BUY LAND FOR DUMP

To ask bids for building sewer line to serve W. 6th avenue properties

A fire commission comprised of nine members was created by enactment of an ordinance by town council at the regular meeting Wednesday evening. The ordinance provides for the appointment of a fire chief by town council and each fire company to name two deputy chiefs, to be confirmed by council. The commission to be comprised of nine members, three members of each of the two fire companies, one member recommended by both companies and the president of town council.

The commission would have authority to make inspections to discover and eliminate fire hazards and wide powers over the fire department for better fire protection. The ordinance was sponsored by the fire defense board and offered by the ordinance committee. It was adopted after three readings by a unanimous vote.

New Councilman
Frank Capaldi, of the Second ward, elected at the April meeting for the unexpired term of the late John Mansfield, was seated as a member of council. He was introduced by President Smith.

To Buy Land

Upon recommendation of the finance committee, council will purchase the old quarry situated between Sixth and Seventh avenues and Wood and Freedley streets. The land was owned by the Alex. Martindale and was sold to Montgomery county delinquent taxes. The borough purchased it from the county for the amount of taxes due and will ask the school board to forgive their portion of the taxes. Upon acquisition of the land, it is proposed to use it for a public dump. An incinerator will be built to dispose of all paper, boxes and like refuse and it is planned to have the dump supervised so there will be no objections by owners of adjacent property.

Sanitary Sewer Line

The Sanitary Water Board has granted a permit for the building of a sewer line in the alley between Fifth and Sixth streets and Wood and Freedley streets, to serve the properties in Sixth avenue which cannot be served by the Sixth avenue line. Council authorized payment of the \$20 permit fee and instructed the secretary to advertise for bids for building the sewer line.

A request from the John H. Stemple estate for release from sewer line of a lot of ground in West Fourth avenue, which is about to be sold. The estate desires to pay the sewer charges on the one lot, which is part of a tract of land which has been sold for sewer charges. Council rejected the request and demands payment of the full assessment.

Instructions were given to the ordinance committee to have an ordinance prepared establishing a grade in West Sixth avenue, Freedley street to Colwell's lane. Upon enactment of the ordinance grade lines will be given property owners to set curb and build sidewalks.

Solicitor Forrest notified Council of the case of Henry M. Tracy, Esq., against the borough for damages for change of grade of East Seventh avenue will come up for trial on June 2. Council authorized the solicitor and the Engineer to prepare the case for the borough.

Coroner W. J. Rushong has issued a certificate of accidental drowning.

According to the parents, the child, in company with Ronald and Daniel Dunsmore, children of neighbors, were walking on the top of the canal when the boy had fallen into the water.

The dead boy was a second grade student at the Bridgeport public schools, and after his regular sessions yesterday he was scheduled to attend a class in special instruction.

However, the lad went to the vicinity of the canal instead, and it was not until the Dunsmore children, in company with their mother, came to the Gambores' home about 5:30 p. m. that the Gambores learned of the tragedy.

They immediately summoned Bridgeport police who went to the scene with grappling hooks and retrieved the body. The boy had been in the water about a half hour before the body was brought to the surface by Officers Paul Smith and Thomas Dewan.

They placed the limp figure in a cooler and took him to Monticomey Hospital, Norristown where the boy was placed in a respirator without results. He was dead upon admittance, according to Dr. Blair Ronan, internist.

The proceedings were stayed.

The results of this rating are satisfactory, it was stated, and compare favorably with a similar rating of the buildings and equipment of the district. This survey was done as a professional study by the faculty, one of a number of programs in co-operative supervision stimulated by the Supervising Principal and Building Principals. Mr. Stratton also reported the Plymouth and Black Horse schools will hold the usual May Day closing exercises.

Declare Your Americanism

Conshohocken, which has contributed much in manpower, money and materials in the war effort, will, on Sunday afternoon demonstrate to the men and women in the armed service, the unity of loyal Americans by assembling in a patriotic meeting.

