## Board of Managers Visit Industrial School

### School In Excellent Condition and Property Well Cared For

On Thursday, November 10, the Board of Managers of The Hershey Industrial School made an inspection of the school, buildings, land, stock and other property belonging to the institution. The chairman of the Board, M. S. Hershey, provided automobiles for the trip. Dinner was served at the school by the superintendent, George E. Copenhaver and his wife. An excellent dinner was provided, after which Mr. Copenhaver conducted the members of the Board over the numerous farms and thru the buildings. Much interest was manifested in the several dairies where are kept 145 of the finest Holstein cows that can be found anywhere.

In the school room are enrolled seven orphan boys all between the ages of four and seven years. Mr. Copenhaver is to be commended for the manner in which he conducts the school proper, and for the excellent condition of the property generally. Two more boys will be added to the school this week.

The Board consists of M. S. Hershey, chairman, John E. Snyder, John B. Curry, John A. Landis, George M. Hocker, A. W. Stauffer, Israel Moyer, A. G. Risser, and S. C. Stecher, secretary and treasurer.

Everywhere in life, the true question is, not what we gain, but what we do. —Carlyle.

## Harrisburg Hospital

### Annual Call for Thanksgiving Gifts

The Harrisburg Hospital has sent out its annual call for a Thanksgiving donation, to all the towns thruout the county. These contributions in the aggregate amount to a great deal toward the support of the institution. One hundred bags have been sent to Hershey. They will be distributed. Will you not fill yours and return it to the home of Mrs. M. L. Hershey by Monday evening, November 21? Tuesday, November 22, is Donation day on which all gifts will be sent to Harrisburg.

“Not that which we give, but what we share;

For the gift without the giver is bare. Who bestows himself with his alms feeds three, Himself, his hungry neighbor and Me.”

## Y. M. C. A. Junior Members Entertain Their Friends

### A Calisthenic Exhibition Given Followed By a Basketball Game

Just a week ago today the Junior members of the Y. M. C. A. held their first exhibition on the gymnasium floor. Boys and parents were invited to attend. First in order, the class went through their calisthenics; then the

dumb-bell drill was given, followed by tumbling stunts on the mats. Next, sides were chosen and a basketball game was played. No sooner had the lads finished their two strenuous halves than they raced to the kitchen and brought out steaming hot cocoa for the visitors. Ice cream and wafers also were served by these same entertainers. Then, after having royally entertained their guests with acrobatic stunts and a game, and after having ministered to their bodily wants, these gallant little gymnasts fell to, with cocoa, ice cream and wafers in abundance spread before them. How they did eat of the good things! They all went home tired but happy, and eager for the time to come for another exhibition.

Two new members added to the roll was the direct result of this exhibition. It is hoped by the Physical Director, that many more boys may be enabled to join the ranks of these clean, manly chaps, and profit from the wholesome spirit of fair play and hard work which characterizes them. There is fun galore, muscle-making exercise, and a clean, moral spirit enjoyed. All boys between the ages of 10 and 15 years should have a share in this organization which stands for all that is pure, true, manly and noble.

## President Taft's Annual Thanksgiving Proclamation

“This year of 1910 is drawing to a close. The records of population and harvests which are the index of progress show vigorous national growth and

the health and prosperous well being of our communities throughout this land and in our possessions beyond the seas. These blessings have not descended upon us in restricted measure, but overflow and abound. They are the blessing and bounty of God.

“We continue to be at peace with the rest of the world. In all essential matters our relation with other peoples are harmonious, with an ever-growing reality of friendliness and depth of recognition of mutual dependence. It is especially to be noted that during the past year great progress has been achieved in the cause of arbitration and the peaceful settlement of international disputes.

“Now, therefore I, William Howard Taft, President of the United States of America, in accordance with the wise custom of the civil magistrate since the first settlement in this land and with the rule established from the foundation of the government, do appoint Thursday, November 24, 1910, as a day of national thanksgiving and prayer, enjoining the people upon that day to meet in their churches for the praise of Almighty God and to return heartfelt thanks to Him for all His goodness and loving kindness.

“In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

“Done at the city of Washington this fifth day of November, in the year of Our Lord, one thousand nine hundred and ten, and of the independence of the United States the one hundred and thirty-fifth.

“WILLIAM H. TAFT

“By the President:

“Alvey A. Adee, Acting Secretary of State.”
