### AS THEY PASS

Wedding bells all ready to ring for an interesting nuptial in which the principals come from either side of the Schuylkill... and will reside on this side... attendants too from each side of the river... details will come only with the sounding of the bells.

Impressions of the famed Paul Local on a Saturday morning run from a rider hailing from a less aesthetic community... "Good morning" is the pleasant greeting from the alert conductor to each passenger as he lifts the tickets for the extra-politeness also apparent among station aides... Stations overrun with liveried chauffeurs and dotted with smartly-clad matrons directing their bar-legged youngster-set daughters with high voices of those who don't have to ask-how-much-things-are and carrying to every corner of the station... Dozens of khaki-clad young stalwarts coming in from the West bound for training center at Valley Forge Military Academy and Main Line estates lent to the government and changing trains at Paoli.

Paoli three trains stop daily at Paoli... many of them steel giants from the West... And most of them late... some of them as much as two hours late.

Stations of the "famous Main Line" strung close together for the convenience of the rich and would-be rich of that exalted terrain... It's a little late to tell it... but the exchange of Christmas cards was given by Jim Morrison, Coal Company manager and Civilian Defense Council secretary with Jim Morrison, Roxborough drugist and Roxborough Lions' Club president... is the most economical card that has yet reached our ears.

A single Christmas greeting card had done the job for both of the last dozen years... It began in 1930 when Jim sent Bob a card explaining that due to the depression the greetings expressed on the card might have to cover a number of years.

Bob retailed the card the next year by returning the card with his endorsement stating that owing to depression he had to use the same card... the unique system has been carried out during the intervening years... Jim sending the card one year and Bob the next with a fresh endorsement each year.

Would you believe that it was only January, 1941, when the RECORDER advertised the following low prices, normal at that time: "Two pairs of silk hose, 90c 25c"; "Two pounds of coffee, 25c"; "Steak, 33 cents a pound".

A recent Philadelphia radio column has this to say about "Pete" Boyle, skilled commercial artist and story-writer and former resident of Conshohocken. "Drawing cartoons look like an easy job, but Pete Boyle, Philadelphia cartoonist, says that's not so. Boyle will guest on Jean Colbert's 'For Woman Only' program, heard over WJLU this morning at 9.15, to tell just what REAL work goes into cartooning... He is now established a residence here. On June 1st, 1942, he will be in Conshohocken for Aunt, Nephew.

Mrs. Charles Woodlyn of Laurelton, N. J., former local resident, and her nephew, Sgt. Stanley C. Thomas of this borough, are wearing similar Army insignia, a Thomas home, over last night, reveals.

Mrs. Woodlyn is just completing a six months' enlistment as an inside guard at Camp Evans, Fort Monmouth, N. J., her dark blue uniform carrying the insignia of the U. S. Signal Corps, similar to that worn by Sgt. Thomas now undergoing advanced radio instruction in an Army Technical School at Kansas City.

Duties of the women guards are limited to day hours at the camp. Mrs. Woodlyn, the former Alice Clark, a talented mezzo soprano and monologist, plans to re-enlist again when her present enlistment expires next month. She is a sister of Mrs. Joseph P. Thomas, 124 East Eighth avenue, mother of Sgt. Thomas, and spent yesterday and is spending today at the Thomas home.

ORDERS FILLED within approximately 48 hours on RECORDER STATIONERY SPECIAL, 50 sheets, 50 envelopes, complete with name and address, white, paper, blue or black ink, only \$1.00. Double quantity, 100 sheets, 100 envelopes, \$1.50. RECORDER, Hector and Forrest. Phones 50 and 501.

### BROADWAY BECKONS

Making what may be her last screen appearance for many months, Mariene Dietrich co-stars with Randolph Scott and John Wayne in Universal's "Pittsburgh." Before appearing in front of the cameras again, the glamorous Mariene probably will star in a Broadway musical production. This will mark her first appearance on Broadway. One of the year's most powerful love stories, "Pittsburgh" is laid against a background showing the tremendous task of converting American industry to the war effort.

## Police Chief Reports for '42

**Whitemarsh police department operated within budget — Had 28 court cases and all were convicted.**

Consideration by the board of supervisors of Whitemarsh as to the increased cost of "equipment, supplies, maintenance and living," in the preparation of the 1943 budget is requested by Chief of Police David E. Ennis in an annual report to the board.