It will be encouraging to the men and women who have left their families, friends and homes here to join the armed forces for service in distant parts of the world to learn that the home folks are war conscious and place high value on American citizenship.

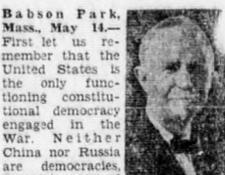

When, in some far-off camp, they read of the folks at home turning out in large numbers to a meeting in celebration of "I am an American day" and urging those foreign born residents who have not been naturalized, to desire and attain American citizenship, it will encourage and inspire them. It will be notice to them the folks at home are keeping the faith and giving full support to the war effort that the American way of life and the priceless heritage of liberty and freedom may be preserved for succeeding generations of Americans.

Those residents of the community who have entered the military service will be at Sunday's meeting in spirit.

When Will The War End?

Babson says not until after the election of November, 1944 — Conduct of war will get into politics — Country divided on policy of invasion or strangulation.

By Roger W. Babson

Babson Park, Mass., May 14.—First let us remember that the United States is the only functioning democracy engaged in the war. Neither China nor Russia are democracies. England has no written constitution although this fact is not necessary for my thesis this week. Certainly England and her Empire group are run on entirely different principles than is the United States. All the above means that whether we like it or not, World War II is gradually bound to get into politics. Furthermore, the longer the war lasts, the more it will become involved in politics. This is especially true as fear of American invasion or bombing disappears and there is a general feeling that we are bound to win. This is no reflection upon either the Republican or Democratic Parties and least of all upon President Franklin D. Roosevelt. Having once been a presidential candidate myself I want to definitely emphasize this point:—World War II is bound to get into politics even if I or any reader of this column were President.

Japan or Germany First?
 The question of whether we shall first whip Japan or Germany, or go at them both 50-50, is already a question of politics. Many Republicans, lead by General MacArthur, are for whipping Japan first, or at least giving her the dosage of bombs while most of the Democrats, lead by the President, are for whipping Germany first. Furthermore, sectionalism is a factor in this connection. The Pacific Coast is especially fearful of Japan, while the Atlantic Coast is especially fearful of Europe. The Great Middle West, lead by the Chicago Tribune, is more-or-less noncommittal. Before Pearl Harbor this great section of the country was largely isolationists. Since then they have been very loyal, but in the hearts of many wonder what is all about.

Then, this country is divided as to whether we are acting independently enough. Some seem to regret that when pulling our chestnuts out of the fire we also are pulling out England's. Personally, I believe we owe a tremendous debt of gratitude to England and am not at all sympathetic with this group of "America Firsters". In order to save ourselves we are obliged to save England although we are not in this war, per se, to save the British Empire. If after the war a vote should be taken on what we should do for the British Empire, I am afraid our good English cousins would be disappointed. Therefore, this has become more-or-less of a political football with the New Dealers lining up with the British Empire and the Republicans playing with the "America Firsters" program. This is further complicated by the leading Republican Candidate for 1944, Wendell Wilkie, taking a broad-minded, global viewpoint; while another spectacular Republican, Clare Booth Luce, backed by untold millions, seems to be for grabbing all we can for ourselves.

Invasion or Strangulation
 Perhaps the most important political struggle will develop in connection with the policy to be used in bringing Germany to her knees. One group favors the immediate invasion of Europe and I assume that President Roosevelt is back of these immediate invasion plans. By Europe, I mean the invasion of the Continent itself. Taking Norway is not invading Europe. Certainly, if this is not the intention of the Roosevelt Administration, it has been deceiving the American people. It is generally assumed that the real invasion jumping off points will be England, Norway, Africa and Turkey. The invasion may be centered at one point or scattered over

several points. I am a military man and am unable to comment on this problem. I do, however, understand that the Administration favors 100% with Russia and England. This means doing what Russia and England want as they are in the majority. Hence, I admit that an invasion may come at any time.

