

**"AN IDEAL HUSBAND" CONTEST
NOW OPEN TO THE LADIES**

Women Readers of the "Hershey Press" Now Have the Opportunity to Tell the Men Where They Belong, and What Their Qualifications Should Be

We are in receipt of a communication from one of the contestants in the recent "Ideal Wife" contest, who suggests that the ladies be given an opportunity of expressing their views on the subject, "An Ideal Husband." This suggestion is a good one and we shall offer the same prizes to the women for which the men were entitled to compete. They will be \$2.00 for the first prize, and \$1.00 for the second prize. These prizes will be awarded to the ladies writing the best articles, and will be judged by the same judge of our last contest, Mr. J. R. Snavelly, of Hershey.

All the replies will have to be in our office by the eighteenth of July, and should be addressed to the Editor of "Ideal Husband Contest," and will be published in the issue of July twenty-fifth, at which time the winners of the contest will be announced.

Sign your names to the articles you send to the Editor, and he will mark them and hand them to the judge with the non-de-plumes, so that the judge will not know the contributor, and will not be able to show any partiality to any one of the contestants. Besides the Editor must have your proper name and address in order to send you the prize if you are the fortunate contributor.

Let us now hear from the women readers of the "Press," and see if the requirements of the Husband are as terrible as the men made the qualifications of the "Ideal Wife," appear in the contest in which the men had the chance of their lives to say what they thought without getting into trouble for saying it.

The letter follows:

Hummelstown, Pa.,
July 1, 1912.

Editor "Press":

Being well aware of the fact that an "Ideal Husband" enters very largely into the making of an "Ideal Wife," I suggest that the ladies be given the opportunity of saying what, in their opinion, is necessary to make an "Ideal Husband," and what the necessary qualifications should be.

Surely every reader of the "Press" is interested to know what the ladies think about the qualifications of an "Ideal Husband," and would like to read them in the "Hershey Press." "What is sauce for the Goose, is sauce for the Gander."

Respectfully yours,

GEORGE W. LIGHT.
