# GOING PLACES

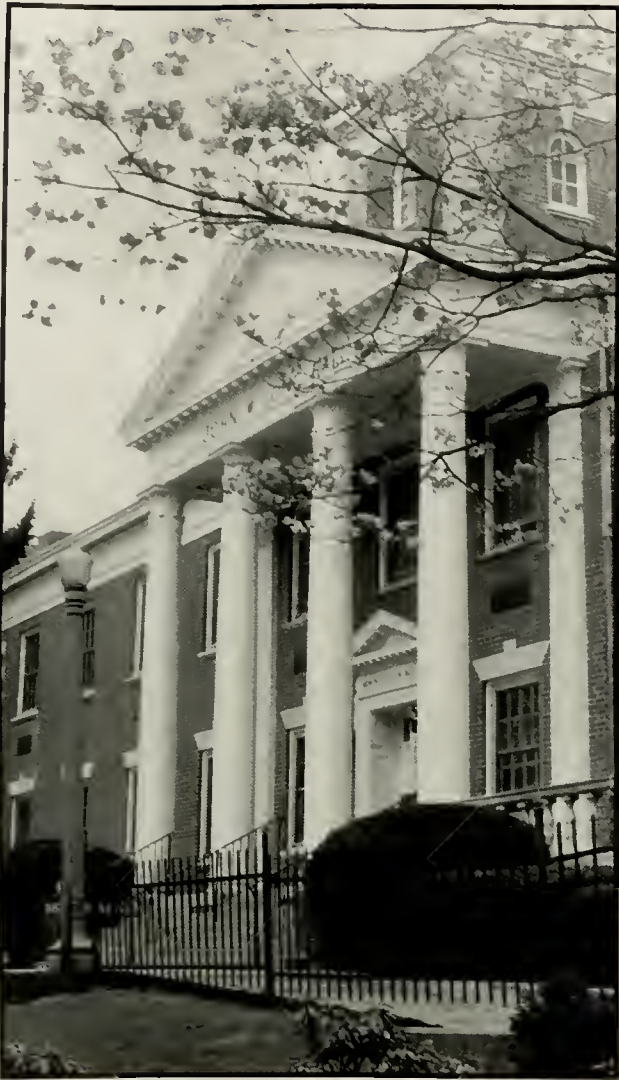

Where do you want to go?

— ARROW —  
TWO THOUSAND ONE

Since 1812, students that have attended Lycoming College have been going places. Offering 32 majors and over 60 areas of academic specialization, Lycoming College has taken students from the classrooms to journeys of success.

So, where do you want to go? Wherever your dreams will take you. But, before you go, the Arrow wants to take you through your college experiences: memories to last a lifetime.

# GOING PLACES

Where do you want to go?

# GOING PLACES

Where do you want to go?

Where do you want to go? At Lycoming College, the answer to that is of course, anywhere you want to go. The world is opened up through a small liberal arts college in North Central Pennsylvania. Learn about different cultures and disciplines through

Lycoming's distribution program. Travel to foreign countries and experience a semester of exploration or attend student conferences to build your leadership skills.

The destinations are unlimited. But after you are done exploring the world, and learning about yourself, travel back to Lycoming to

experience a school rich in pride.

Celebrate Homecoming and help Habitat for Humanity build houses in the surrounding areas. Get onto the court for some basketball. And when you've done that, graduate from Lycoming. You are off on life's big adventure. Where do you want to go?

# ACTIVITIES FAIR

Lycoming College is a very busy place. In addition to 32 academic majors, over 60 academic specializations, and 350 classes offered each semester, students have the opportunity to join and become actively involved in over 75 clubs and organizations that exist on campus. Connecting more than 1500 students with over 75 clubs and organizations is no easy job, but it is a fun job.

It is a job that happens on the first day of school each year. In

cooperation with Sodexo Dining Services, the Office of Student Programs and Leadership Development plans and implements the annual Activities Fair.

The Activities Fair is designed to bring students and organizations together so that they can connect. To bring the two together, Sodexo provides a barbecue meal on the Quad with all our favorite picnic items. The clubs and organizations setup information tables on the Quad and talk about their organization with anyone who

has an interest in becoming involved.

It is a match made in heaven. A sunny day, great picnic food, old friends catching up with each other, and new friends being introduced. Susan Jewell, Director of Student Programs and Leadership Development says, "Getting students involved in campus life is a key to their success at Lycoming. The Activities Fair is great way to start that process." Lycoming College is a busy place thanks in part to the Activities Fair.

# CAMPUS CARNIVAL

How would you like to spend Labor Day Weekend on campus? Lycoming students might surprise you with their answer. Most of them love it! The reason for their excitement is the Campus Carnival which is held each year during Labor Day Weekend.

The College is open for business on Labor Day so instead of getting depressed, Lycoming students,

faculty, and staff celebrate together. The Campus Carnival is a celebration done in grand style.

Sodexo Dining Services moves its lunch and dinner meals out on to the Quad and provides carnival food all day. Main entrees consist of fun foods such as barbecued chicken, corn on the cob, hot sausage, hamburgers, hotdogs, and more. For snacks, there were soft pretzels, ice cream, ice cones, cotton

candy, and other great carnj junk food.

All afternoon the Quad was flooded with the sounds of *Amelia's Dream*, a Fleetwood Mac style band, and the sounds of people having fun playing carnival games.

The Office of Student Programs and Leadership Development provides everyone with game tickets. Clubs and organizations run the events to raise money for their budgets. The

creativity is amazing. Along with large inflatable games such as Velcro Wall, Bungee Run, and Gladiator Joust, student organizations developed their own exciting games such as Name That Tune, Lollipop Tree, and Dart Toss to provide fun for students, faculty and staff, and their families. The Lycoming College family enjoys the Labor Day Weekend right here on campus.

# FAMILY WEEKEND

October 13 - 15 was your average beautiful fall weekend in central Pennsylvania but something was amiss at Lycoming College. Rooms mysteriously become spotless, clothes are laundered and neatly stored away, and the campus is invaded with brothers and sisters, mothers and fathers, aunts and uncles, and grandparents. All the commotion is because of Family Weekend. Every fall the College welcomes our families to enjoy the sights and sounds of Lycoming College. There are many activities to enjoy. The weekend was jam-packed with activities and events designed to entertain and educate young and old. Students and their families could

enjoy several art shows and exhibits in the Snowden Library Gallery or watch the Women's Soccer Team or the Warrior Football Team crush their opponents at Person Field. The Choir performed in the Chapel and *Something's Afoot*, a musical version of Agatha Christie's classic mystery, *Ten Little Indians*, was performed in the Arena Theatre. Families left campus to enjoy the fall foliage on the Hiawatha River Boat, shop in town, or go out to a nice dinner. Evening entertainment brought to campus *The Locust Street Classic Jazz*, the movie *Chicken Run* and on the big stage, *The Jim Show*, which compiled feats of skill with sharp wit and humor to amaze and amuse the audience.

# Homecoming

## The Best Weekend on Campus?

Homecoming is not the best weekend on campus, it is the best week on campus. Over the years, the Homecoming celebration has grown from 2 days, Friday and Saturday to an entire week. Exciting activities are planned nightly throughout the week leading up to the big weekend festivities. The students get pumped up for Homecoming by taking part

in Jell-O Wrestling, Food Eating Contests, Volleyball Tournaments, Powder Puff Football, and the Mr./Ms. Lyco Contest in which men and women dress as the opposite sex and have a beauty pageant.

All this is a build up for the main event. Homecoming Weekend is a special time for alumni to enjoy their College together. The weekend starts off with the bonfire on Friday night.

Saturday begins with the Homecoming Parade that moves the crowd to Person Field to watch the Warrior Football Team crush Albright, 33-9. The evening is the time to get wild with a party on the Quad for alumni and students and the fraternities and sororities hosting their returning alumni. No, Homecoming is not the best weekend on campus, it is the best week!

# United Campus Ministry

## Love is Our Sole Responsibility

United Campus Ministries is a student-led Christian organization advised by Rev. J Marco Hunsberger and Sister Catherine Ann Gilvary IHM. United Campus Ministries provides entertainment and activities throughout the school year. Much energy is around Faith, Fun, Food, and Fellowship.

The spiritual life of the Lycoming Community is the centerpiece of all the activities generated at UCM. Retreats, Devotions, Bible Study, Prayer Groups, etc. are a springboard for small groups to share faith. The Community Service Center is housed in the United Campus Ministries. Faith in action is the hallmark of people of faith gathered with a mission for outreach to others.

# Study Abroad

## A World of Experience

Students from Lycoming College that have studied abroad have done so for a variety of reasons. It might be that they are interested in learning a language, to investigate another culture, or to have a new adventure.

"I chose Madrid because I am a Spanish major. Studying abroad was the best thing that I have ever done for myself. It taught me more things about life and myself that I never could have believed," said senior Jessica Curry.

However, no matter what the initial purpose was, there is one thing all study abroad participants can agree on. They came back with a larger view of the world and a better idea of their place within it.

"I learned so much about a completely different culture, as well as myself. I was rather surprised about the amount of information that I learned about myself," said junior Robin Bixler.

# EVE 6 Shares Bill With Our Lady

## CAB Concert Rocks the Lamade Gymnasium

Co-headliners EVE 6 and Our Lady Peace stormed the Lamade Gymnasium at Lycoming College on March 15. The show with opening act VAST rocked on for over three hours into the early morning hours. The headliners made Lycoming College part of their extensive Post-Valentine's Day headline club tour. EVE 6 was promoting its self titled platinum record released in 1998. They scored big hits with "Inside Out," "Leech," and a top 5 hit, "Promise". Our Lady Peace started out in 1993 and won numerous awards. The band had a top ten hit "Starseed" on its first album and its second album released in 1997 went platinum with top hits "Superman's Dead" and "Clumsy".

The audience saw a great show but what they didn't see was all the hard work and effort that the CAB Concert Committee put into arranging the event. Eight CAB Concert Chairpersons directed the efforts of 115 student workers to produce the show. Staging and lights were erected, hospitality details were attended to, transportation was arranged, security was needed and tear down and clean up took until the early hours of Friday morning. It was a great event and a great effort by the CAB Concert Committee.

# GOING PLACES

## and Getting Involved

Getting involved in one or more of the 75 clubs and organizations at Lycoming may sound overwhelming when combined with a rigorous academic schedule. Susan Jewell, Director of Student Programs and Leadership Development and her staff would tell you that involvement in clubs and organizations is a key to

success at Lycoming.