Some Republicans believe that the immediate invasion program would require an uncalculated sacrifice on the part of our people. In this belief they may be backed by a majority of the mothers and fathers, sisters and sweethearts of the boys in the army. Furthermore, the more the army becomes, the more sympathizers the Republicans will have to the substitute strangulation policy, rather than the Democratic invasion policy. These Republicans might favor an invasion of Norway or Turkey in order to get bombing fields, but their primary object is to surround Germany and her conquered countries with a series of bombing fields in Russia, Norway, England, Turkey and Africa, and gradually bomb the daylight out of Germany. They also favor the same policy as to Japan. As a student of political history, I know it is inevitable that this problem will get into United States politics.

Uncertainty Results in Delay
 All this will tend to delay a 100% war effort until after the 1944 elections. These are only eighteen months away and eighteen months will go very rapidly. In view of the uncertainties and disagreements outlined above, such delays are inevitable. The nearer we approach the time of elections, the easier it will be to leave many decisions until after the elections. Certainly, unless a real invasion takes place fairly soon, Germany and Japan can not be conquered before November, 1944. Therefore, it seems to me as a statistician that we will not have World Peace until January, 1945 at the earliest.

What does this mean to my readers? It means that farmers, wage workers, transportation companies and other groups which have been prospering from the war are justly entitled to plan for a honeymoon of at least eighteen months longer. It means that businessmen and in-

vestors who have been suffering from the war must continue in their present situation for at least eighteen months longer. On the other hand, all groups should remember that this Global War is not going to end so suddenly as did World War I. The final end will be seen far enough in advance so as to allow for discounting the event. Therefore, those interests now prospering with the War will begin to liquidate before the eighteen months are up; while those who are now in the dog-house will be sticking their heads out the door and feeling chipper likewise in advance.

School District Enters Judgment

Judgment for \$9,328.99 was entered Wednesday in the office of Prothonotary Earl B. Bechtel by the School District of Upper Dublin Township, against Walter G. Simmers, principal, and Globe Indemnity Company, his surety, representing the amount alleged to be due by Simmers to the school district for moneys collected by him as Upper Dublin Township tax collector.

The judgment was entered on the strength of a confession in judgment clause contained in the bond furnished by the Globe Indemnity Company. The action was taken by the solicitor for the school district. This step was taken despite the pendency of an equity action in the Montgomery County Courts on which a hearing was held a few weeks ago.

At that time counsel for the surety company asked dismissal of the equity case.

false alarms, of which there have been several in recent months.

Mr. Blair informed council rocks taken from the property at Third and Spring Mill avenues have been thrown into the street and on the sidewalk causing a dangerous condition. Upon his motion, the property owner will be notified to remove the hazard.

The borough received \$1856.59 for the trolley rails removed from Fayette street and the borough received \$52.82 above the cost of the work.

A contract was awarded the Grunder Tractor and Pulverizing Company, of St. Louis, to supply to the sewage disposal plant a screener and shredder for \$629, f.o.b., St. Louis.

Engineer Muldrew reported the lack of the West approach to the Elm street bridge, where a dangerous sidewalk exists, is owned by the estate of James Beatty and that he has been unable to trace any of the heirs, to serve notice upon them to make repairs.

Owing to the dangerous condition and the borough's liability for damages in case of accident, council instructed the borough make repairs, and that a lien be placed against the property when the owners are ascertained.

War on Stray Dogs
 Burgess Jones recommended that an appropriation be made to employ a dog catcher to remove the stray dogs from the streets and alleys of the borough. He said, the dogs are running in packs, destroying property and are dangerous to children.

On motion of Mr. Thomas, the State will be asked to assist in clearing the borough of stray dogs.

Reports
 The Burgess reported four arrests and the collection of \$16.80 in fines. The Treasurer reported receipts as \$30,277.76; disbursements, \$6,124.21 and \$24,153.55. Balances in other accounts were reported as: 1933 tax sinking fund, \$10,832.50; sewer bond account, \$5973.81; sewer construction account, \$607.14.

The Tax Collector reported items have been placed against properties for 1942 delinquent taxes amounting to \$3537.38. This closes the 1942 duplicate and the collector will be given the 1943 duplicate as soon as his new bond is approved.