The budget will be adopted in March.

For the fourth consecutive year, Chief Ennis pointed out, the police department through thorough investigation, did not lose a single case taken into the Montgomery County courts.

"I firmly believe this is a unique record and certainly the most important factor when considering or appraising the efficiency of the department personnel," wrote Chief Ennis in the report.

The chief also observed that the department operated within its budget, "notwithstanding the fact that work they have done, brought on by this national crisis." New duties and added responsibilities have been assumed by the department unhesitatingly, and performed in a most satisfactory manner, the report said. These include investigations for the Federal Bureau of Investigation, Selective Service boards, organization and training of Auxiliary Police under the Civilian Defense setup; operation of a school for Industrial Police men employed by various firms in and about the township so that "these green men might better protect the industries engaged in the manufacture of vital products for national defense," according to Chief Ennis.

This also is an excerpt from the report:

"The equipment has been kept in first class condition which is necessary for any bureau to function efficiently and this department is equipped as well as any department of relative size in Montgomery County. This has cost money but the taxpayer has received service for what he is paying. Rough figuring would show that it cost Mr. Taxpayer approximately two dollars per year, or less than four cents a day."

Value of property recovered by the police department was estimated at \$95,000. There were 16 cases each of drunken driving and larceny, 15 disorderly conduct, eight malicious mischief, burglary, four involuntary manslaughter, two.

The police traveled 59,844 miles on patrol duty. Gallons of gasoline consumed totalled 4,193. Property damage to automobiles was estimated at \$11,053; personal property damages, \$1,130. There were nine arrests for felonies, 64 for misdemeanors and 139 as a result of violations of the automobile code. In fines, the township received \$437; the State, \$488.

Other items: Complaints received, 597; radio calls received, 998; investigations made, 439; automobile accidents, 68; court attendance (days), 34; special assignments, 74; recovered automobiles, 16.

Types of crimes: Assault and battery by automobile, 3; aggravated assault and battery with intent to kill, 2; burglary, 4; breach of the peace, 4; carrying concealed deadly weapons, 1; disorderly conduct, 15; drunken driving, 16; involuntary manslaughter, 2; indecent assault, 1; larceny, 16; malicious mischief, 8; receiving stolen goods, 13; suspicious characters, 1; trespassing, 2; escaped inmates returned, 5.

Pleas of guilty, 13; coroner's court cases, 2; juvenile court cases, 3.

Action by magistrates: hearings, 202.

Fines: Summary convictions, \$75; motor vehicles, \$437; jail sentences, 12 days in county jail.

Action by the county courts: cases, 28; pleas of guilty, 13; stood trial, 15; percentage convicted, 46.

As a member of the local civilian defense council, he acted as assistant auxiliary police chief and commanded the river rescue patrol at Swedesburg."

### U. M. H. S. Notes

Vaccinations given to Upper Merion high school students yesterday were delayed temporarily as a shortage of vaccine was acknowledged. However, many students were inoculated by Dr. Allan Rodgers, school physician, who was assisted by Mrs. B. P. Falcone and Mrs. Helen Phare, school nurse.

The Student Council of Upper Merion High school at a meeting held yesterday in the Gulph Road school auditorium made a selection of the type of service flag it shall have, honoring all its graduates who are in the armed forces of the United States.

### Fire Company Meeting

The regular bi-monthly meeting of the Swedesburg Volunteer Fire Company was held Sunday morning in American Citizens Club Hall with President Ed Rakowski presiding. Several hundred feet of hose, received by priority, was delivered at the fire company garage. Sunday afternoon practice tests were held at the Markland Creek, Swedesburg, Swedenland Country explained several details about fire-fighting. One new member was admitted to the fire company, he was Joseph White. Five new fire police were also elected at the meeting. They are Michael Makoid, Michael Clecki, Alexander Zielinski, Steven Novitski and Leon Kanasiak. Plans were also tested yesterday by the engineers. Although the fire company has received its first shipment of hose, it will not answer any fire alarms until phone service is completed. President Rakowski announced that the fire company will be holding a picnic at the Markland Creek, Swedenland, July 4. The local civic club received man letters of thanks.