The thoughts of the Student Program staff are echoed by students from many clubs and organizations. Choir member Emily Mingle talks of the friendships she has made, "Members of the Choir care about more than just music, they care about the people." Shauna McQuillen, feels that getting involved enhanced

her learning experience. "Being a Resident Advisor was one of the best learning experiences of my college career." Melissa Wennberg, Vice President of Circle K feels connected through her involvement. "We form bonds with the club and the community." Getting involved in clubs or organizations is a great way to Go Places at Lycoming College.

The year has begun. Ideas have been brainstormed. Our mission is complete. Here we come: knocking down barriers and kicking down walls. Encourage, empower, and succeed! We, the Student Senate of Lycoming College, have left a dent! The Student Senate of Lycoming College is the official student governing body of the College. Student Senate is the final, legitimate, and representative voice of the students that it serves. Student grievances, needs, and desires should be taken to the Student Senate to be effectively communicated with administration. Our philosophy expresses that a student's education at Lycoming College should focus on the total development of the student. Extra-curricular programs, activities, and events are essential to students' intellectual growth and personal development. Just as the classroom experience provides a forum for new thoughts, ideas, and opinions, so does the extra-curricular program through exposure to educational and social programs, student leadership, and volunteer service activities. Students' involvement in the governance of the College as well as the various clubs and organizations is essential to enhancing the quality of student life.

Under the electrifying leadership ability of Shauna McQuillen, the Student Senate of Lycoming College began the academic year off to a strong start. The theme of the year became "students can make a difference." Several tasks the Student Senate has accomplished include: Increased SSLC membership by 15%, provided Homecoming festivities, informed the administration of the student need for a technology fee, began the plans for a 24-hour computer lab, solicited a 50% increase in Flex Dollars, repaired student desks in the Academic Center, solicited the improvement of the Freshman Parking Lot on 4<sup>th</sup> Street, informed the Athletic Department of the poor condition of the equipment, which has since been replaced, provided the Rose Pfaff Scholarship to a qualified student, and the list continues. The bottom line is that Student Senate accomplishes what it sets forth. Involvement is key! Lycoming College's Student Senate is a group of dedicated leaders and motivators from our campus community. The Student Senate should be commended for a successful year.

# Juniors Stick To Tradition

Above: Junior class officers Nicholas Troutman (Vice President), John Curry (Treasurer), and Jennifer Gross (Secretary) pose together after a Student Senate meeting. Missing from the photograph is Phil Zimmerman (President).

The Junior Class concentrated on keeping traditions. The class of 2002 sponsored the annual Jell-O wrestling event for Homecoming and it proved once again to be one of the most successful events on campus.

"It takes a lot of work to get the Jell-O wrestling event together, but we've been doing it for the last 3 years, and it proves to be a great time," said Junior Class Secretary Jennifer Gross.

Other events the class sponsored were finals study breaks, springtime cookouts, and fund-raisers. Also, the class contributed time and money to several charitable organizations.

Last year, the officers started another tradition of going to New York City to see a show or live taping of a television program. This year the class sponsored a trip to see Comedy Central's "The Daily Show with Jon Stewart." Over forty students went to see it.

"The trips our class sponsors to New York City are a great time. We do it because it's something different that many students may not ever have a chance to do," said Junior Class President Phil Zimmerman.

# Super Sophomores Show Power

This year's Sophomore Class was full of fresh ideas and elected all new officers.

The class officers had several accomplishments such as sponsoring a powderpuff football match, winning best float at Homecoming with the "Super Sophomore" theme, and sponsoring an open microphone night.

The sophomore class concentrated not only on campus events, but community efforts as well. They raised more than \$200 for the United Way, volunteered for Habitat's 5 K Fun Run, and organized the El Salvador project, a campus-wide event to raise money for the damaged homes in that area.

"It's really great working with our officers this year. I think we accomplished so much especially it being our first year as officers. We all get along so well!" said sophomore president Tricia O'Connor.

Above: "Super Sophomore" class officers Gretchen Hause (Secretary), Heather Majewski (Vice President), Julie Taylor (Treasurer), and Tricia O'Connor (President) leap into victory after winning the best float award at this year's Homecoming Parade.

# Freshmen Work Together

Above: Freshmen officers Kelly Miller (Treasurer), Christine Colella (President), Christina Nestlerode (Vice President), and Kim Jones (Secretary) smile together after getting sworn in as new officers.

The Freshmen Class officers had an interesting year and adjusted very well to the commitments of being first-year officers.

The officers decided to concentrate on getting involved with school events and trying to get others involved on campus. They sponsored a volleyball event for Homecoming, donated money to the United Way and the El Salvador project, and coordinated such large campus-wide events as the Hand-in-Hand project.

The Hand-in-Hand project was a new event that the class sponsored in the spring, in which mentally and physically handicapped people from the area came to have a day of fun and activities. The officers asked several organizations to help donate money or time to the event and the project proved to be a great success.

# Lyco Cheerleading: Reaching New Heights

**F**rom backflips to basket tosses, the Lycoming Cheerleading squad entertains the Warrior fans in the air more than on ground. Under the coaching of Vikky Smithkors, this year-round organization radiates with school spirit and team unity not only during football season, but basketball as well. For the past few years, the team has sparked such interest in Lyco students, it has been able to fill all of its uniforms, and the co-ed fall squad proved that with an impressive 21 members. The squad arrives on campus in early August for camp and

plays a huge part in maintaining blue and gold tradition with participation in Homecoming, pep-rallies, fundraisers, and parades. In fact, this year cheerleading was approved to receive gym credit for full participation in either the fall or spring seasons! Upon keeping difficult series of extensions and outrageous 2-3 man-high mounts, the team added seven new girls to the squad for basketball season. The squads goal is to maintain their crowd "awing" ability as they keep expanding and growing stronger. This team is taking off and reaching new heights!

# Tour Choir

## Harmonizes the South

The Lycoming College Tour Choir spent Spring Break harmonizing down South. The 40 voice Tour Choir is selected through auditions from the 120 voice full choir. The Tour Choir has been widely recognized as one of the "finest college musical groups in the East." Since the choir began in 1947, choral performances have been given in every state east of the Mississippi River. This spring semester, the choir performed two weekend tours in New Jersey and Northern Pennsylvania. Spring Break greeted the choir with blissful sun in North and South Carolina and Georgia. Tour Choir members spent free time in Charleston, South Carolina. Many members took carriage rides through the historic city and took in the scenery. Others enjoyed shopping in the luxurious market square for souvenirs for friends and family members. As always, the Tour Choir spent a memorable time together over Spring Break and many tears were shed at the end of the tour.

# Choir Provides Listening Ears with Melodies

One hundred and ten voices produce one collaborative melody and form the Lycoming College Choir. Walter McIver founded the choir in 1947. Since the choir's inception, each concert ends with Peter Lutkin's "Benediction." Dr. Fred Thayer conducts the 110 voices and reveals his love of music through the choir. This year the full choir toured to Lawrenceville, PA and performed at, choir member, Josh Diehl's hometown church. Also, the choir performed two concerts in the local Williamsport area, First United Methodist Church and Annunciation Church. Funding for these concerts results in numerous choir activities and fundraisers. The choir solicited for the annual "Fall Games," which is a fundraiser that satisfies all personalities in the choir. Members formed teams and participated in varying events. These events included: word games, a scavenger hunt, skits, and volleyball games. All involved enjoyed participation in this fundraiser and members valued the quality time spent together as a group. With the help of Molly Costello, the choir reinvented the historic "Singing Valentines". Local radio, newspaper, and Internet advertisements generated publicity for these Valentines.

"I met lots of people this year in many different places, but the best friends I made were members of the choir. The members of the choir care about more than just the music... they care about the people."

The Lycoming College Chamber Choir consists of 24 members. These members are selected through auditions during their senior year of high school, upon entering Lycoming College. Chamber Choir is treated like a professional choir, with scholarships awarded. Chamber Choir began the school year early with a music festival in Rob Korsan's hometown, Chamber Choir member. Every year the Chamber Choir holds an open rehearsal for alumni during Homecoming festivities. The choir focuses on a diversified repertoire. This year Chamber Choir tackled major works such as, *Totus Tuus* by Henryk Gorecki, *In the Beginning* by Aaron Copland, and *Rejoice in the Lamb* by Benjamin Britten. These pieces were among the most difficult musical material performed by the choir under Dr. Fred Thayer.

# Community Circles

## Circle K Helps Make a Difference

As the collegiate level of the Kiwanis Club, Circle K is devoted to doing work to help people in the community. Through numerous service projects, this organization hopes to develop student leaders, create and strengthen friendships, and ultimately make a difference in the lives of others. Circle K is always striving to increase the areas in the community they can reach, and to increase the

number of service projects and service hours they put in. Students so devoted to reaching the community set an excellent example for other students to follow. The students involved in this organization have succeeded in forming close friendships. Working together on such service projects helps to bring people together, and the relationships that have been formed in Lycoming College's branch of Circle K illustrate this well. The students of Lycoming College work well together through this organization to make a difference.

"We form bonds with the club and the community, which is one of our main goals."

The students involved in this organization work hard in the community. According to Anna Kossman, Secretary of Circle K, "Helping others without expecting anything in return makes me feel good about myself." The members of Circle K *should* feel good. They have been involved in many events and service projects this year. Some of the most important community service events on Lycoming College's campus this year have been sponsored by Lycoming College's branch of Circle K. Examples of these events include the Fall and Spring Semester Blood Drives, Candy Grams for students to send each other, Child ID Day, and the Campus Carnival. The Fall and Spring Blood Drives provide a chance for all of the students at Lycoming College to come

together to donate their much-needed blood to the American Red Cross. A lot of students came out to support this effort that was organized by Circle K. Child ID Day offered a chance for families to have their children's fingerprints and pictures taken, so as to have more recent identifications of them. Students had the opportunity to buy and send Candy Grams to other students through Circle K. The Candy Grams were sold in the cafeteria during meals, and also from door to door in the residence halls. Projects such as these have shown Circle K's interest in the Lycoming College community as well as the community outside the College.

Aside from hanging out with their Littles, BB/BS members also volunteer at the Little League World Series, Bowl for Kid's Sake, and holiday parties. "This year we had a really successful Christmas Party. The gifts from Santa, donated food from local businesses, and wonderful

volunteers really made it merry," said Andrea McDonough, President and Big Sister. The year ended on a high note with a hoppin' Easter party in the East Hall Coffeeshouse with special visitor, the Easter Bunny (played by Michelle Gauger Acting Assistant Director of Student Programs). TKE brothers led the children in a few games of musical chairs, the Hokey Pokey, and an Easter Egg Hunt. Thanks to the generous volunteers who took a little time, the Big Brothers/Big Sisters organization made a big difference this year.