The Plumbing Inspector reported issuing 11 permits and collecting \$49 in fees. The total sewer connections to date is 1440.

The sewer committee recommended the installation of a sewer line to serve the new properties being erected in West Fourth and Fifth avenues. The owners of the properties to pay for the installation.

The street committee reported the state is making repairs to East Hector and East Elm streets and in Hector street the capacity of a culvert crossing the street has been reduced so that it is not adequate to carry the volume of surface water.
 Routine operation of the sewage disposal plant was reported by the chief operator.
 The finance committee approved

Show Defense

men-and bomb squads time to get to their posts, ready for action. Necessary blackout measures are taken.

During the demonstration, bombs can be heard dropping on darkened Conshohocken while the red tongues of fire light up damaged sections. Telephones are heard, directing fire squads to one point, sending an ambulance to another, a rescue squad to a third. Meanwhile, the noisy ack-ack fire of the anti-aircraft guns is heard as they attack the enemy.

The demonstration then shows that the work of the civilian defense groups is not completed after the enemy planes have been driven off. Emergency telephone calls are still keeping the lines busy at the control center as the wardens check over their districts finding new damage. Calls for help still come in and instructions to the various emergency groups have been driven off. Groups already out may be redirected to new trouble spots. The demonstration shows the relationship of each civilian defense worker to the united defense program and the important part each man and woman plays during an air raid.

It also emphasizes the importance of the telephone in keeping the various groups co-ordinated and the need of keeping telephone lines clear during and for some time after air raids so that there shall be no delay in the completion of emergency calls.

DID NOT OFFER TO SELL LAND FOR DUMP
 To the RECORDER:
 To refute the statement published in an out-of-town newspaper on May 13th, I wish to deny that I ever, at any time, offered to sell a piece of ground to be used as a Public Dump; to the Borough of Conshohocken, or to any other person or persons, for \$1200, or for any other amount.

I did not offer to rent a piece of ground to be used for a public dump; to the Borough of Conshohocken, for the sum of \$100 per month, which amount would have been used to pay for the services of a caretaker.

In consideration of by neighbors, and for the benefit of the surrounding area, I did prohibit the dumping of garbage and inflammable materials at the dump which is located at North Lane in Plymouth Township.

WM. C. TRACY.

Battery C Receives Commendation The following commendation received by "Conshohocken's Own", Battery C, 938th FA Battalion speaks for itself. The Battery was recruited here as a unit of the Pennsylvania National Guards in the Fall of 1940 and made a part of the Regular Army in January, 1941, leaving here the middle of that month for Camp Shelby, Miss. The Battery is now on maneuvers somewhere in Tennessee. Headquarters 73rd Field Artillery Brigade Camp Blanding, Florida, April 12, 1943. Subject: Commendation. To: Commanding Officer, Battery C, 938th FA Battalion. The Commanding General notes:

Former Local Athlete Turns Poet for Mother

It didn't stump Harold "Dutch" Lindennuth, former well known local basketball player, a bit, when he couldn't find a suitable Mother's Day verse in the vicinity of Camp Meridian, Miss., where he is serving in the Army.

He sat down and wrote one himself, and forwarded it to his mother, Mrs. Louise Lindennuth, West Ninth avenue. "Dutch" played basketball for Conshohocken High school and the church league.

Here's the way he puts it: Dearest Mother: I'm afraid you may think I've forgotten you but the fact of the matter is that I'm always thinking of you. I was going to buy you something for Mother's Day but they didn't have anything that I liked. They didn't even have any decent cards. I'm sending you five dollars to do with as you like. Anyway I don't know what to get you, you always tell me not to get any powers or anything so I think my idea is best.