### How to DOUBLE your Butter

Take 1/2 lb. of Butter—Have the butter soft. (Keep it at room temperature about two hours. Do NOT melt the butter by cooking.) Cream the butter with an electric mixer or hand beater. If an electric mixer is used, whip it at medium speed and gradually increase to high speed.

### Plus 1/2 cup of exclusive Supplee Devon Style Cream—Add 1/2 of a measuring cup of the Devon Style Cream to the butter, a tablespoon at a time, until the butter absorbs all of it. Salt to taste, then put in the refrigerator until hardened. Mold or cut into patties when serving.

You'll get 1 lb. of delicious Butter Spread—You double the butter volume with none of the butter flavor lost. And it's far less expensive, too! You'll find it wonderful on toast, in mashed and baked potatoes and other cooked vegetables.

USE the rest of the Devon Style Cream on your salads and in pastries. It's rich, spoon-thick and mild in flavor—so different! Available in half-pints and pints. Order from your Supplee milkman or your neighborhood store. Ask for the Devon Style Cream Recipe Folder if you order by telephone: Norristown 2615.

## LINKING THE FACTORIES WITH THE FIGHTING FRONTS

Millions of tons of raw materials for war industries... finished parts to Assembly Plants... guns, planes, tanks, ammunition to mighty convoys packing death and destruction for our enemies.

Tools of war... for use by United States Forces, by brave British, gallant Russians, unconquerable Chinese... all the free fighting men of the world.

Every section of our country furnishes materials for war that must be moved on fast schedules to the East, South, West and North.

Upon the broad shoulders of the Railroads rests the responsibility of moving the vital sinews of war over America's vast network of shining steel rails. It's the Railroads' job, too, to transport the bulk materials for the construction of camps, fortifications, war plants.

The Railroads have the skill and the will to do this vital job. They are doing it... will do more. They will deliver the goods—where wanted, when wanted.

**Cut Out Traffic Lights**

Drastic curtailment of automobile traffic, need for conserving gasoline and tires have caused the state to suggest to municipalities to change traffic lights to blinkers except at very dangerous intersections.

The borough continues to operate traffic lights in Fayette street and present conditions warrant the suggested change without endangering the public.

Motorists complain of having to stop and start on a steep grade, especially when there is so little traffic moving. The stop and start, especially with trucks, on the steep grade consumes a lot of extra gasoline and increases wear on tires and machine.

A change to the blinker system should be made in the interest of economy for the duration of the war.

**A Police Report**

The annual report of David E. Ennis, chief of police of Whitmarsh township to the Board of Supervisors is evidence of the value of the police training school.

Twenty-eight cases were returned to the Common Pleas courts from Whitmarsh township last year. Of these cases, thirteen defendants pleaded guilty and fifteen stood trial and were convicted. A record of one hundred per cent. convictions, which cannot be bettered by any police department.

It was not a matter of the police striving for convictions, regardless of the guilt or innocence of the defendants. The convictions were secured because the police had prepared their cases and produced evidence for the District Attorney to properly prepare the case.

Chief Ennis has been trained in gathering evidence and preparing cases for submission to the District Attorney and has given instruction to his fellow officers.

The Whitmarsh police force is small as only four men are employed to police the entire township which has an area of 16.84 sq. mi. and a population of 4849, and does an efficient job, because the police have taken special training in police work.

**State Employees**

Governor James' term will end on January 19, when Governor-elect Martin will be inaugurated.

Governor James, in his campaign, pledged an economical administration without impairing essential public services. He contended the preceding Democratic administration had loaded upon the taxpayers thousands of job holders whose services could be dispensed with to the benefit of the state.

In the closing days of his administration, he made public a recapitulation of the number of salaried and per diem or hourly wage employes of the Departments under the Governor's direction, exclusive of the Civil Service.

Upon taking office, Governor James found the total number of employes to be 38,825 of whom 12,133 were salaried employes and 26,692 per diem or hourly employes.

During his administration, he cut the number of employes to a total of 26,855, a cut of 11,970. He reduced the salaried employes from 12,133 to 8,925 a cut of 3,208 and per diem and hourly employes from 26,692 to 17,930 a cut of 8,762.

