## Farmers To Get Tomato Crop Plan

### Meeting Here Tomorrow Eve- ning To Explain Details Of Offer By Soup Company

A public meeting of all farmers of this vicinity will be held in the local Fire House tomorrow evening at 7:30 in the interest of encouraging farmers to raise tomatoes for the Campbell Soup Company, of Camden, N. J.

An official of the company will explain the proposition at the meeting and answer any questions that may arise among the farmers who would consider the raising of a few acres of tomatoes. The company will contract with any farmer in the County, and will pay him \$16 per ton for first quality and \$8 per ton for second quality.

Joseph Bucher, of Lititz R. D., has contracted to raise a few acres this summer as have several other local farmers, and Mr. Bucher will attend the meeting and introduce the local farmers to the Campbell representative.

In an interview on the proposition Mr. Bucher said that he believed the raising of tomatoes would give farmers more money than raising tobacco, with only half the work involved.

Furthermore, said Mr. Bucher, farmers will know before hand what they will get for their crop, and will receive their money by the 15th of November. The planting of tomatoes would cut down the tobacco surplus, of which it is said there is a supply now which would last three years ahead of production.

Under the proposed plan the farmer would haul his tomatoes to

## SNOOPS

One recent night George Kling, of New Street, wanted an onion sandwich and, going to the cellar, he got the onions and made it. The other day Mrs. Kling asked him if he had taken the gladioli bulbs out of the cellar, as they weren't where she had put them.

Then he realized why his onion sandwich didn't taste right.

Paul Spickler is wrangling with a difficult problem. He is trying to build a dog house and thus far has two floors and can't seem to get any further. An East End resident suggests that he use one floor for a roof.

Mrs. Beulah Musser moved last week from East Main Street to the home of her daughter, Mrs. Marguerite Weidman, Maple Street. When the moving was all finished they sat down to "take stock" and

**LENTEN MEDITATION**

"Many of them that heard the word believed, and the number of them came to be about five thousand." Acts 4:4

Those were exciting days when miracles were taking place from the preaching of the story of the crucified Christ and the apostles were being shuttled in and out of prison. The miracle was that the greater the persecution, the more who believed. St. Luke tells us in several places in The Acts about the multiplying of believers: "The Lord added daily those that were saved." Then we have the additional testimony of our text: Later he says, believers multiplied, "both men and women." Speaking of this growth a fifth time he says: "The word of God increased—and a great company of priests were obedient unto the faith."

While the word "saved" is not specifically mentioned in our text it is implied, and interesting. It means to "keep sound." This word was not used in this sense prior to this and appears to have been coined by the apostles to express this particular satisfaction in Christ. Certainly they were not safe from either persecution or death. Those who believed were burned in their hearts over the crucifixion of the Son of God and wanted to be saved from the forces of hatred, jealousy and meanness that crucified Him. By His living

presence in and among them there were safe and sound from evil, even death, and in the latter case they would share in the glories of His Resurrection and, like the patient robber of the cross; be with Him in Paradise. Oh, that we, like those early Christians might be saved from evil and unto Christ.

The people who believed were convinced. They had heard of the young rabbi, Jesus. Many came from sections where He had preached and performed miracles. The manner in which Peter spoke must have added greatly to the convincing power of his message. There must have been a flash in his eye, and he was willing to go to jail for what he said. Peter could speak from experience. Even before being in prison, during those latter hours with Jesus, he had denied Him. Later, after the resurrection he was his Lord and pledged his all. Preaching and living by real experience is the only way to convince others.

The believers were committed to this new gospel truth. Something within them responded in a genuine way. In the eighth chapter, when it speaks of the believers scattering after the martyrdom of Stephen, it states significantly, "except the apostles." They would die before they would leave. When Hannibal of Punie war fame was a boy, by his father's guidance, he committed his life to war as an enemy of Rome. Or like the Russian people, a few years ago, com-

mitted themselves to their "Five year plan." Some sects require their converts to go out and upon their own initiative preach, thus committing themselves to the faith they profess. Paul was so committed that he said: "Woe is me if I preach not the gospel."