# Creative Arts Society

The Creative Arts Society was started in 1995 by Professor Roger Shipley. The purpose of the CAS is to raise awareness of the arts on campus as well as in the community.

They do this through different events and community service. Some of the events that the CAS has

done this year is a Flat Painting Party where they have wall size canvases that anyone can come and paint anything. About 20 people showed up for this year's event. The CAS also has a

Gallery every semester for the whole campus where anyone can submit anything. It goes for two nights and there is usually about 50 visitors overall. The CAS also has fund-raisers; the

most recent one was the Faculty Chalk Drawing Contest. Chalk drawings of faculty were placed on

the sidewalks and students voted for their favorite likeness by giving a monetary donation. The proceeds went to help earthquake victims in El Salvador.

"Our overall goal is to make campus life more enjoyable and creative!"

# Lycoming's Wild Side

The Wilderness Club takes advantage of Lycoming's beautiful surroundings. It offers members the opportunity to enjoy challenge and adventure while meeting new people. This year, the club did a lot of serious hiking and orienteering. "After getting lost once, we discovered the thrill of orienteering. Now we make it a point to get lost on purpose. We go deep into the woods and try to find our way out using a compass and our memory," says President Greg Care. Care reports that while hiking, club members often shout "We're not lost, we're just adventurers!" Other activities for Lyco's wild adventurers this year included wall climbing, paint ball, and the highlight, a whitewater rafting trip. The Wilderness Club hopes to keep exploring Lycoming's surroundings in the future, and to continue to lose themselves in nature.

# CAB - The Big Wheels On Campus

Look out for that CAB! - SCREECH! This year Lycoming's Campus Activities Board proved to be the "Big Wheels" on campus. CAB provides numerous activities and various forms of free entertainment for students, faculty, and staff. CAB literally "Ran You Over" every week with its countless forms of entertainment. The musical groups V.A.S.T, Eve 6, and Our Lady Peace raised the roof of Lycoming's Lamade Gymnasium with their smashing performances that left the crowd chanting for more. Hypnotist Keith Karkut oohed and awed his audience by hypnotizing students to believe they were famous rock stars playing air guitars and singing. Comedienne Vanessa Hollingshead, and the Bucknell Improv Comedy Group managed to tickle students funny bones, leaving them rolling in the aisles. Other smashing activities and events included a fall and spring formal at the historical Genetti Hotel and a new hit campus movie every weekend. Without the Campus Activities Board and the role they play on Lycoming's Campus, college life would be as boring as riding a Yellow School Bus.

# First Lycoming Outreach And Tutoring

## Keeping Kids aFLOAT

TUTORING, The Only Thing Missing is "U"

FLOAT is a program dedicated to helping kids keep their heads above water. College students help to tutor and further the education of the children of Williamsport. Lycoming College students tutor fifth graders at the Pine Street School every Wednesday afternoon. Each tutor is paired with a child, and is committed to coming and helping that child every week with their homework. Once the homework is finished, there is activity time every week where the tutor and child do an activity. There are different kinds of activities the tutors can do with the children, such as play games or make crafts. The number of tutors involved this year has doubled since last year, and FLOAT is on its way to becoming an official student organization. The students put together a talent show at the end of March, and there are other events such as a dinner held at the church for the tutors and an "all activities day" for the kids. The "all activities day" is a day when the tutors and kids get to do activities the whole time instead of working on homework.

# Celebrate Women, End the Violence

## Women's Forum

The Women's Forum is a group on campus that promotes the empowerment of women. The group meets once a week to discuss ideas, thoughts, and experiences that they have about how to improve women's lives in our culture. The recently established group sponsored a day dedicated to women called V-Day. They handed out homemade cookies and tried to make the campus aware of important issues many women face today. This year the group also took a field trip to Bucknell University to see a play by Eve Ensler called the Vagina

Monologues. The wide varieties of monologues are about being a woman and the different issues they have faced. It was designed to help stop the violence against women. It is an effective play put on in various locations around the country. Members of the women's forum plan on getting the Vagina Monologues at Lycoming next year. Another development the group is working on is the idea of a women's center on campus. The women's forum is a good way to educate yourself as a woman or man on the issues women face today.

V-Day is an organized response against violence towards women.

V-Day is a vision: We see a world where women live safely and freely.

V-Day is a demand: Rape, incest, battery, and genital mutilation must end now.

V-Day is a spirit: We believe women should spend their lives creating and thriving rather than surviving or recovering from the terrible atrocities.

V-Day is a catalyst: By raising money and consciousness, it will unify and strengthen existing anti-violence efforts. Triggering far-reaching awareness, it will lay the groundwork for new educational, protective, and legislative endeavors throughout the world.

V-Day is a process: We will work as long as it takes. We will not stop until the violence stops.

V-Day is a day. We proclaim Valentine's Day as V-Day, to celebrate women and end the violence.

V-Day is a fierce, wild, unstoppable movement and community. Join Us!

"Amidst the struggles, women are making advancements in the world, making them an ever-present force. Hopefully, at Lycoming College we can provide both women and men with the understanding that we have the ability to make changes happen."

Lindsay Repko

# Not just *playing* around...

## Lycoming College Theatre Department

The Theatre Department at Lycoming College works very hard. They often go far beyond the school's requirement to put on two plays per semester. As theatre chairperson Robert Falk states, "We're always doing plays, we're always performing, and we're always rehearsing."

The department put on four well-received full-length plays this academic

**"We're always doing plays, we're always performing and we're always rehearsing."**

-Robert Falk, Theatre Chairperson

year. They produced two plays in the fall: *Something's Afoot*, a musical mystery, *The Country Club*, dealing with the lives and activities of country club members. There were three major plays in the spring semester: *Fortinbras*, a modern comedy that continues where Shakespeare's *Hamlet* left off, *A Thousand Cranes*, about a sick girl who tries to fold a thousand paper cranes, and *A View From the Bridge*, about the relationship between a dock worker and his family in 1950's New York City. Students also contributed by putting on several one-acts (shortened plays).

The plays featured members of Lycoming College's theatre honor society, Alpha Psi Omega, as well as many other students just starting in the theatre world. Actor Matt Zarzyczny stated, "My experience with acting in *A View From the Bridge* helped to give me theatre experience and to hone my acting skills."

91.7 FM WRLC

# Lycoming College Radio

**W**RRLC 91.7 FM of Lycoming County kicks it live all year long with rock, classic rock, rap, R&B, alternative, and punk. WRLC entertains the students and community with music and sports broadcasting. The radio station broadcasts at 768 watts at 91.7 MhZ. It is completely run by students with student DJs and community volunteer DJs.

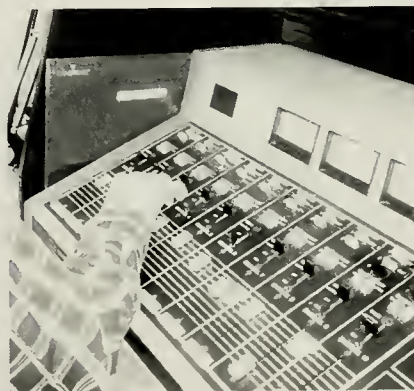

This year WRLC promoted the Red Cross Bloodmobile by announcing the goals and how many pints of blood they had collected. DJs entertained prospective students at Accepted Students Day by playing background music and taking requests. On Ben Crever Day, WRLC hosted the band "Rain" to play in front of Williams

Hall for an hour. We had lots of fun standing outside in the cold drinking hot chocolate and listening to the band composed of four Lycoming College students. Three executive staff members got to travel to New York City to attend the Intercollegiate Broadcasting System Convention. We attended meetings during the day and then at night ran around New York City.

WRLC is composed of nearly 50 student DJs from all different academic backgrounds. Programming is unique to each DJ. Each month two DJs were chosen as DJs of the month and were awarded a small prize for that honor. WRLC has been on the air for 25 years and hopes to stay on for another 25 years.

# United They Stand

## GLOBAL..United at Lycoming

GLOBAL is penetrating and opening minds on the campus of Lycoming College. It is an acronym which stands for; Gays, Lesbians, Or, Bisexuals, and Allies, at Lycoming. The purpose of GLOBAL is to provide a safe place for the diverse population of students at Lycoming College.

GLOBAL has sponsored Respect Day in October, to educate the student

body on homophobia and break down stereotypes. GLOBAL has also had guest speaker Dave Pallone, a former professional baseball umpire, tell about his plights with homosexuality. It was a huge success. Over 400 students and faculty attended the event. GLOBAL is helping educate the student body and at the same time finding a haven for its beliefs.

Top Right: Many students came to GLOBAL sponsored events. Pictured are students relaxing at one such event.

## Fantastic Spanish Club Speaking Out On Campus

The Spanish Club had a solid year of providing a meeting place for the student population that is interested in learning and becoming more proficient in Spanish. They started the year

with a desire to expand and the desire has been realized.

The Spanish Club has worked hard to help the student body. They have sponsored study breaks for finals. They also

sponsored jovial games of Spanish Monopoly. The Spanish Club is a great club with a fun-filled atmosphere. Anyone with an interest in Spanish is encouraged to join.

# RESIDENCE LIFE:

## Community Builders at Work . . . and Play!

"Never doubt that a small group of thoughtful, committed citizens can change the world: indeed it's the only thing that ever has."

-Margaret Mead

**T**houghtful. Committed. A small group. Margaret Mead could be describing Lycoming's Residence Life team, only the world they seek to change is that of the campus community. Led by Director of Residence Life Denise Robinson, Manager of Residence Hall Operations Debbie Weaver, Student Life Coordinators Amy Paciej and Kim Waterman, the team of Resident Advisors (RA's) Community Advisors (CA's), and Student Academic Resources (STARS), labor to create a positive residential experience at Lycoming. This includes offering educational and social opportunities, promoting health and safety, and enforcing college policies, the latter, a thankless but necessary task.

The student staff was molded into a team in the late weeks of summer, before the semester's start. Over the year, despite being shorthanded, "The student staff was great in accepting new responsibilities and coping with changes," Denise Robinson, Director of Residence Life commented. The team also developed a certain bond with each other. "It was great to see how everyone came together to function as a team, especially since there was such a variety of personalities on staff," remarked senior Adrienne Reichenbach. "Instead of just being co-workers, many of us became close friends."

Senior staff members who will be graduating include Luke Klawonn, A.J. LeViere, Shauna McQuillen, Tanzina Mirza, Jason Murray, Laura Nolan, and Adrienne Reichenbach. As they move on in life, their presence at Lycoming will be missed, however, their contribution to a bigger community is just beginning.

