Y. W. C. A. GYMNASIUM CLASS HAD PLEASANT TIME

The gymnasium class of the Young Woman's Christian Association closed the term's work with an attractive and somewhat unusual social evening last Thursday. Each member of the class came dressed in her gymnasium suit and took the part of a young man escorting the invited guest as her partner for the evening, making the company about fifty.

The guests joined in various marches and drills and were treated to some specimen work by the gymnasium class, followed by an exhibition of advanced work with the Indian clubs by Miss Burch the physical director. Miss Glynn presiding at the piano.

Miss Leithiser favored the company with several recitations given with pleasing effect and skillful interpretation.

Part of the gymnasium hall was cleverly converted into a woodland bower in which picnic refreshments were enjoyed by the class and their guests.

Altogether it was a very delightful affair and makes a fitting close to the indoor work of the class. The class will continue the work during the summer in various outdoor sports.

Farm Owners

Do You Want To Sell Or Trade

We have a great many cash customers for farms who are willing to pay good prices, and we are taking some of them out almost every day to see the farms we have to sell.

We sold another good farm last Saturday, swelling the big record of sales we made since last April.

If you are willing to trade your farm for City, Suburban or Town property, get our big list of Homes and Investment properties to trade on Farms. Some of them are located on the Berks and Dauphin Turnpike and other nice points near to town, and have large lots and stables. You will find in this list anything you want, in any location, and at bargain prices.

You know what we have done in the past in the sale and exchange of farms; and the sales we have made since the first of the year indicate that we will sell five times as many farms this year as last.

If you have a farm to sell or trade, let us know about it at once.
