

LARGEST REFRIGERATOR

HERSHEY STORE BOASTS MOST UP-TO-DATE REFRIGERATOR

The Hershey store now boasts of one of the largest and most up-to-date refrigerators in the state. The refrigerator has been installed at much expense. However, expense is not taken into consideration, when an improvement is to be made in Hershey, and especially when that improvement is going to benefit the general public, of Hershey and vicinity. The dimensions of the refrigerator are as follows. It is 12 feet in height, 24 feet in length. It contains a vegetable compartment 10 feet in length and 6 feet in width. The meat compartment is 18 feet in length and 10 feet in width. The front of which is French plate glass 7 feet in length. Every article in the interior can be seen from the exterior. The temperature in this compartment is kept at 35 degrees. Inside the meat compartment is a marble slab 1½ inches in thickness, and 1½ feet in width and 7 feet in length, on which is displayed the various meats. There is a cheese and butter compartment (separate). Another feature is the tilting lard cans. Included with this ideal refrigerator is a refrigerator display counter with French plate glass top and has metal sliding shelves, on which are white enamel pannels. The temperature of this compartment is kept at 45 degrees.

The floor will be tiled as well as the sides of the walls to a height of 7 feet. This refrigerator represents the best that could be obtained in the refrigerator world. The refrigerator is a model of the highest type of sanitary attainment and is absolutely guaranteed against flies, microbes and bacteria. The citizens of Hershey and vicinity are indeed fortunate in having such a convenience and which stands as a guard over the health of the store patrons.