It has been charged in Harrisburg the Governor cut too drastic and refrained from filling vacancies and increasing the work of the remaining employes. However, the taxpayers have not complained, and if injustices have been done, his successor may correct them.

Governor James carried out a mandate from the public to clean house at Harrisburg. He did so and his successor is pledged to give an economical administration.

General Martin has had wide experience in state affairs. He knows the needs of the state and is competent, by experience, to judge what is required of the state and how to meet those requirements for the successful prosecution of the war.

The new administration is committed to a reduction in taxes and it is believed this can be done in face of the great decline in revenue due to rationing and other war restrictions.

General Martin will take office with his party in control of both Houses of the legislature and will have a large surplus in the state treasury, and a surplus of more than \$290,000,000 in the unemployment compensation fund. The fund should be one of the first subjects to be studied with the purpose of reducing payments into it which are not needed.

**Plan Recreation to Supplant Motoring**

In order to provide entertainment for residents of the community whose automobiles will be little used due to rationing Barren Hill fire company discussed the advisability of holding a variety of programs during the winter at a semi-monthly meeting Friday night at the fire hall.

Thomas O'Neill was appointed chairman of a committee in charge of arranging a card party and entertainment. The date will be set at a committee meeting. Several men who were present from Lafayette Hills and Lafayette Park said newcomers to the township were well pleased with a program recently they were convinced the attendance would be greater at subsequent entertainments sponsored by the community.

Firemen are awaiting word as to whether the Office of Defense Transportation regarding the use of cars by members to attend meetings. The Fourth District of Montgomery County Firemen's association will convene January 20 at the Barren Hill fire hall. Except for automobiles the majority of members have no means of reaching the fire house.

For the third consecutive year Edgar E. Mitchell, a member of Whitmarsh township police force, was elected president of the company by unanimous vote. Other officers chosen to serve for the ensuing year are: William Edward Lightsey, vice president; Henry Lloyd Bowser, financial secretary; Edward Wethey, financial secretary; Walter E. Gilinger, chief; Clarence Christmas and Elmer Sague, assistant chiefs; Emerson C. Custis, Franklin Goshen, Clarence Knode, Thomas O'Neill and Arling C. Rose, trustees.

The firemen will conduct a social program at a meeting February 5. Benjamin Byerly was named chairman of the committee in charge. The next session of the fire company will be held January 22.

**Edward B. Duffy Heads Bar Ass'n.**

Attorney Edward B. Duffy, Abington is the new president of the Montgomery County Bar Association. He succeeds District Attorney Frederick B. Smilie.

The election took place at a meeting of the Board of Directors of the Association Friday afternoon. Other officers elected are: Deputy Prothonotary Abram D. Halzman, vice president; Attorney Charles E. Moffett, Jr., secretary; and Attorney George K. Brent, treasurer.

At the meeting of the Association, attended by 80 members of the Bar, including the county's four judges, Attorney Franklin L. Wright, chairman of the Law Library Association, presented to the Bar Association the service flag of the Association for World War I. This contains 13 stars designating the number of attorneys from this county who served in the war in that order of merit. The flag will be placed in the Bar Association Building, Cherry and Airy streets.

District Attorney Smilie, who retired as president of the group at the meeting, outlined activities of the Association during the last year, an important feature of which was the renovation of the Association's new building—the former Cherry street school. He reported that 28 members of the Bar are now in the service of their country for World War II and that an appropriate service roll is now being prepared for them.

Four new directors were elected. They are: Attorneys Frederick B. Smilie, Joseph K. Fornace, Paul P. Wisler and Morris M. Gerber. The retiring directors are: Edward B. Duffy, A. D. Halzman, William J. Moran, Jr. and Raymond Peastine.

**"AN UNKNOWN LAND 1943"**  
We enter today, an unknown land, faced with storm, stress and strife. No one knows what lies ahead in these changin' scenes o' life. No echo resounds from its hidden hills, no firm its highways trod. We all should go, for weal or woe, with a firm faith in God.

For some will travel in gloomy glens, a few scale heights o' fame. Others will cross the lakes o' loss, or wade in swamps o' shame. Some will bask in sunny bowers, bright song-birds round to cheer. But many must fight with all their might, beset by doubt and fear.

