five in her Bible class and twenty eight in each of the others. Shorthand and typing had never been taught before so the girls are quite fascinated by the "curly-kews" of shorthand and the mechanical working of the tpewriter.

Ruth's address is Shellabear Hall, 440B Tranquerah Road, Malacca, Malaya. Some of you will want to write to her.

CLUB NOTES

We expect to meet all of our Alumni Clubs during the next few months. Plans have been made for several of the spring meetings and from all appearances some of the clubs have planned excellent programs. We will announce to you the dates and meeting places of the various clubs in the next issue of the Bulletin. If you live in an area that has not organized In a a lub to date will you get in con-tact with Mr. Lykens to arrange preliminary steps looking toward the organization of a club. One-half of the alumni of the college live in areas where clubs have been organized within the last year. This is an excellent record, interest is running high and we want to keep it moving along. If you have not attended meetings of the club in your area we invite you to make this a "must" in your schedule.