I'm typing this at the police station. They put me back on town patrol for a couple of weeks to show the new fellows how it's run. This is my last night and I have plenty of work to do tomorrow. As I haven't been able to buy a good card, I'm going to write you a poem of my own, so here goes:

MOTHER Of all the girls I've ever known in all my months and years There's never one can ever compare with my only Mother dear. I know at times I wasn't good and things were very trying, I was so dumb I did the things that always had you crying. Those times have changed and now you know that you were always right. You must have had your worries all when I didn't come home at night. Those lessons were so very hard and always seemed so cruel. The credit goes to you, dear lady, I was stubborn as a mule. My heart goes out to Mother dear who sits there in my home. She'll be with me where'er I go, no matter where I roam. So now your done the lesson you've well taught, I'm the one that really knows it's never gone to naught. Best wishes on this holiday, I hope you'll think of me, April 12. My only aim is to be the things that you want me to be. Happy Mother's Day I'm saying with my heart. May the day come very soon that we'll never ever part. Your Loving Son— HAROLD

Birthday

PFC. JAMES F. WALSH son of Mr. and Mrs. James Walsh, 256 Roberts avenue, who marked his birthday on Thursday "somewhere in North Africa". He is with the Quartermasters Company. Prior to induction into the Army last June, he was employed at Lee Tire and Rubber Company.

with pleasure the mark achieved by your battery in Test I. All personnel concerned are to be congratulated for their speedy and accurate work.

J. E. LEWIS, Brig. Gen., U. S. Army Commanding, Headquarters 141st FA Group, Camp Blanding, Fla., April 13, 1943.

To: Commanding Officer, Battery C, 938th FA Bn., Camp Blanding, Fla.

1. It is with great satisfaction that the above commendation of the Commanding General is transmitted.

2. It is noted that your battery made a score of 100% in battery Test No. 1, 88.5% in battery Test No. 2, with a general average of 94.25% for both tests.

3. The above scores indicate a very real and conscientious effort on the part of yourself, your officers, your non commissioned officers and your men, and they could not have been achieved without a very earnest attention to duty on the part of all concerned.

4. This commendation will be made of record in this headquarters.

5. It will be brought to the attention of all members of your unit.

R. B. WILLIS, Colonel, 141st FA Group Commanding.

Estimate Poppy Sale At 10,000,000

The sale of 10 million Buddy Poppies by the Veterans of Foreign Wars of the United States is indicated in early orders already received by the National Buddy Poppy Committee, according to Commander Albert Millhouse, V. F. W. Post No. 1074, which will conduct the local sale the week preceding Memorial Day.

This will be an all-time record in the 21-year history of the nationwide program.

Sale of 10 million Buddy Poppies is the V. F. W. goal for 1943 and reaching that goal is vital to the welfare of those who are serving the Armed Forces. Commander Millhouse announced today.

Every cent, every dime, every dollar collected through the sale of V. F. W. Buddy Poppies in 1943 will aid in rehabilitating the wounded men of this war as well as those who have fought under the Stars and Stripes in previous wars. The sale of Buddy Poppies also make possible the V. F. W.'s program of assistance to veterans' dependents, their widows and orphans.

The American public recognizes the V. F. W. Buddy Poppy as our national memorial flower. Commander Millhouse said today. "Since 1922, our organization has distributed these symbols of Flanders Fields made by our disabled comrades in government hospitals throughout the country in recognition of his nation's heroic war dead. The custom of wearing a Buddy Poppy on Memorial Day has become a traditional custom in tribute to the men who have sacrificed their lives in the past to preserve America's freedom and principles. Consistently, through the 22 years of its history, the annual Buddy Poppy sale has been guided by one ideal—to honor the dead by helping the living."

Daniel Cannon is chairman of poppy sales for the post and Mrs. Lamar Garner for the auxiliary.

The RECORDER will be mailed twice each week to any U. S. Army Camp for \$2.00 a year.

Graduate

Pvt. JOSEPH SCHAEFFER, U. S. Marine Corps, who will complete a course in special training tomorrow. His twin brothers, Warren and James Schaeffer, are with the Marine Corps, somewhere in the Pacific area. They are sons of Mr. and Mrs. Warren Schaeffer of 61 Oak street.