# Lycourier Staff Write On!

**I**t was a year of changes for the campus newspaper. The Lycourier got a new advisor, a new editor, and plenty of new ideas.

Christine Shawver was at the helm as editor, and Janice Ogurcak, lifestyles editor at the Sun Gazette, signed on as the group's advisor. One of the staff's biggest accomplishments was increasing the size of the paper to 12 pages, from its previous eight. "It just looked a lot better and we could cover more news," said junior Phil Zimmerman, the Lycourier's copy editor.

The Lycourier also stepped into the digital age this year and got its first digital camera. This gave the staff the luxury of importing photos directly into

the layout program without having to worry about getting film developed.

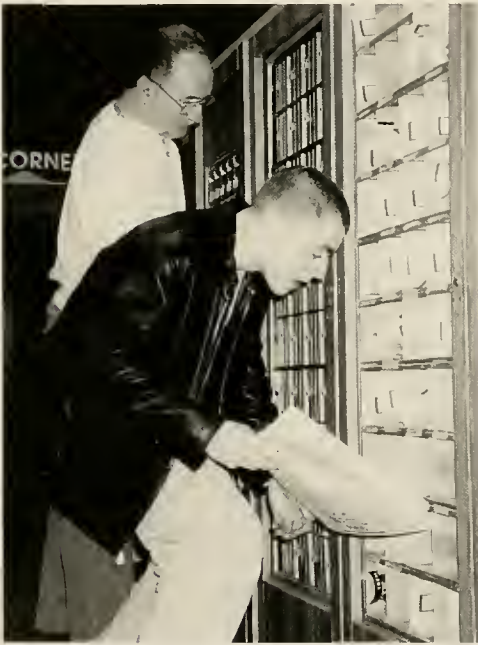

But the year's biggest highlights for the staff revolved around the 2000 presidential election. Shawver and photographer Stephanie Barnhart had the opportunity to attend the Bush/Cheney rally at the Williamsport Regional Airport in October. Afterwards, Shawver was able to interview Cheney. "I really didn't think they would let me in," she said. "But there were only two other people who'd been given permission for an interview, and they said they didn't mind if I came along. We each got to ask him two questions."

It was an afternoon she'll never forget. "I've done interviews and press

conferences and things like that, but this was Dick Cheney! How many college students can say they've interviewed the vice president?"

Another highlight was election night when staff members canvassed the college, polling over 500 students about who they voted for. Even if the paper couldn't report who'd won the election, they were able to say the majority of Lyco students supported Bush.

"It was fun, getting all caught up in the excitement of the election, staying up late to see what our headline should say about who won...of course that didn't happen," Shawver said.

The Commuter Student Organization has grown quite a bit over the past couple of years.

The CSO was first started to help commuters voice their opinion on events that occur at Lycoming and also to help commuters get more involved. This year the CSO accomplished a lot. They donated \$100 to a charity involving Baby Farr who was in need of lots of medical attention. The CSO also donated 65 pounds

of food to the food drive in December. They had a Valentine's Day flower and lollipop sale, and the CSO also

sponsored a Hawaiian theme dance at the school in Penn-ington Lounge. Every semester the CSO provides donuts and coffee to all students during finals week in Penn-ington Lounge. The group is hoping that the CSO continues to grow and become a bigger part of Lycoming College.

# Lycoming Dance Program

## Showing Its Steps

This year, the Lycoming Dance Program has stepped up its pace and in April, was recently passed through Student Senate as a full-fledged campus organization. The club's purpose is to have fun, get exercise, and meet new people while learning new dance skills. Members are encouraged to attend as many sessions as their schedules permit. Programs range from Tap, Modern Dance, Hip-Hop, Ballet, or Jazz. At the end of the school year, members came together for a final showcase held on the stage in the Chapel. Michelle Clewell and Cynthia Nespola are the founders of Lycoming's newest organization. Michelle says, "My hope for the program is to get and keep people involved." She's doing her job as dance at Lycoming is quickly catching on.

# English At Lycoming

## Making A Distinction

Under the direction of Dr. Darby Lewes and Dr. Emily Jensen, the Lycoming *English Society* promotes English and literature on campus and in the community. The group includes English, as well as non-English majors. They meet weekly to discuss field trips or events such as their Fireside Christmas, visits to Medieval Times, or their latest event—a monthly book club, by which members meet downtown at the Tea Room to discuss the books the members are reading. As the members of the society develop their own traditions, they uphold, most importantly, the tradition of enjoying and respecting literature.

Sigma Tau Delta, Lycoming's *English Honor Society*, inducts between 5 and 10 new members each spring. The society is an international honor society and has chapters at more than 500 colleges and universities throughout the world. Lycoming's chapter is Omega Sigma. This elite group includes students who have excelled in English at Lycoming. The society dinner is held each April, at which students receive pins and a formal induction ceremony into Sigma Tau Delta.

# Habitat for Humanity

## Building an Education in Human Kind

**H**abitat for Humanity International, Lycoming College Chapter, has been fundraising for, working on, and building houses for twelve years. Habitat, a non-profit Christian housing ministry, seeks to aid in the mission to eliminate poverty housing and homelessness in the community and the world.

The main purpose of Habitat is to build and rehabilitate houses in partnership with Habitat affiliates, homeowners, and others. Another goal is to educate the campus and local community about Habitat for Humanity and affordable housing. Finally, the last goal is fund-raising to support Habitat's causes.

In the beginning of the year, Habitat held the Habitat 5K Fun Run for

Shelter. During Homecoming week Habitat participated in Jell-O Wrestling and the parade before the game. During the spring semester, Habitat held a fundraiser, the Wing Eating Contest, for all participating organizations.

Thirty Lycoming College students went to Charleston, South Carolina for the Spring Break Collegiate Challenge this year. This trip gave Lycoming students the opportunity to learn more about Habitat, see other parts of the country, and help people in other communities.

Habitat is now preparing for construction of the Lycoming College Habitat House. The students involved in the organization have worked hard on fundraising and planning for this house.

# Habitat for Humanity

## Spring Break Collegiate Challenge

A total of 30 students and adult supervisors represented Lycoming College for the Habitat for Humanity Spring Break Collegiate Challenge. During the week of February 25 to March 3, Habitat enjoyed the warm sunshine, beaches, and historic downtown of Charleston, South Carolina, while working at 4 project sites for the Charleston Habitat affiliate. The sites included one new home, for which students braved shaky ladders, narrow walls, and steep slants to attach siding and shingles. Students also worked on siding a second home, stripping paint from a third, and demolishing the insides of an old electrical supply warehouse. The warehouse was recently acquired by Charleston Habitat to be used for storage, as their central office, and as dormitory

space for future Collegiate Challenge participants. Lycoming worked side by side with an Americore team, as well as 10 students from Michigan. Though the area surrounding the sites forced Habitat to secure all belongings and board up windows for protection from nighttime vandalism, the community as a whole showed nothing but a welcoming attitude for us as we worked. Junior Kerri Stauffer said, "I had the chance to meet one of the women receiving a Habitat house. We got to work along side her while she shared some of her experiences with us. She let us know how much she appreciated all the hard work each and every one of us put into the project."

# GOING PLACES

## Greeks Know The Way

**G**oing Greek means that you are Going Places at Lycoming College. The four sororities and four fraternities have a membership of about 25 percent of the campus population, and they provide a great deal of the leadership that occurs on campus. Greeks hold leadership positions in their chapters and in Panhellenic and Interfra-

ternity Council. Greeks also hold many leadership positions in other clubs and organizations on campus. From RAs to Concert Chairs, Greeks are involved as leaders at Lycoming. Greeks take their involvement to new heights by participating in varsity and intramural athletics. Leadership in the classroom is also important to the Greek life. Thirteen Greek students

were inducted into the Gamma Sigma Alpha National Greek Honor Society which recognizes students that model exemplary academic ability. Whether they are on the athletic fields, in the classroom or active in clubs and organizations, Greeks are Going Places!

**W**omen from each sorority on campus come together every week at Panhellenic Council meetings. The Panhellenic Council is the main governing body of all sororities on campus. Representatives from Alpha Rho Omega, Alpha Sigma Tau, Beta Phi Gamma, and Gamma Delta Sigma are all brought together through an organization that promotes unity among Greek women. Panhellenic Council is responsible for such events as risk management programs for Greeks and the campus, and also service projects to the campus as well as the community. Panhellenic Council regulates and runs Rush each semester in order to promote new membership and give any interested women on campus the opportunity to see what Greek life is all about. Greek Week consists of events and competitions between the sororities and fraternities on campus. It is one of the most anticipated Greek events of the year, planned by the Panhellenic Council and the Interfraternity Council. Kara Rigel, Social Chair of Panhellenic Council developed and planned the entire event this year. Council President Megan Dellinger said, "Panhellenic is working on improving relations among the sororities. We have a great group of women on the board this year and are looking forward to Greek Week and improving campus life for Greeks."

# IFC Unites Fraternities

## Four Becomes One on Tuesday Nights

The InterFraternity Council (IFC) is stirring up a storm in the 21st century as all four fraternities expand in number. Representatives from Lambda Chi Alpha, Phi Mu Delta, Tau Kappa Epsilon, and Kappa Delta Rho all come together every Tuesday night to discuss the goings-on of Greek life at Lycoming. Director of Student Programs and Leadership Development Susan Jewell oversees the meetings and helps with fundraisers, events, and other fraternity life issues.

The IFC also gets to sponsor activities for the incoming freshman

class. For instance, next year, on the first Wednesday of the school term, the guys will host a graffiti party with markers as an icebreaker for the new students. They believe this has worked in the past and it will enable the freshmen to get more acquainted with their new fellow classmates. Another major issue swirling around the IFC table is Alpha Tau Omega (currently labeled as an interest group), and whether or not to make them an official Greek fraternity. The debate will continue on to next year, but it seems that even if they are granted official status, the process will take a few years.

"I am most proud of the fact that we are able to involve ourselves in every fraternity matter. It's really cool to see all the fraternities gather together and become one." IFC Secretary Eric Young

# ALPHA SIGMA TAU

The history of many organizations is rich with the dedication of individual members - people endowed with positive vision, creative resourcefulness, and inspired integrity. The founders of Alpha Sigma Tau were women who possessed these qualities. On November 4, 1899, eight college women from Michigan State Normal College (now Eastern Michigan University) formed the Alpha Sigma Tau Sorority in Ypsilanti, Michigan. These eight women inspired a love and dedication to the Sorority, a torch that has been passed through the years. For 100 years, Alpha Sigma Tau has been an active presence at universities and colleges across the United States. From its beginning in 1899 to today, the purpose of the Sorority has been "to promote the ethical, cultural, and social development of its members."