In the days of knighthood, when the young men, on their twenty-first birthday were to be knighted, they spent a whole night in the church alone, in meditation and prayer. The next day after a proper fast they were knighted and placed upon a charger to go forth in the name of God. Life is worth while when committed to a noble cause, the best of which are the ideals, truth and faith in Jesus Christ.

**By Robert Snyder**  
 Scoutmaster Russel Market and Charles Bowman saw Wood Ducks, Black Ducks and Mallards on Sunday morning at White Oak pond. At the same place a great blue Heron was seen flying away with a frog which it had caught.

Guy Bomberger and his family were at Lake Ontelaunee six miles north of Reading on Sunday afternoon. They saw about 300 wild ducks on the lake as well as Hoebell's Grebe and a Coot. The Grebe is rare for this section of the country but the Coot is fairly common. The ducks consisted of Canvas-

backs, Scaulp, Black Ducks and Blue-winged Teal. Last week a Song Sparrow was found dead in Girvin's greenhouse which had been banded for the U. S. Bio. Survey. The sparrow was banded April 15, 1935.

White throated Sparrows, Phoebes, Cowbirds and Marsh Hawks all made their initial appearance last week. The Field Sparrow and the Vesper Sparrow should arrive this week. The Palm Warbler may also be seen although it does not arrive in numbers until after the 15th.

Theodore Stauffer reported seeing two Belted Kingfishers in the Park. They probably had been depleting the supply of trout.

the other evening to see a cat with a bandaged front paw sitting on the porch of the home of Dr. J. W. Grosh. They have wondered if pussy was meowing a complaint that the doctor wasn't there or if she was telling them how well her paw had been treated.

We received a "Snoop" from several Wilbur-Suchard Chocolate Co. employees who are bemoaning the fact that the windows of the factory are being painted, and are wondering what they are going to do for sunshine. In closing they say they are going to get the local drug stores to get plenty of cod liver oil for they have to have their

sunshine somehow . . . whether by way of window glass or glass bottles.

## LITITZ RESPONDS!

Lancaster County's contribution to flood sufferers will likely reach the \$25,000 mark when all money is turned in. As we go to press the figure was rapidly nearing that mark, showing the spirit of our County's citizens in an emergency.

Mrs. Mary Dengate and Mrs. Sara Jenkins, local Red Cross Chapter captains, announce that contributions in cash have passed the \$750. mark, a jump of over \$200, more than reported last week.

The manner in which the people of this community have responded to the call for food, clothing and money for the stricken people of Pennsylvania's flood area has been remarkable.

## THE NEW LIBRARY

The Lititz Public Library will be opened tomorrow for inspection. The Association has reached the goal for which it has been striving for more than a year, and invite everyone to view the rooms tomorrow.

The future years may bring Lititz and vicinity a finer and more spacious library, but for the present, and as a good start, the one opening tomorrow will take care of the needs in a satisfactory manner.

The members of the Library Association are to be congratulated in their untiring work to give the town this much needed institution.

## RECORD-INGS

—Keep a-coming, oh gentle Spring!

—Not yet, but soon—the good old summer time.

—The man who knows it all is the man with the empty head.

—It is often a man's poverty that keeps him in the straight and narrow path.

—Never forget to remove the price tag from a gift—it saves a lot of disappointment.

—The first thing a woman does when she gets a present is to wonder how much it cost.

—Cheer up. It will soon be warm enough to get up in the morning without closing the window.

—Many a father has discovered that it is easier to get a daughter off his hands than to keep a son-in-law on his feet.

—Nearly all successful men are bald, perhaps for the reason that it takes a pretty smooth man to get on top nowadays.

# From the Past

## TWENTY-FIVE YEARS AGO

April 6, 1911

On March 30th was consummated one of the largest deals that has occurred at any time in the history of the chocolate business. On that date the control of the Ideal Cocoa and Chocolate Company passed into the hands of Mr. H. A. Cuppy. The local plant will be expanded and the products of the Puritan Pure Food Co. will also be manufactured here.

A meeting of the business men of town was held in A. R. Bomberger's hardware store on Tuesday evening and it was decided to close the stores on Tuesday, Wednesday and Thursday evenings of each week at 6 from May 2 to September 28.

