## Communication Students Partner with Comcast

Submitted by the  
Communication Department

Comcast and Montgomery County Community College recently partnered to produce a few segments of "Comcast Local Edition" at the Central Campus in Blue Bell.

The Comcast crew, including host Jill Horner, taped the segments in the Advanced Technology Center's TV studio on Feb. 19. Guests included Montgomery County Commissioner and Democratic gubernatorial candidate Joe Hoeffel and state representatives Rick Taylor and Matthew Bradford. A special segment showcasing reptiles from Norristown's Elmwood Park Zoo rounded

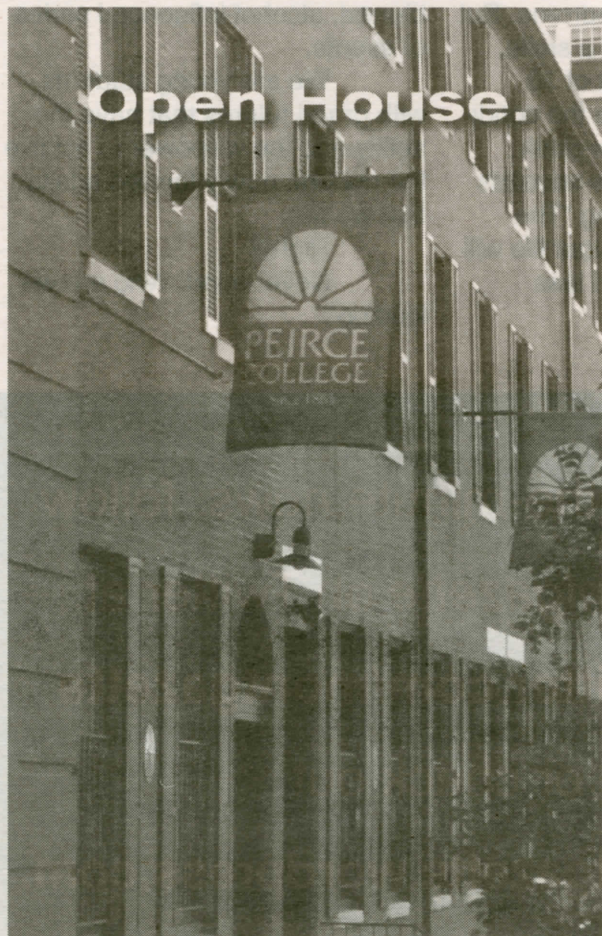

out the show.

Three students from Professor Allan Schear's class, Kyle Pasquino, Nick Yanoshak and Tim Dippolitto, worked under deadline pressure as production personnel. The five-minute interviews fit into the CNN Headline News 30-minute rotation and air daily at 24 and 54 minutes past the hour.