Locally founded on December 14, 1991, The Gamma Pi chapter of Alpha Sigma Tau is the only national sorority on the Lycoming College campus. This chapter has come to adopt the following motto, "Everything We Achieved Was Once Just A Dream", which symbolizes the hard work and dedication it takes to be "Simply The Best." Today, 51 sisters have a home in Lycoming College's rich Greek system. Throughout the past year, Alpha Sigma Tau has participated in the Hand-In-Hand Project, Little Siblings Weekend, and the Pine Mountain Settlement School National Philanthropy Project while maintaining highest sorority GPA (3.49), which happened to surpass the "All College" Women's Average.

# Gamma Delta Sigma

If you are looking for fun, family, and lifelong friendships, Gamma Delta Sigma is the place to go. This is not just a group of women who just hang out together. Their majors range from biology to art. They are a diverse group of women who enjoy music and art, athletics, academic pursuits, and doing service projects. The sorority has been very active in such charities as Adopt-A-Highway, Daffodil Days, volunteering at the soup kitchen, the Ronald McDonald house and more. The sisters pull together each year for their largest charitable event, the Brandy Sudol Auction. The women collect items and services from the College and local community. During Family Weekend, an auction is held and the proceeds go to the Brandy Sudol Memorial Scholarship. Gamma Delta Sigma sisters have fun while building positive relationships with each other and with the community.

Individuality is key

# Alpha Rho Omega

**A**lpha Rho Omega celebrated their 20<sup>th</sup> anniversary on April 1st this year. This group of women came together to focus on each others' individuality as well as to provide service, scholarship, and social to the college and community. They were formed on the basis of individuality and respect. This year Alpha Rho conducted a number of service projects such as, Daffodil Days, Adopt a Highway (an annual project for Alpha Rho), making cards for sick children, and baby-sitting. Besides their formal and spaghetti dinner for their alumni they also had a scholarship competition with Tau Kappa Epsilon. One common saying is, individually, unique, together, complete.

Beta Phi Gamma was founded on October 13, 1976 in order to provide service and support to college and community and to establish a sisterhood and fellowship for personal enrichment. Their colors are light blue, white and purple, their flower is the white carnation, and their song is Friends by Elton John. One of the sorority's major achievements for the year is their annual Dance-a-Thon with Kappa Delta Rho which supports the Leukemia and Lymphoma Society. Beta Phi also sponsored a number of risk management and scholarship programs. Their saying is "First and forever, we'll always be together."

**Beta Phi Gamma Motto:**  
**Do not follow where the path may lead, go instead where there is no path and leave a trail.**

# And the Chi's Have It

## *Lambda Chi Alpha: Striving for Excellence*

**N**aught Without Labor. This open motto is way of life for the Greek men of Lambda Chi Alpha. This great fraternity began in 1909 in Boston University with Warren A. Cole and since has expanded to over 200 chapters across the U.S. and Canada, including right here at Lycoming. The Iota Beta Zeta is led by Chapter President Kris Wingard, and Vice President Austin Duckett. With the recent addition of a Theta position (assistant to the Vice President, and Chairman of Community Service), Lambda Chi has excelled at cleaning up the community. Adopt-a-Highway, Hand-in-Hand, and fundraisers for the Salvation Army and American Rescue Workers are some of the projects they participated in. "People see us as extremely diverse, but the amazing thing is, for as diverse as we are, it's incredible to see how easy we pull together as one," says member Colin Gabler. For Lambda Chi, diversity equals unity.

## TKE: The choice to belong. The challenge to become.

Simply joining TKE is only the beginning. The real journey and challenge begins once you have become a part of Tau Kappa Epsilon. Tau Kappa Epsilon Fraternity was founded in 1899 and in less than 100 years, it has become one of the largest international fraternities in the country. Its purpose is to aid college men in mental, moral, and social development. TKE prides itself on the intense diversity of its members, when perfectly balanced with their Brotherly commitments to Love, Charity, and Esteem. A Teke is gentleman, a man of excellent character, courtesy, hospitality, and cultural awareness - always willing to lend a helping hand.

Above Right: Jason Bailey, Pat Keane, Eric Chamberlain, Keith Essig and David DeZago pose for a photo in the TKE lounge.

The Mu Theta chapter was founded in 1969. Its current members have been busy with community service projects, school activities, and providing a social outlet on campus. TKE currently has 26 active members. Throughout this past year, the brothers of Tau Kappa Epsilon have participated in Little Siblings Weekend and The Hand-In-Hand Project. Last month, they broke the world record for continuous out loud reading with a new record of 32 hours. In the future, this brotherhood intends on getting more involved on the Lycoming College campus.

# Phi Mu Delta: Leading the Way

## Numerous Academic and Leadership Awards Received

The members of Phi Mu Delta strive to be role models in their community. Their objective is to promote brotherhood, service, and democracy. Phi Mu Delta is a relatively new organization at Lycoming; they received their charter on April 15, 1999. "Being a young fraternity, we are still trying to form traditions," says President, Dave Danubio. One tradition is their "Beef and Beer" stand at the Homecoming game. The brothers sell beef sandwiches and root

beer as a fundraiser. Phi Mu Delta has really developed over the past year. This year, they received many different awards, such as most improved grades, most improved new member grades, outstanding education program, highest grades of all fraternities on campus, and junior Todd Cole, received a leadership award from the national headquarters. Phi Mu Delta is improving in many ways and they are making themselves known to the campus and community.

# Kappa Delta Rho: Brothers United

## Hand in Hand With the Community

The members of Kappa Delta Rho were very active with service projects this year. The brothers participated in "Hand-in-Hand," where they assisted mentally challenged children by acting as escorts. KDR raised money through a Dance-a-thon for Leukemia and sold daffodils for the American Cancer society. The members of KDR collected teddy bears to give to children in the intensive care unit at Williamsport Hospital, and were involved with the angel tree, which collects presents for underprivileged children.

KDR had some excitement within their fraternity. Eleven new members enabled them to secure a floor in which to live next year. In addition, Joe DeAngelis, intramural chair and fundraising co-chair, was elected to the office of Junior Tribune, and Logan Tarleton, budget chair, was elected to Praetor for the fall of 2001. Senior, Dave Shiner commented, "Getting the floor back this year was a great accomplishment and I'm really going to miss these guys next year." Kappa Delta Rho had a great year because their brothers united hand-in-hand.

# Gamma Sigma Alpha

## The Greek Honor Society

On Saturday, October 21st, thirteen Greek students were inducted into the Alpha Gamma Chapter of the Gamma Sigma Alpha National Greek Honor Society.

To be eligible for membership, Greek students must have a 3.5 cumulative grade point average, sixty or more credits, and model exemplary scholarship pursuits. The purpose of the society is to promote the advancement of education among Greeks, and to encourage excellence in Greek scholarship. The National Greek Honor Society, Gamma Sigma Alpha, was founded at the University of Southern California in 1989. The Alpha Gamma Chapter was founded at Lycoming College on June 7, 1993.

## GREEKS UNITE

Greek Week was a great success because everyone came together with enthusiastic participation. Interfraternity Council and Panhellenic Council social chairs Rob Korsan and Kara Rigel organized all the events. Kara remarked, "It was great to see the fraternities and sororities interact with one another, kick back, and have a few laughs. This is what Greek life is all about!"

highlights of the week. The brothers of Kappa Delta Rho sang, "You've Lost That Loving Feeling" to Susan Jewell, Greek Advisor, and the sisters of Beta Phi Gamma had a spectacular performance for synchronized swimming. Second place went to Phi Mu Delta and Alpha Sigma Tau. Tau Kappa Epsilon was awarded the spirit award for showing spirit the entire week.

# 1951 Arrow

# GOING PLACES

## A Fifty-Year Flashback

This volume is the third to carry the message of Lycoming College. Next year, the Arrow will tell the story of the first class admitted to Lycoming under its present four-year degree-granting history. This volume of the Arrow is, therefore, the connecting link between the

present and the past represented by time-honored Dickinson Seminary, so justly beloved by thousands who now hail Lycoming as their Alma Mater. None of us should ever forget, or in any way belittle, these earlier years during which the Seminary laid the seeds that brought, from the college to

which her graduates went, the early recognition and accreditation in which we all now take justifiable pride.

Our present position, where we enjoy the confidence of our sister institutions, places a real obligation on us all, students, alumni, and faculty, to keep the flame burning

brightly and the torch held high, in order that what ground has been gained many not be lost, and that our future may be worthy of our past.

William Hoffman  
Dean of the College  
Taken from the 1951 Arrow

# GOING PLACES

Where do you want to go?

**D**irections, directions, directions - the faculty and staff of Lycoming College love giving directions. "Fill out form A-035 completely and return it to the office." "Before beginning test, read instructions carefully." "Parking is not allowed on College Place." These directions are what you might hear on a regular basis at Lycoming.

But if you look a little more closely at the more than 300 faculty and staff that work at Lycoming, you might notice a different type of direction that they give.

The faculty and staff of Lycoming take great pride in knowing that ultimately they are providing students with the directions they need to succeed in the game of life! As instructors, role models, disciplinarians, supervisors,

and friends, the faculty and staff at Lycoming teach students how to make good life decisions. Good decision making skills about career directions, personal relationships, community involvement, and all of life's tough issues are learned through interaction with others.

The faculty and staff at Lycoming love to give direction which helps our students go places!

# GOING PLACES

## Athletics on the Move

Lycoming is proud of its strong athletic program and winning tradition. Close to 300 students participate in Lycoming's 19 intercollegiate varsity sports. Lycoming athletics had an amazing team performance record of 129 wins to 115 losses and one tie.

