

FURNITURE DEPARTMENT IS LOOKING SWELL

With many more and much larger show rooms for displaying the furniture to advantage than any City furniture store can afford, the Furniture department of the Hershey Store Company, has one of the finest looking departments to be seen anywhere. These rooms are large and each one has daylight of its own, let in through its own individual window, which allows customers to see the furniture to the best advantage in the same light as they will see it in their own homes.

These magnificent show rooms of which there are eight, are all arranged in such a way as to show the furniture in the exact position as it would appear in a room, and with the same color scheme and effect. There are the pink, maize, yellow, and red rooms, with draperies to match, and the druggets and rugs of the same color schemes.

There has been placed to advantage, a reflector for shedding rays of light over the rugs and druggets which are hanging on the full arm swinging rug hanger, which shows up the designs of the druggets on display to perfection. This only one of the many little things that are constantly being added to this department in order to keep it in its first class condition, and strictly up to the minute.

The economic way of handling the furniture and the careful and prudent buying are the reasons for the department being able to sell the select furniture at such low rates.

Hershey is indeed fortunate in having such a complete and up to date furniture department in its midst, where fine furniture can be purchased at lower rates than in the cities, or nearby towns. The Hershey Store is daily selling furniture to people outside of the town of Hershey which proves beyond a doubt that it pays to buy furniture from the Hershey Department Store Company.

H. E. Clark is the efficient department manager, and is a hustler.

TETHER BALL POLE ERECTED FOR GIRLS

A new game has been provided for the girls of Hershey. This game of tether ball is a most exciting game and while it borders somewhat on tennis, it is quite different. The large pole has a rope attached to which is fastened a tennis ball. The girls use their tennis rackets and bat the ball back and forth to each other. So many hits win the game. The running after the ball is a thing of the past as far as this game is concerned, and the uncertainty of the position of the ball is just as fascinating as in the game of tennis. Then too the ball is never lost and the game is never delayed by running after the ball, unless some south paw comes up and makes a swing that releases the ball from its hold upon the rope. One can play as well as many.

The taller the pole and the longer the string, the farther the ball may be batted and the more people can play. This game is becoming more popular each day. The counting can be done by anyone and each person can keep his own score without any difficulty. Of course this eliminates the enjoyable feature of "Love Sets" in the popular game of Tennis.

"LITTLE CO-ED" MADE A HIT

Lebanon Valley College Pennants Used In the Decorations With Pleasing Effect

The "Little Co-Ed," by the Perry Players' Company made a hit the last half of last week. The play was true to college life in its settings, and was well staged and played. The manager made a hit by using a number of Lebanon Valley College pennants in the profusely decorated rooms of the Professor, and these caused a hearty round of applause by the many friends of Lebanon Valley that were present at each night's performance.

SHOOTING GALLERY RECORD BROKEN

The record for the shooting gallery was broken by Bobby Miller on last Wednesday. He succeeded in doing enough business to keep the rifles hot, and keeping them going all day. Bobby did some tall hustling, and the proceeds from the gallery proved that a new record had been made for the Hershey Park Shooting Gallery.

TENNIS COURTS ARE IN FINE ORDER

The two new tennis courts are now in fine shape and they have been overhauled and made as near perfect as possible. They have been carefully lined, with white lime, and are now being used with great satisfaction by the many fond players of this game.

OUTDOOR BASKETBALL

A plot of ground near the new tennis courts has been converted into an outdoor basket ball ground, and the standards with the baskets have been erected. This ground has been properly lined off and now the basket ball players have an accurate ground floor to play on that is a rival of many gymnasium floors.

RESOLUTIONS OF RESPECT

Hershey, Pa.,
July 20, 1912.

Since it has come in God's ruling to take from us our friend and brother, Lloyd Wise, we extend to his family and other relatives our hearts' deepest sympathy and with them mourn our loss. Though he had been among us as a member only a short time, we had come to know him as a true and helpful brother. We will remember him for his noble, Christian character and for the stalwart manhood which was always evident as he mingled with others in his business and pleasure. May the example set during his short life spur us to better living in the days that remain for us.

Signed:

Hershey Y. M. C. A.,
S. D. Clark, president,
A. W. Snavely, vice pres.,
Earl R. Mays, secretary,
S. C. Stecher, treasurer,
Charles V. Glynn,
George E. Copenhaver,
Edwin M. Hershey,
Board of Directors.