Thus burdens and bypaths, along the road, our progress will delay. And foolish friends, for selfish ends, seek to lead our steps astray. But subtle schemes, no facts, no dreams, will ever win this fight, It'll take our best, in every test, if we prove that right is might.

Ay! who's afraid in strife or shade, when love is their guidin' star? For we understand, that this "unseen land" only reflects the foll: we are So in faith, not fear, we greet this year, God leadin' in the fray. And we'll pray to see, all nations free, ere another New Year's Day.

Cold Point, Plymouth Meeting, Pa. Jan. 1st, 1943.

**Your Federal Income Tax**

**No. 3 PERSONAL EXEMPTION**

Every individual is allowed a credit against his net income which varies with his domestic status, that is, whether he is (a) a single person, (b) a married person living with husband or wife, or (c) a head of family. This credit is known as personal exemption, and is shown on line 21 of the return Form 1040. The amount of the personal exemption also varies depending upon the period during which the taxpayer occupied the particular exemption status.

The personal exemption for a single person is \$500 for the year; for a married person living with husband or wife, \$1200; and for a "head of family," \$1200. (Personal exemption as head of a family has no effect on liability to file a return.) For Federal income tax purposes, widows, divorcees, and married persons separated by mutual consent, as well as persons who have never been married, are classed as single persons.

A head of family is defined as "an individual who actually supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, relationship by marriage or by adoption, and whose right to exercise family control and provide for those dependent individuals is based upon some moral or legal obligation." A single person or a married person not living with husband or wife, may therefore, enjoy a head of family exemption under certain conditions.

Taxpayers using a Simplified Return (which is permitted if the gross income for the year is \$3000 or less) may derive solely from earnings from employment, and/or from dividends, interest and annuities) obtain personal exemption based on their status of July 1 of the year. Thus a taxpayer married and living with husband or wife on July 1 is entitled to the personal exemption on Form 1040. If he were a widower on July 1, his exemption would be \$500, irrespective of the date on which he became a widower. The amount of the exemption is not deductible from the income but is reflected in the amount of tax shown in the table on the reverse side of the form.

Taxpayers using return Form 1040 obtain personal exemption proportionate with the number of months during which the particular status is held. Thus, for a person who married on July 1, (who was not a head of family prior to his marriage) the personal exemption would be \$850 (\$250 for the six months as a married man). In this example it is assumed that the wife has no income.

Married persons may, however, file joint returns, even though one has no income, and by filing a joint return a couple married during the year may obtain an exemption amounting to the exemption to which they would be entitled for the period of marriage, plus the amount of their individual exemptions prior to their marriage. In the example given the total exemption in a joint return would be \$1100 (\$250 for each spouse for six months plus \$600 for six months married status).

If a husband and wife living together both have income and file separate returns on Form 1040, the personal exemption applicable to a married person may be taken in the return of either or divided between them in any way as they may agree, but the total personal exemption taken in the two separate returns may not exceed \$1200.

**Small-Pox Vaccine at Casualty Stations**

Residents of Whitmarsh township will be vaccinated against smallpox Sunday at casualty stations of the Civilian Council of Defense.

This was announced today by Charles Wagner, chairman of the defense council. The proposal to open the casualty stations was adopted last night at a meeting at headquarters in Whitmarsh township building, Barren Hill.

Dr. Edward B. Krumbhaar, medical director for the council and Mrs. Maria B. Burke, chairman of the women's activities committee, will supervise arrangements for the mass vaccination.

The casualty stations are located at Barren Hill fire house, Lincoln of Cedar Heights fire house, Spring Mart fire hall and St. Paul's Reformed church, Whitmarsh. Wagner said announcement as to hours the stations will be open and the later.

**Fire Damages**

(Continued From Page One)

repairs and renovation will be necessary, it is stated.  
**Empty School**  
St. Mary's parochial school was emptied of its pupils in record time, as soon as the school faculty learned of the fire. Under the supervision of the Bernardine Nuns, who comprise the faculty, boys and girls were led to the schoolyard in orderly manner, ready for dismissal if the fire grew worse. When it was quickly gotten under control, the pupils resumed classes.