Many individual honors were achieved by Lycoming athletes and

coaches. The Football Team earned its 26th consecutive winning season and Head Coach Frank Girardi holds an amazing lifetime record of 218 wins, 68 losses, and 5 ties. The Women's Tennis Team had a perfect winning record. The Wrestling Team was ranked 5th in the nation, had two All-Americans, and one national individual title winner. There were five Freedom Conference League 1st Team All-Stars and One

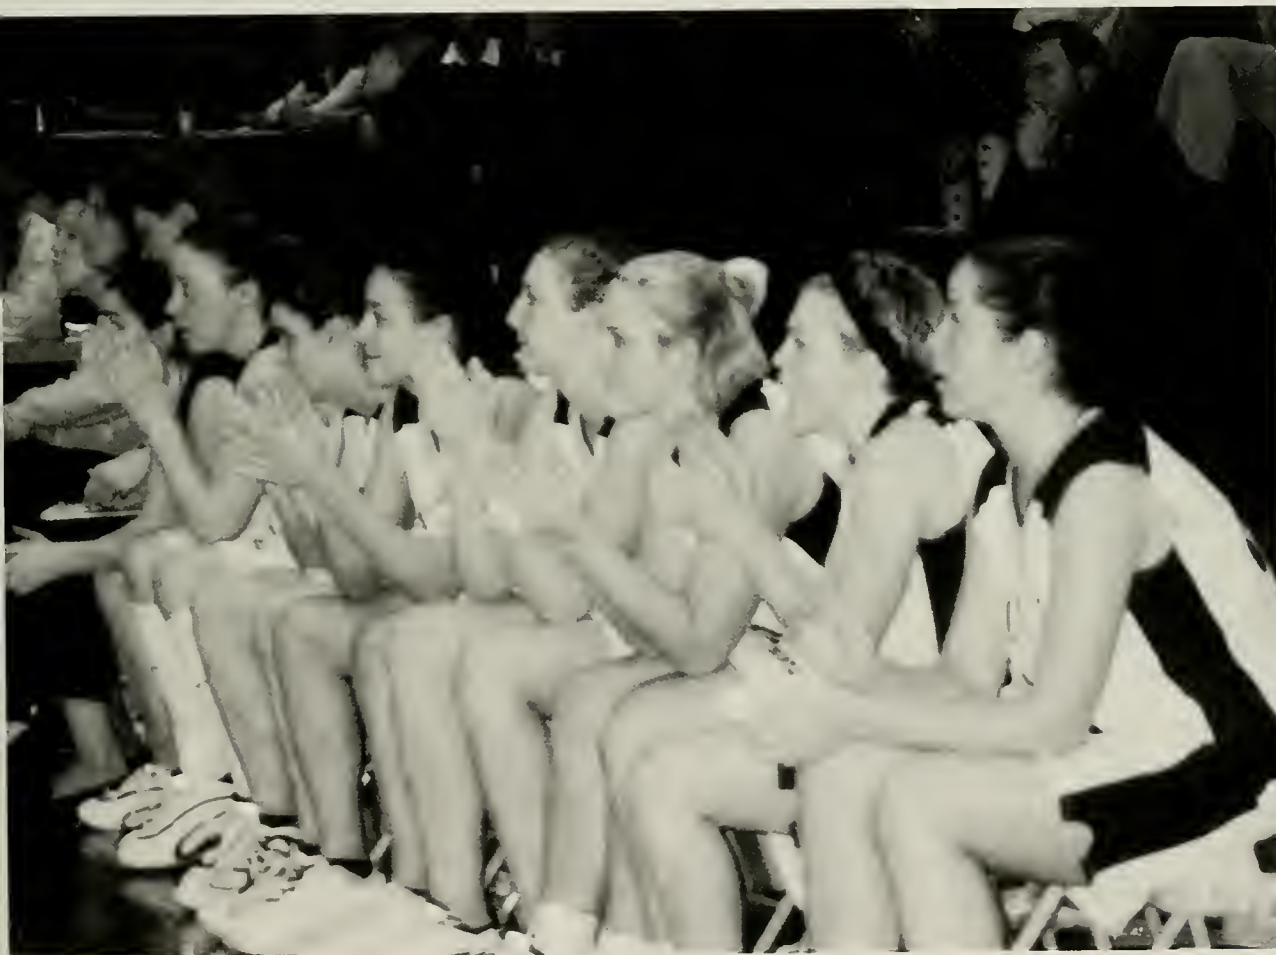

2nd Team All-Star. Lycoming boasts One MAC 1st Team All-Star and One MAC 2nd Team All-Star. The Freedom League honored one Lycoming softball player with a Rookie of the Year award. Lycoming teams made four championship appearances.

# Volleyball

Lycoming's Volleyball Team began the year with an air of uncertainty when eight-year head coach Sonny Kirkpatrick resigned to take another job just weeks before the start of preseason camp. Women's basketball and softball coach Chris Ditzler volunteered to serve as interim coach with the help of assistants Wendy Warfield and Nikki Slapikas. The trio guided the Lady Warriors to a winning season of 13-11 and a trip to the Freedom Conference playoffs.

The team relied heavily on the senior leadership of Maren Attanasio, of King of Prussia, Pa., and Jackie Moore, of Altoona, Pa. Attanasio led the team with 743 assists and 42 aces during the season. Moore led the team in digs with 392 in 87 games and was second in kills with 232. Lycoming also benefited from the play of freshman Layne Haverstock, of Hesston, Pa. Haverstock, playing in her first collegiate season, led the team with 315 kills, while adding 31 aces and 306 digs. Both Moore and Haverstock were recognized by the conference for their efforts; Moore by being named a first-team all-star and Haverstock by being named the rookie of the year.

# Men's and Women's Cross Country

## The Running Warriors

Lycoming's Cross Country Teams epitomized the phrase 'quality not quantity' this past season. With only four female runners and one male runner, neither squad was able to compete in the team competitions of the invitationals they attended, but as individuals, the athletes ran hard week-in and week-out. Scott Condello, of North Wales, Pa., ran extremely well all season despite having to train almost entirely by himself. Condello was a top-ten finisher in four of the team's seven meets in 2000, including a 10th place finish at the MAC championships to end the season. His best time was 27:35. Sarah Kapinus, of Centre Hall, Pa., was the leading runner for the women's team. Kapinus ran a season-best time of 21:28 on the women's 3000-meter course.

## Endurance

The distance increases from high school to college making the five mile race more challenging. The Cross Country Team revealed dedication, strength, speed, and endurance. The team was coached by George Camp, and competed against several Division II and Division III schools.

# Football

Despite missing the playoffs for the first time in six years, the Warrior Football Team tallied their sixth consecutive Freedom Conference title and their 26th consecutive winning season. Lycoming finished the 2000 campaign with a record of 7-2, improving Head Coach Frank Girardi's career mark to 218-68-5.

Tim Deasey, of Norwood, Pa., and Mark Seagreaves, of Allentown, Pa., each set school records during the season. Deasey broke the single season rushing record with 1,026 yards on 222 carries, including a 204-yard performance at Delaware Valley.

Seagreaves set the new standard for sacks in a season with 17 quarterback takedowns. He also set the single game mark for sacks when he recorded six against the Colonels of Wilkes University.

The Warriors also named 14 players to the Freedom Conference all-star teams. Defensively, the conference honored six Lycoming players with first-team selections - including the entire secondary of Sean Graf (Philadelphia, Pa.), John Scanlan

(Sharon Hill, Pa.) and Jeff Tinney (Ridley Park, Pa.) - and another two players with second team selections. On the offensive side of the ball, the Warriors claimed three first-team positions and three second-team selections.

The men finished the year with an overall record of 5-13-1 and a conference mark of 2-4-1. The Warriors just missed the Freedom Conference playoffs, losing to Scranton in their final regular season match. Mike Hoff, of Landisville, PA, led the men's team with nine goals and five assists and was named a Freedom Conference first-team all-star. He was joined as an all-star by teammate Tim Leska, of Coppersburg, PA, who was named to the second-team. Leska led the Warriors' offensive attack from the midfield.

Senior midfielder Lee Anne Belke, of Quakerstown, Pa., was selected to the Freedom Conference women's soccer all-star team as a second-team selection.

# Men's Tennis

In 2001, Lycoming's men's tennis team posted their best record since 1985, going 3-3 within the conference and 3-4 overall. The Warriors' wins came against Scranton (4-3), DeSales (4-3) and Wilkes (6-1).

Lycoming was led by veteran Scott Moerschbacher and freshman Bernardo Urdaneta. Moerschbacher finished the season with a record of 4-2, playing all his matches at first singles. He was also named a first-team Freedom Conference all-star, just a year after being named the conference Rookie of the Year. Urdaneta compiled a record of 6-3, seeing action at both first and second singles. The Warriors will lose just one player to graduation from last year's team.

# Women's Tennis

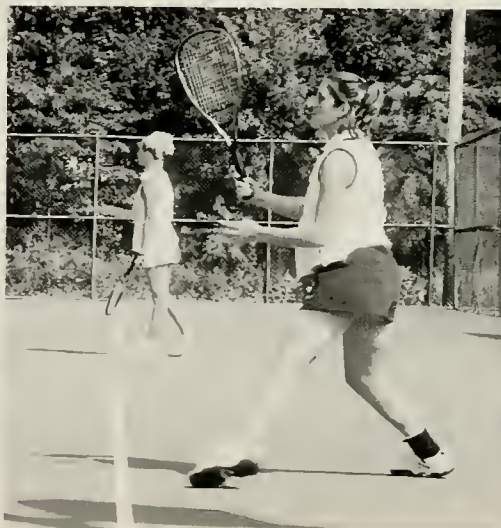

**W**omen's tennis highlighted Lycoming's fall sports season. The Lady Warriors dominated their competition en route to a perfect 10-0 regular season, shutting out three opponents while defeated four others by scores of 8-1.

Cricket Temple, of Picture Rocks, Pa., was named the Middle Atlantic Corporation Freedom Conference Player of the Year after completing the regular season with a 10-0 mark in singles matches and finishing as the runner-up at the MAC individual championships. Meredith Moerschbacher, of Montoursville, Pa., also went undefeated in the regular season before completing the year with a record of 12-1. Senior Heather Straub, of Avis, Pa., went 9-2 at second singles to earn first-team all-star honors along with Temple. As a team, the Lady Warriors ended the season at 10-1 following a loss to eventual MAC champion Moravian College in the semifinals of the team playoffs.

Head Coach Deb Holmes recorded her 100th career win while leading the Lady Warriors. Her leadership earned her Coach of the Year honors in the Freedom Conference.

# Men's Swimming

The Men's swimming team turned in a solid season. The men finished the regular season with a mark of 5-9. Their hard work during the season paid off at the Middle Atlantic Conference Championships, where the men finished fourth out of eight teams.

For the men's team, Chris Rager, David Shiner, Greg Brown and A.J. LeViere set a new school record in the 200-yard freestyle relay on the first day of competition. Freshman Chris DeZago then set a record with his 1000-yard split of the 1,650-yard freestyle on the final day of competition.

Lycoming's swimming program was under the direction of interim head coach Jerry Hammaker for the season.

# Women's Swimming

The Women's Swim Team turned in a solid season. They finished the regular season with a mark of 6-10. The Lady Warriors placed fifth in an 11-team field.

