

University Center Continued from page 6

E-courses and online learning programs will also be available. The University Center is conveniently located to routes 100 and 422 and the Pottstown business district.

Housed in an old Reading Railroad depot at Hanover Street and South Street, the building is significant in Pottstown's history because it exemplifies the development of modern industrial architecture. Built in the 1920s by The Reading Company, the building handled freight and passenger trains for Reading and Conrail until 1976. The East Penn Motor Club bought the building in 1986. It is designated an historic building and is part of the Pottstown walking tour.

For more information about the Montgomery County Community College University Center in Pottstown, check out the center's Web site at: www.mc3.edu/academics/university-center.aspx.

got money problems?

Don't let money concerns weigh you down or interfere with your educational goals. Use CashCourse® — a free, nonprofit money management website — to find ways to get back on your feet, so you can focus on other important matters... like the rest of your busy life!

CashCourse® can help you:

- Create a budget
- Set financial goals
- Protect your credit
- Get out of debt
- And more!

Community College

Security Via Energy-Efficient Segway

Courtesy of MCCC Communications Dept.

West Campus security will be using a Segway to patrol the campus' various buildings and parking lots in the west end of Pottstown. Public Safety Supervisor Anthony Baker rides the energy-efficient, emission-free Segway during the launch on Aug. 30.