The rectory is part of a large church plant, one of the largest church units in the borough. The plant includes a large church, with a congregation of more than five hundred members, a two-story brick school, a parish hall, a convent housing the school faculty and the rectory.

The rectory is the former mansion of the late Hon. John Wood, a member of the U. S. Congress and head of the J. Wood and Brothers Company, now extinct.

**Soldier Aids**  
First person outside the occupants of the rectory to notice the fire was a soldier-member of the congregation, home on furlough, who happened to be near the building to inform the housekeeper.

He arrived just after she had notified the firemen, she said.

The soldier is Sgt. Walter Duraczynski, who will return tomorrow to Camp Tyson, Tenn., after an eight-day furlough at the home of his parents, Mr. and Mrs. Walter Duraczynski, 341 East Elm street.

Sgt. Duraczynski came to the rectory of St. Mary's Church, a short time before he discovered the fire, to meet his brother, Rev. Jerome Duraczynski, assistant rector of the Immaculate Conception R. C. Church at Waterstown, South Dakota, who is visiting his parents here also. The young priest, ordained in the Spring, has just celebrated a mass in the church.

As the brothers walked out of the rear of the church, Sgt. Duraczynski noticed thin trails of smoke gushing from the roof of the rectory. In less than a minute, the smoke increased and poured from other parts of the roof.

Washington and No. 2 companies arrived in brief time and both companies put plus streams into quick action. The fire spread rapidly under the roof, and looked for a time like a bad blaze. Firemen experienced difficulty in fighting it, but finally got it under subjection and after an hour's battle, pronounced it quelled.

At 12:45, however, the Washington Company was again called when it seemed to have again ignited.

**Tough On The Kangaroo**

By IRVIN S. COBB

A YOUNG Irishman whose family was scattered pretty well over the English speaking portions of the globe emigrated to America. Soon after his arrival in New York he paid a visit to the Bronx Zoo. He halted in front of a cage containing one of the largest kangaroos in captivity. After watching the curious creature for some time in an awed silence, he hailed a keeper.

"What's that thing?" he asked.  
"That," said the keeper in his best professional manner, "is a marsupial mammal that carries its young in a pouch on its breast, lives on roots and herbs, can jump twenty feet at one leap, is able to knock a human being down with a kick from either hind leg, and is a native of Australia."  
"For the love of Hiven!" cried the Irishman, bursting into tears, "Me sither's married to wan of them!"  
(American News Features, Inc.)

mitted, but after fifteen minutes the firemen returned to their station.

Because of the condition of the house, due to the fire, the three priests had luncheon at St. Matthew's rectory, upon invitation of Rev. William A. O'Donnell.

Rev. Sebastian Jersak and his assistants were emphatic in their praise of the prompt response of the firemen and their excellent work. "We are more than indebted to the Washington and the No. 2 fire companies," Rev. Father Jersak stated. "I fear we should have had very serious consequences, were it not for their prompt, efficient work. We extend our sincerest gratitude to them and to all who assisted us."

**Deaths**

**Mary A. Nagelle**

Miss Mary A. Nagelle, 71, a well-known resident of the borough, died on Saturday at the home of her brother, Henry Nagelle, 104 East Fourteenth avenue.

Born in Philadelphia, a daughter of the late Charles and Anna Nagelle, Miss Nagelle came to this borough as a small girl and has resided here most of her life. She was an active member of St. Mark's Lutheran Church.

She is survived by two brothers, Charles and Henry, both of this borough.

The funeral will be held from the residence of her brother, Henry Nagelle, tomorrow morning with Rev. G. E. McCorney, pastor of St. Mark's Lutheran Church, officiating at the service. Interment will be made in Barren Hill Cemetery.

**John S. Ramsey**

Following an illness of four months, John S. Ramsey, husband of the late Georgianna Ramsey, proprietor of a gas station at Bird-in-Hand, died Saturday at his home on Rebel Hill. He was a patient for seven weeks in Jefferson Hospital, Philadelphia.

Born in Butler, N. J., Mr. Ramsey came here 42 years ago and has resided here ever since. He operated a milk route for a number of years and later served as a member of the Lower Merion police force. He was an electrician by trade and also followed that vocation until he purchased the gas

Dragons Spoil Golden Bears Home Opener

Last period rally enables visitors to win opening game in Suburban Six League—Locals lead for three periods—Local Jayvees lose.