Highlighting the championship meet were the record-breaking performances turned in by Lycoming's swimmers. Over the course of the three-day event, three Lycoming College records fell.

Sophomore Andrea Rapach led the effort with two individual marks. Rapach set new standards in the 50-yard freestyle (:24.92) and the 100-yard freestyle (:55.38). She also swam a leg on a record-breaking 200-yard freestyle relay along with Katie Brennan, Melissa Crandell, and Jess Amadore.

Under the leadership of first-year head coach Terry Conrad, the Warriors opened the season with three consecutive wins, scoring 87 points or more in each contest. But as the team entered a 10 game stretch that featured eight road games, the sweet start turned sour. Lycoming won just two of those 10 games, falling a season-high three games below 500.

However, Lycoming reeled off five consecutive wins, including four over conference opponents. A victory at the buzzer at Drew and a double-overtime triumph at King's seemed to spark the Warriors. They went on to win eight of the final 11 games and finish third in MAC Freedom Conference for the regular season.

The team was led by junior Chris Napier and sophomore Thomas Wesner. Napier, in his third year on the team, led the Warriors in scoring, averaging 17.8 points per game. He was also second on the team in rebounds, pulling down 6.6 per game. Wesner, in his first season with Lycoming, had an immediate impact, scoring 17.1 points per game and leading the team in three-point field goals with 76. Senior David Ganisin was another key component to the Warriors' success, leading the team in rebounding with 6.7 rebounds a game and averaging 12.9 points per game. Brian Lindsay, Jason Black, and Rob Johnson also played important roles in big games for Lycoming.

Napier and Lindsay both provided extra highlights to the season by entering the 1,000-point club for their collegiate careers. Lindsay broke the 1,000-point mark on Jan. 17 at Drew University. Napier has scored all 1,017 of his points at Lycoming. He surpassed 1,000 points in this year's final regular season game at FDU-Madison.

# Women's Basketball

Every sports fan knows that while success in athletics is dependent on talent, hard work and dedication; there is also an element of luck. Some teams, regardless of talent level or work ethic, just seem to catch all the breaks – or none of them. Lycoming's Women's Basketball Team might sum up their season as the latter.

The team entered the season with high expectations due to a core group of returning veterans and an exciting group of newcomers. Things didn't go as planned, however, as the Lady Warriors lost seven games by five points or less, including three overtime games, en route to a 12-12 season. While the close games made for a frustrating season, Lycoming never quit working. The relentless attitude began to show dividends towards the end of the year as the Lady Warriors won five of their last seven games.

The highlight of the season came on the last day of January, when Lycoming defeated the nationally ranked University of Scranton, 64-54. Not only was the win over a nationally ranked team and the preseason favorite to win the MAC Freedom Conference, but it also denied Scranton's head coach the 500<sup>th</sup> win of his career.

Sophomore Lyndy LeVan was the Lady Warriors most consistent player throughout the season. LeVan was the leading scorer in the conference, posting 18.8 points per game. She also averaged 7.5 rebounds and 2.4 assists per outing. LeVan is on pace to become Lycoming's all-time leading scorer with 862 career points in just two seasons.

Seniors Jena Boos and Adrienne Wydra also played significant roles as leaders for the Lady Warriors. Boos averaged 7.9 points and 6.0 rebounds per game. She ends her career at Lycoming ranked 6<sup>th</sup> on the College's all-time rebounding list with 546 boards. Wydra ran the point for Lycoming and was a tenacious defender throughout her career. This past season, she averaged 3.4 assists and 1.9 steals per game to lead the team in both categories. Wydra's 293 career assists rank third all-time at Lycoming.

# Wrestling

The Warrior Wrestling Team completed another stellar season under the direction of head coach Roger Crebs by winning their fourth Middle Atlantic Conference championship in the past five seasons. Lycoming had all 10 wrestlers place in the top four of their respective weight classes, while five Warriors were crowned individual champions.

The conference championship was the culmination of a record breaking regular season. Lycoming compiled a dual-meet record of 23-4-1 to set a new mark for wins in a season. The record surpasses the 22 victories earned during the team's undefeated season of 1996-97.

The Warriors also continued to build their reputation as one of the top wrestling programs in the country. After opening the season ranked 10<sup>th</sup> in the nation by the *Adidas/Brute Coaches' Poll*, Lycoming steadily moved up the poll, finishing the regular season ranked fifth. Dual-match victories over nationally ranked opponents, such as Delaware Valley, Ithaca, and Loras, and a second-place finish at the Budd Whitehill National Duals, precipitated the Warriors move up the polls.

Leading the way for the Warriors this season were All-Americans Royce Eyer and Andy Lausier. Last season, Eyer placed fourth at the national championships at 149 pounds and Lausier placed eighth at 197 pounds. Eyer moved up to 157 pounds, but never missed a beat, compiling a regular-season record of 41-4, and pinning 20 of his opponents. His performance throughout the season earned him the number-two ranking in the nation at his weight. Lausier, ranked sixth in the nation at 197 pounds, put together a record of 33-5 during the regular season. Both Eyer and Lausier also recorded the 100<sup>th</sup> win of their careers in 2001. They are the fourth and fifth wrestlers to reach that milestone during Coach Crebs' tenure at Lycoming.

The highlight of the season came at the NCAA Division III National Championships, where Eyer became the eighth wrestler in Lycoming's history to win an individual national title.

In addition to Eyer, Andy Lausier, John Cogan, and Andy Hull won MAC championships and advanced to the national championships. During the tournament, held in Waterloo, Iowa, the Warriors compiled 23 points to place 15<sup>th</sup> in the 67-team field.

# Track and Field

Vicki Hoover and Laurie Scherer were the top performers for Lycoming's Track and Field Teams. Hoover, a freshman, placed third at the MAC championships with a toss of 120'2" in the javelin. Scherer also grabbed a third place finish, clearing 4'11" in the high jump. Angela Casselberry, Cara DeMotte, Lauren Derrick, and Melissa Wert also competed at the championships.

Scott Condello was the leading runner on the men's team, placing in each of Lycoming's regular-season meets. Condello's top performance came at the DeSales University Invitational where he finished fourth in the 3000-meter steeplechase with a time of 11:03.00.

# Golf

A young squad laid the foundation for building a successful men's golf program at Lycoming. When they weren't fighting the weather for time on the links, the Warriors were able to put together strong rounds, both on the road and at home.

The highlight of the season was a 309-312 victory over Wilkes University on Lycoming's home course. The four-man, 18-hole round of 309 was the lowest score by a Warrior golf team in at least five years.

At the 54-hole MAC Championship held at Shawnee on the Delaware, sophomore Mike Passilla posted a team-best round of 250. He finished 17th overall in the field of 67 golfers. Junior Scott Foura shot Lycoming's second-best score of 266.

# Men's Lacrosse

The season was a record-breaking campaign for the men's lacrosse team as head coach Gene Peluso continues to build a winning tradition for the fifth-year program. The Warriors went 12-4, setting a new record for victories in a single-season, winning their first ever Middle Atlantic Conference regular-season championship and recording their third consecutive winning season.

A conference record of 7-1 and a six-game winning streak, late in the year, highlighted the season. The regular season MAC title gave Lycoming home-field advantage throughout the conference tournament and eventually the opportunity to host the championship game. The Warriors defeated FDU-Madison, 16-8, in the semifinals to advance to the championship game for the second time in three seasons. Unfortunately, Lycoming fell to an explosive Messiah team, 10-18, in the title game to claim runner-up honors for the third consecutive year (the MAC did not have playoffs in 2000).

The Warriors were led by a strong senior class featuring All-American Mark Barnes, and conference all-stars Michael Bonnes, Todd Riescher, and Jared Jankowski. Barnes dominated the midfield for Lycoming picking up 162 groundballs while scoring eight goals and assisting on 16 others. Bonnes was the Warriors' leading goal scorer, finding the back of the net 56 times during the season. He is also Lycoming's all-time leading goal scorer with 168 career goals. Riescher was an imposing figure on the Warriors' defense, typically guarding the opponent's top attacker. He also ranked third on the team with 61 groundballs. Jankowski started every game in goal for the team, completing the year with a goals-against-average of 10.04 and a save-percentage of 62.0.

Despite the loss of nine seniors, the future of Lycoming lacrosse continues to look bright. Leading point-scorer and MAC Rookie of the year Sang Duong will return for his sophomore season following a 49-goal, 44-assist performance last season. He will be joined on the attack by Buddy Temple, who scored 27 goals as a junior and was named an MAC first-team all-star, and Dave Dormond, who posted 20 goals as a freshman to earn second-team all-star honors.

# Women's Lacrosse

Lycoming's Women's Lacrosse Team nearly matched their male counterparts accomplishment as they also recorded their most successful season in the program's five-year history. The Warriors finished their first season under the direction of Katherine Roberts with a record of 11-5, setting a new high for wins in a single-season.

Brenda MacPhail and Lauren Evangelist led Lycoming offensively. MacPhail scored 45 goals and tallied 17 assists to lead the team in both categories. Lycoming's all-time leading scorer completed her collegiate career with 170 goals and 64 assists, and was named a MAC first-team all-star for the fourth consecutive season. Evangelist added 30 goals and eight assists during her freshman season while leading the team in groundballs with 79 and caused turnovers with 46. Her performance in the midfield earned her second-team all-star status.

Seniors Hillary Barrett, Lisa Klein, Jessica Miller, Darlene Moyer and Heather Wilt also played key roles in the Warriors' success. Barrett led the team with 42 draw controls while chipping in 24 goals and six assists. Klein was Lycoming's top defender, earning MAC second-team all-star honors. Miller was the Warriors' goalkeeper, stopping 56.6% of opponents' shots-on-goal and recording an impressive 7.78 goals-against-average. Moyer led the team from the midfield, coordinating both the offense and defense. She tallied nine goals and eight assists while picking up 27 groundballs and causing eight turnovers. Wilt was Lycoming's most explosive attacker, using her speed and quickness to post 20 goals and eight assists.

# Softball: Time to Play Ball

With a roster featuring seven freshmen and just one senior, Lycoming's Softball Team suffered a few growing pains in 2001. Inexperience at the plate and in the field resulted in seven losses by just one run as the Warriors went 8-14 for the season. However, with their strong pitching staff and a season of experience for the younger players Lycoming should quickly return to a level of prominence within the conference.