Local Soldier Meets Movie Stars

To the RECORDER: North Camp Hood, Texas. I and all R. T. C. trainees have moved to North Camp Hood, about 30 miles from Waco, Texas. At present I'm going to a Clerks Technical school and have four more weeks' training left. The Commando Course here at North Camp is really an obstacle, but a lot of fun in doing it. We climb ten foot fences and jump, crawl through barbed wire and many other similar War Theatre obstacles.

On the evening of Bob Hope's program here at Camp Hood, a friend of mine, whom I met in the Army, by the name of Sid Weiss, a newspaper columnist for the Radio Daily in New York, introduced me to Bob Hope, Jerry Colonna, Frances Langford, Vera Vague and Skinny Ennis.

Mr. Weiss happened to be a personal friend of the radio and screen stars and how I enjoyed talking to real movie actors and actresses. And also Miss Vogue, Sid Weiss, and I talked to the stars before and after the radio program and they are swell people. Skinny Ennis and Mr. Hope quoted that "Camp Hood is the largest camp in the States and also has the toughest training."

I've had many thrills in nearly three months of service, but meeting such personalities topped many of them. Another big thrill was when I received a Marksmanship Medal from the lieutenant here at camp. Such a thrill fills a fellow to gain confidence while being away from his loved ones.

I've been saving all the clippings from the RECORDER about the "Local Men in Service" and I keep in touch with many. I never realized the point of rationing until I came into the Armed Forces of Uncle Sam and now it has cleared all my thoughts. Yes, neighbors at home and all over, we meaning all of us soldiers, need your cooperation in buying Bonds and Stamps, wasting on rations of all sorts and last, but not least, strikes. It doesn't please the soldiers to read about strikes going on within the states, so let us all cooperate and we'll all be home much sooner.

Well, here's my luck and good wishes and hoping to drop in and see you soon. Your friend, BILLY GRABECK, C. H. S. '42.

Corporal Francis X. Mack was host last night at the home of his parents, Mr. and Mrs. Frank P. Mack, Center avenue to Corporals John J. Roberts, Boston, Mass.; Frederick C. Local Boys on Pacific Island

To the RECORDER: It sure makes a fellow feel good at night when he returns from a hard day's work to receive a newspaper from his home town.

I get plenty of news from it. Looks like every one of my pals is in the service. When I receive the good old Conshohocken RECORDER and read about Jim being there, and Lou being out her and her brother out on the West Coast, I think of my brother Tony, who is away out on the opposite side of the world from where I am. I hope I can meet with him some day, even though it be some where far away from home. I'll really be glad, when we all come back home again and sit side by side at the old dinner table, and I hope it happens soon.

I left Conshohocken on September 15, 1942, with two other fellows, Joseph Stemporsky and Chester Kozak, and met the third one, John Schank, in Philadelphia. We were happy that day and have been every day since we joined the Marine Corps. It is a great outfit. We traveled all the way across the continent together and we left the States on the same ship. We are still here on the island together but in different companies. We visit each other as often as we can and we pass the RECORDER around whenever we received it.

When we arrived here we met another fellow from Conshohocken, "Chick" Hansell. He certainly was surprised to see us. He thought he knew the only home town boy here. Now he joins us in every event we have. Just lately, I happened to meet another old friend down here who is also in the Marines. He is Quinten C. Vitellie. I couldn't forget him as the last time I saw him was way back in New River. It looks as though Conshohocken is not forgotten, with five Marines and one Seabee on one island way out here in the Pacific. Well I guess I can't say more, other than request that you let our mothers know that we all are all right and tell them not to worry about us as we are really taking good care of ourselves. I think we will be back very soon, at least I hope so. When we leave this island, I am sure we will all leave on the same ship too, but you know if we'll return back home on the same one. So all we can say down here is: we are doing our part all the time.