The Bridgeport Dragons spoiled the home opening in the Suburban Six League for the Golden Bears of Conshohocken Friday night and won out over Coach Oscar Frea's quintet by a score of 28 to 18. The game was well attended and despite the fact the heat had been turned off at 3:30 in the afternoon the gymnasium was comfortably warm for both players and spectators. A last period rally carried the visitors to victory. During this scoring spree the Dragons used a fast break and this with a high percentage of conversions of field goal tries, proved disastrous for the locals. The Bears played a snappy brand of ball but their shots failed by the fact that out of forty-four shots at the basket only five of them dropped through the netting. The game was closely contested throughout the first three periods with the Bears holding the edge practically the entire way. They took the lead at the outset on a field goal by Pasquini but the score was immediately docketed when Valerio scored on a layup shot. Kasopski once more put the locals in the lead with a field goal. A foul try by Pasquini completed the scoring in the first period which ended with the Bears in the lead 5-2. The scoring in the second quarter was a repetition of the first period. The Bears tallied four points, all resulting from foul shots. Novi accounted for two of the points with Kasopski and Bate each making one conversion. The Dragons scored only two points in this quarter. Wagner scoring both from the fifteen-foot mark making the score at the end of the first half 9-4 in favor of the locals. Homa started the third period with a field goal for the Dragons. Bate nullified this with a pretty field goal from near the center of the court. Homa added another field goal and this was followed by a goal by Novi from a side shot. This was followed by a foul by Wagner and another field goal on a long shot by Homa his third of the period. Shearman then made two field goals to tie the count at 15 all as the period came to a close. The Dragons opened the final period with a rally that did not end until the final whistle. During this period they collected 13 points while the homesters were adding three

West Side High Victorious In League Opener

Hilltoppers displayed championship form in opening Suburban League season at Spring City—Team made trip by train.

West Conshohocken High opened their Section Six League schedule Friday night with an impressive 30-18 victory over Spring City. The game was played on the Pirates' court. Unable to hire a bus or even drive private cars to go to the game, the Hilltoppers were compelled to travel by railroad to Spring City. It was probably the first trip a West Side team has made in this matter. West Conshohocken is gaining the decision over the Pirates played championship throughout the contest and served notice on the other three teams in the league that they jumped off to an 8-3 lead in the title race. They handled the ball cleanly, their passing was fast and their shooting accurate. The Hilltoppers took the lead at the outset and increased their margin as the game progressed. They jumped off to an 8-3 lead in the end of the first period. They were outscored 6-3 in the second period but managed an 11-9 margin as the teams left the floor for the half-time intermission. When play was resumed in the third period the Hilltoppers again put on the pressure and had gained a 23-15 lead as the third quarter came to a close. In the final period Coach Blitz used his second string players for more of the time and even with the regulars on the bench his team managed to outscore their opponents 7-3 to bring the final figures to 30-18. Bob Kennedy and Tony Bianco lead the Hilltoppers in individual scoring with 11 and 10 points, respectively. Saylor was high scorer for the homesters, with a total of 11 points. It was the second victory of the year for Coach Blitz's team, they previously having beaten North Wales in a non-league game.

School Teams Play To-night

Golden Bears will travel to Lower Moreland for non-league game—St. Matthew's Mirrors will open season on West Side.

The Golden Bears will tackle another Montgomery county high school association team tonight when Coach Oscar C. Frea leads his team to Lower Moreland for a non-league game. The Bears, after having dropped back in their first two games, are hopeful of breaking into the win column tonight. The C. H. S. passers have played good ball in both of their games but have not as yet got the range of the baskets. Once they overcome this weakness they are sure to give a good account of themselves. The boys handle the ball well and their passing is exceptionally good. In both of their contests the players have played a good floor game but have been off in their shooting. In the North Wales game they were beaten by a narrow margin and against Bridgeport they held the lead for practically the entire first three periods. Coach Frea is working hard with the team in the hope they will soon get the range of the basket and be able to increase their scoring. Lower Moreland, usually not as strong as North Wales, should give the local team some needed experience. Once the boys break into the win column they will be an inspired team and should continue to win the greatest number of their games. The boys are in excellent physical condition and will take the floor at full strength. St. Matthew's Mirrors will open the season tonight when they journey to the West Side to tackle Coach Milton Blitz's Hilltoppers. The Mirrors have been practicing for the past three weeks under the direction of Coach Gagan, a Junior from Villanova College, and they are in good physical condition for the opening game. The teams have been friendly rivals for several years and their games have always been hard-fought and closely contested and the game tonight should