Anchoring the team last season were Kristie Jean and Amelia Demcher. The team's top pitchers, the pair accounted for seven of the Warriors' eight victories. Jean went 4-4 on the season with an earned-run-average of 1.89. In 59 innings pitched, she allowed 16 earned runs while striking out 26 batters. Jean was also one of Lycoming's top hitters, batting .296 with six runs-batted-in and one homerun. Her performance on the mound and in the batters box garnered Rookie of the Year honors from the Freedom Conference. Demcher earned second-team all-star honors for her work in the center of the diamond, going 3-5 with an ERA of just 1.58. She struck out 41 batters in 53 innings of work, allowing 12 earned runs.

Offensively for the Warriors, freshman Laurie Rooney led the team with a batting average of .316. Sophomore Jessica Feerrar was the most productive hitter, driving in 10 runs and connecting for two homeruns.

# GOING PLACES

## The Final Destination?

The Class of 2001 has reached the final destination Lycoming College has to offer: graduating and becoming alumni. Through four years, the seniors have learned about themselves and about each other. They have developed a highly honed knowledge of their subject area and they have

also learned to handle the duties of the "real world."

Some seniors will say goodbye and travel thousands of miles away, while some will live only a few miles away. Regardless of where life's journey takes them, the seniors acquired the tools to survive the journey at

Lycoming College.

While graduation from Lycoming is a final destination, it is also merely the beginning of a long and satisfying journey. Their paths may be varied, but one thing unites the members of the Class of 2001: they have just begun going places.

# Senior Class

## Students With Class

The senior class this year has made many accomplishments through their president Adrienne Reichenbach, Vice President Andrea McDowell, Secretary Mindy Gray and Treasurer Briana Lewis. The officers were helped by their advisor Sue McCormick. Their purpose for this year was to represent their class and make sure the wishes of the students were met.

Some of the events they have done this year were a 50/50 raffle to benefit the United Way and a community service clothes drive to help people with little. The senior class was very excited to win the School Spirit Award during the Homecoming Parade.

Every year the seniors leave something behind or do something for the future classes. This year the senior class is leaving behind a time capsule, so that in the future their memories will be dug up, and everyone will see the accomplishments that this senior class had.

The big event for the senior class was the senior party held at Mercaldo's Blvd. Cafe. The party was a great success with gifts and prizes given out all night long. There was lots of music, dancing and the seniors had lots of fun. Overall the party was a great success as was the whole year.

# GOING PLACES

## Graduation and Honors

The start of the spring semester marks a countdown of preparation. Seniors are putting the finishing touches on their resumes, and actively interviewing. Professors and administrators are busy making plans for the end of the school year celebration.

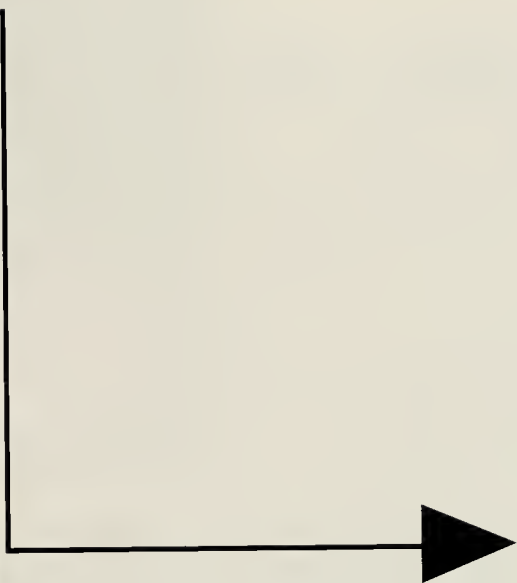

What is all of the

buzz about? It is about the biggest event of the year, Graduation. Students will be awarded for the hard work and dedication at Honors Convocation. Nurses and ROTC students will be pinned and honored. Student leaders will be awarded tokens of appreciation.

And then, there is

the commencement services themselves. After graduates receive their diploma, they say goodbye to Lycoming College. Where do they go, might you ask? They are going places—places where they will find success and a bountiful life of learning. Congratulations to the Class of 2001.

# HONORS CONVOCATION

---

**H**onors Convocation is a time of recognition and appreciation for students, faculty and staff. Departmental Awards were given out to the highest grade point averages, and the best efforts by students within their course of study. The Tomahawk and Pocahontas Athletic Awards recognize student athletes for their leadership in sports. Senior Royce Eyer was awarded the 2001 Tomahawk Award for his dedication and success on the Warrior Wrestling Team. Adrienne Wydra was awarded the Pocahontas. Wydra strongly represented Lycoming in Women's Basketball, Track and Field, and Softball.

Faculty and staff are also recognized. The Award for Faculty Excellence went to Dr. David Franz, Professor of Chemistry and the Junior Faculty award went to Christopher Hakala, Assistant Professor of Psychology. The Makisu Award for outstanding service to the College community was presented to Student Life Coordinator Amy Paciej.

The final award presented at the program is the Chieftain Award. Our most prestigious honor, voted for by students, faculty and staff was awarded to the senior who has contributed most to Lycoming College through support of school activities. Senior Jason Murray received the 2001 Chieftain Award.

Honors Convocation highlights the best and brightest of Lycoming College. The light was shining white hot in the Lamade Gymnasium during the Honors Convocation.

# BACCALAUREATE

The Baccalaureate Service held on Saturday, May 5th was a time of reflection and celebration for the Class of 2001. The service was held in the Lamade Gymnasium, and began with the march of the faculty, staff, and aspiring graduates in full academic regalia. The Lycoming College choir performed harmonies of tradition.

Upon entering

Lycoming College, freshmen participated in the Freshmen Convocation which included the traditional passing of the Lamp of Knowledge. At Baccalaureate, the Lamp of Knowledge is once again passed down beginning with the Chairman of the Board of Trustees, Robert Shangraw. From Dr. Zimmerman, the Lamp was passed down from Senior Class President Adrienne

Reichenbach to the respective presidents of each class.

Sister Catherine Ann Gilvary, the Catholic Campus Minister asked us, "Who wants to be a millionaire?" and offered that graduates of the class of 2001 are millionaires when they live in the things of the heart. The attendees then prayed in unison. The beautiful service then ended with a reception with faculty, friends and family.

# COMMENCEMENT

## The Class of 2001 is Going Places

**U**nder blue skies on the oak-lined Quad of Lycoming College, 317 graduates received degrees on Sunday, May 6th, 2001, during the College's 153rd Commencement

Edmund L. Jenkins, Chairman of the Financial Accounting Standards Board, and Daniel G. Fultz of Williamsport, the retiring Executive Vice President and Treasurer of Lycoming College, received Honorary Doctor of Laws Degrees.

Edmond Jenkins, who had a 38 year career with accounting giant Arthur Anderson, spoke to the graduates about the value of a liberal arts education. Parents and friends who sought the shade of the oak trees on the Quad could thank Dan Fultz, who was the man responsible for planting the trees nearly 40 years ago.

Andrew J. LeViere of Smethport, Pennsylvania, a political science major and cum laude graduate who was an active leader on campus, gave the greeting from the senior class.

Above: Senior Class Speaker A.J. LeViere wishes his class luck and success.

# GOING PLACES

Where do you want to go? 

In order to GO PLACES, the 2001 Arrow needed the help of many people and organizations. The community businesses who have placed advertisements in the Arrow have been there for the College and the Yearbook for quite some time. Their involvement is a crucial part of the success of Lycoming College and

the Yearbook and we greatly appreciate their support. Please patronize the businesses of our sponsors.

We are also very fortunate to have strong support from our friends and families. Friends and families have the opportunity in the following section to support the Arrow

yearbook and provide their loved ones with a heartfelt or humorous message honoring the occasion of their graduation from Lycoming.

Our thanks are extended to the area businesses and family and friends who have helped us Go Places with the 2001 Arrow Yearbook.

And it's all mine.

Running a business appealed to me. But let's face it, there's never a venture capitalist around when you need one. So I was open to Enterprise. Here they train me to run a profit center, manage people and handle myself in business settings. It's like my own startup, backed by a \$5 billion company.

Enterprise isn't funny uniforms. It's dressing professionally, conducting sales calls, planning logistics. Easy? No. But people who succeed here aren't afraid to prove themselves, or have fun together. And now that I have the potential to autearn most MBAs, I look forward to doing both.

# GOING PLACES

## Where do you want to go?

Life happens as we make plans. The experiences and the travels shape our outlook upon life. As we take our first steps, our journey of life begins. In our fast pace world, few of us actually reflect on past experiences. If we would only seize the moment and realize our past accomplishments, we would marvel at our own achievements in disbelief.

Lycoming College leaves us with many memories and close friends. As we started college, we set goals that we hoped to accomplish at the end of four years. While working towards our academic aspirations, we experienced more than just an academic education. At Lycoming, we went places. As we participated in sports, campus clubs, and volunteer organizations, friendships and memories grew. Professors

became more than mentors, RA's became friends, and study groups became a circle of acquaintances. As we look back, the past four years have fostered our spirit and character making us who we are.

Before moving on, take a moment to reflect on your first day at Lycoming. Did you ever think things would turn out this great? As the years passed at Lycoming, we continued to grow and learn. All of our experiences, education, and friendships bring life to a full circle preparing us for our next destination. As graduates of Lycoming, we continue to go places. My advice is to take your experiences, make wise decisions, and follow your dreams. It is our time to go into the world and make our place.

ARROW  
TWO THOUSAND ONE

The 320 copies of the 2001 Arrow Yearbook were printed and sold for a price of \$45.00 each. The yearbook staff developed the theme "Going Places". The six editors for the 2001 Arrow were Erin Finney, Photography, and Holly Ely, John Kneisly, Virginia Shank, Miranda Speelman, and Sandra Utsch in Layout and Design. Herff Jones Yearbooks in Gettysburg, PA published the yearbook. The yearbook representative, occasional artist, and general assistant to Lycoming College was Dave Brown. The cover is leather grained with an almond base # 1507 and applied sienna ink # 17 with an orange foiled compass. The 192 pages, 8 in color, were printed on 80pound Bordeaux paper. Davor Photographic Inc. provided photographic supplies and film development from Bensalem, PA. Davor staff photographers took the senior portraits. Student photographers, student organizations, faculty, and administrative staff of Lycoming College submitted other photographs and copy. The yearbook staff created the 2001 Arrow using Adobe Pagemaker 6.0 and the Gallery Electronic Library system provided by Herff Jones. "Friends and Family" and business advertisements were solicited to offset the cost of the yearbook. Lycoming College financially supports the production of the Arrow Yearbook. A special thank you goes out to Donna Weaver, Peggy Kimble, and Sandra Burrows for their administrative assistance and to Robert Dietrich, Sports Information Director, for his assistance with photographic coverage and copy for varsity athletics.