Shopping Tips for Budgeteers

LOVELY, LOVELY, and I mean lovely—the long white diaphanous rayon marquisette dresses for sweet girl graduates and the similar ones in pastel colors for proms, and the like. I came suddenly and breathlessly upon them in the Snellenburg Misses' Dept. and I hasten to tell you. You hasten to see them. They won't wait long. Charming long sleeves, modest necks, exactly right. Very simple, but some have lace bands or silky braid trimming. A desirable type and scarce. Sizes 10 to 18. \$13.95 to \$19.95. (2nd fl.)

PEP for the Victory Garden is the right kind of fertilizer, and that you can't always easily find. But leave it to your friend Faith and the good Snellenburg people. Between us we've managed to have created the kind of newly prepared especially for vegetable growing for all you Budgeteers. Moreover, it has an analysis of 3-8-7, which means a great deal to those of us in the know. Vigoro for food production goes a long way and gives wonderful returns. It is an economical investment at 50c for 3 lbs., 80c for 10 lbs., \$1.40 for 25 lbs., \$2.55 for 50 lbs. and only \$3.50 for 100 lbs. You'd better phone and order! Garden Corner, 1st fl.

MAKE IT NEW, that old porch and garden furniture. You can get it quickly and lastingly with "Sapolin." This is another tested patent sponsored by that reputable House Furnishing Dept. on the Snellenburg third floor. So help me, I never saw such a choice, in any one make of paint, of good full-bodied colors. The tulip yellow and apple green are tops. Besides, ratan, peach and coral can be had by mixing your own, not to speak of more than a dozen other colors.

CALLING ALL HOUSE-CLEANERS! Ever used "Mystic Foam"? Even the husbands like to clean with it. You make a stiff lather with it, and use only the lather somewhat the "shrub type." There are some models with pleats or harmless in your fabric water will not harm. The cleaner has a great reputation in the House Furnishing Dept. (3rd fl.) of the Snellenburg Store. Priced at 65c per qt., \$1 per 1/2 gal., \$1.49 per gal.

REPLACEMENT CUSHIONS. We are fortunate to be able to get such good new cushions for our old porch gliders. The 4th floor Upholstery Dept. has some excellent water-repellent ones in the much-wanted green and white ombre stripes. A set of six cushions, sufficient for the back of a glider, costs but \$9.95. Water-repellent chair pads, with seat and back in one, and in various colors and patterns, are priced at \$1.69 each. Do see them, or order sight unseen, while they are to be had.

INCREDIBLE but true is the price of \$3.35 for daytime washable rayon broadcloth dresses. They are quietly smart enough to wear to town in warmer shopping weather, and yet practical enough to wear when housekeeping and housework. These have a classic yet softly tailored lines, somewhat the "shirt type." There are some models with pleats or shirring, as well as plainer patterned. The cleaner has a great reputation in the House Furnishing Dept. (3rd fl.) of the Snellenburg Store. Priced at 65c per qt., \$1 per 1/2 gal., \$1.49 per gal.

William D. Powell, former local resident, will graduate from the Eastern Baptist Theological Seminary next Tuesday morning at 10 at which time he will receive the Bachelor of Arts and Bachelor of Theology degrees. Fuller, president of the Southern Baptist Theological Seminary, will deliver the graduation address.

Mr. Powell graduated from Lower Merion High school in 1934 and moved with his parents to this borough shortly thereafter. He was active in the affairs of Ballingom Baptist church, West Conshohocken, for some time during which he was employed in the payroll department of the John Wood Manufacturing Company. Powell, who last year moved to 1437 North 59th street, Philadelphia.

INHERITANCE TAX Jobs End May 31

Letters were received Wednesday by members of the office of staff of Inheritance Tax Appraiser Earl P. Newton, informing them that the "ripper bill" placing that office under control of the Secretary of Revenue and taking it from the hands of the Auditor General is effective May 31.

This indicates that some action on the appointment of Republicans to take the place of the Democrats now holding the offices in Montgomery County will be forthcoming before that date.

The letters, which was the first formal notice of the action by the Legislature last week, came from Auditor General F. Clair Ross who appointed the present office holders on recommendation of Democratic County Chairman Raymond K. Mensch.