Officials to Halt Illegal Use of Gas

Officials of OPA are determined to halt the illegal and foolish use of gasoline. Chief of Police David E. Ennis said last night in a talk before members of the Auxiliary Police unit of the Civilian Council of Defense at a meeting at Spring Mill fire hall.

Transportation in cars to and from meetings of the auxiliary police is permissible, Chief Ennis said, because the unit is essential to national defense. All members were asked to form groups so that the minimum number of cars would be pressed into service for the purpose. All living within a reasonable distance of the headquarters or have public transportation facilities at their disposal should not use their cars, the chief said.

Chief Ennis, under whose supervision the auxiliary police unit was formed, spoke of the investigation conducted by OPA representatives in the township, Sunday. He said the office is determined to enforce present regulations.

Films depicting the invasion of Africa by American forces, the Battle of Manila and a British Commando raid on the coast of Norway were shown by Wesley Gelsa, member of the faculty of Roxborough high school. Also shown were two films in technicolor which were taken by the high school instructor during visits in Florida and California.

H. Clay Walsmsley, of 25 Wagner road, Lafayette Park, who formerly lived at East Parker avenue, Roxborough, arranged the program.

George Irwin has the distinction of being one of the few Eagle Scouts of this community and is only member of the First Baptist church to reach this high scout rank.

Attending Conshohocken High school, he played basketball there, and also with the Hale Fire Pump Company team and with the Baptist Church team in the Church

West Side Finds His Recreation In the Recorder

January 4, 1943 To The Recorder: Have read many of the write ups in the Recorder, written by the Conshohocken Soldiers and other ser vice men. I have been getting the Recorder for the past sixteen months, while I have been in the Army.

I believe that this Camp is about the only one in the United States, that there is not more than one Conshohocken fellow stationed. This is an Alert-Post, and we do not get out and around like the boys in the Inland Camps. The Recorder naturally is the only means of contact-recreation for me, and I really enjoy reading about the local men in the armed forces.

I think that if all the boys from home would give their full address, when they write in, a lot of us could keep in touch with each other, by letter.

Sorry to see that St. Matthew's High will not place a basketball team on the court this year, but know that the Golden Bears quintet will keep the sport prestige up for the town. Best of luck to all the home folks and to our very fine newspaper, the Recorder.

Sincerely Yours, PFC JOSEPH T. KENNEDY B1 Battery, 246th CA (HD) Fort Story, Virginia.

Loses Appeal - - -

peal was far more incriminating than the testimony before the Board.

All the evidence tending to establish additional violations were introduced at the appeal hearing over the objection of the appellant who contended that an appeal hearing evidence only as supports the charges alleged in the original citation. The Liquor Board attached argued otherwise.

Judge Dannehower said he did not feel it was necessary to decide that question at this time although he was inclined to agree with the appellant's contention. "Otherwise a licensee might be faced with numerous charges which he would be unprepared to defend at such a hearing, said the court. A decision, therefore, is based only on the two original charges.

"This store is located in a community where there are a large number of boys of high school age, and they should not be allowed habitually to frequent an establishment where intoxicating beverages are sold and engage in gambling with a pin ball machine. Such conduct will lead to the formation of bad habits and is not conducive to the public welfare.

"We feel that the complaining neighbors and parents, to Lower Merion Township Police and enforcement officers are to be commended for calling to the attention of the Board the irregularities existing at this establishment, and the facts upon the record lead us to the conclusion that a penalty more severe than a 15 day suspension should be imposed.

After imposing the three months suspension beginning today, the court directed the appellant to pay the costs. The court also said it could not overlook the fact that on November 9, 1939, this licensee was cited for various violations which resulted in a suspension of the license for 30 days, and the licensee, as an offer of compromise, paid \$200."
