Put Linoleum on Your Kitchen Floor

Linoleum takes the place of springs in your heels or rubber soles.

It stops the shocks from the daily trips around your kitchen. You'll be surprised how less tired you are after the first day with good linoleum on the floor. You'll have less work cleaning your kitchen. Linoleum is sanitary, saves the floor, keeps scrub water out of the cracks, dries quickly, is made of cork and oil. Costs little compared to its value to you.

Extra good quality, 2 yds. wide, \$1 and \$1.10; 2½ yds. wide, \$1.25 and \$1.39.