A large safe, weighing 2000 pounds, replaced a condemned one in the local postoffice Saturday. The safe was too large to get through the door and the door frame had to be removed before it could be put in. Uncle Sam procured it and sent it here, but it is not a new one. Postmaster Seaber now feels more secure with this newly-acquired safe.

The pupils of the graduating class received their averages last week. Walter Heilman is valedictorian and Emma Grosh is salutatorian. The other representative honors who will be on the commencement program are: Roy Hassler, Benjamin Leaman, Marguerite Long, Samuel Long and John Mummert. Dr. Gardiner, of the Shippensburg State Normal School, will deliver the annual address to the graduates at the commencement to be held on May 24.

Harry Rudy, the popular catcher of this place, will start the season back of the bat for New Holland. The prospects for a county league do not look bright. It is now a certainty that the battery for Lititz will be Doremus and Spicer, and Managers Loercher and Wagner feel sure it is a pair that will deliver the goods.

The planing mill of Neidermyer Bros. is a very busy place nowadays, and the output is taxed to the utmost to comply with the orders. They have recently been awarded a contract to furnish all the millwork and lumber necessary for the erection of 15 houses in Lancaster. An order was received for 175 doors for a Philadelphia firm.

On Wednesday the public school children of the borough were each presented with a small catalpa tree, the gift of Watt & Shand.

A surprise party was held at the home of Mr. and Mrs. J. F. Longenecker, residing on Orange St., Warwick, on Saturday for their oldest son, Clarence Eugene, in honor of his seventh birthday. Those attending were Clifford Heltter, Paul Doster, Edna Longenecker, John Witmyer, John Keller, Leroy Steffy, Paul Pfautz, Joe Doster, Theodore Rosenberg, Richard Meiskey, Grace Moyer, Helen Kauffman and Violet Heltter.

Some time on Friday night of last week a canoe owned by Dr. M. H. Yoder and Paul Seaber was stolen from the bungalow of the Lititz Camping Club, along the Conestoga, near Oregon. Strong suspicion rests on certain parties and the owners expect to recover it.

Work on demolishing the old Grosh building on the corner of Broad and Orange Streets, will be started under the direction of the

building committee of St. Paul's Lutheran Church on Monday.

John Robert, son of Prof. and Mrs. A. S. Longenecker, died this morning at their home on Front Street, aged two years. Death was due to scarlet fever. Prof. Longenecker, principal of the Lititz schools, is living at the Moravian Home at present as Mrs. Lange-necker and the children are quarantined.

Several of the officials of the Lititz Electric Light, Heat and Power Company, who have headquarters at Lancaster, were in town this week, renumbering meters, looking over the line, which will be reconstructed, and attending to other business made necessary by the recent change of ownership. The company intimates that it may extend its lines from here to Pleasant View, Rothsville, Akron and other places.

## FIFTY YEARS AGO

April 2, 1886

County Supt. Brecht visited the Lititz schools on Wednesday.

H. S. Frederick has commenced work for the erection of a two-story cigar factory at the rear of his dwelling.

Hiram Fry vacated the Springs Hotel, to be succeeded by J. F. Sturgis. Mrs. Fry will open a fancy goods store on Main St.

J. S. Connelly informs his local friends that the ice wagon will begin to run the beginning of April to continue for the season.

Franklin Becker, Pine Hill, being the lowest bidder, will collect the state and county tax of Warwick Township.

John Evans purchased the tobacco warehouse of M. M. Fry, near the Warwick House, for \$3,300.

Wallace Evans and Scott Kauffman have formed a partnership for the purpose of manufacturing cigars.

## PAGING EMILY POST

Sometime when I remember  
Soon enough,  
I'm going to give that  
Correct rebuff.

Or when someone hands me  
An awful line,  
I'll think of that clever  
Retort in time.

But until, then I'll  
Be satisfied  
To answer "Oh Yeah"  
Very dignified.

## BROWNSTOWN

J. H. Wolf is spending some time in Florida.

C., is visiting relatives and friends here.

Mrs. R. A. Getz and son, James, of Lancaster, are spending a week with Mr. and Mrs. H. S. Zwally.

Feel full of pep and possess the slender form you crave—you can't if you listen to gossipers.

To take off excess fat go light on fatty meats, butter, cream and sugary sweets—eat more fruit and vegetables and take a half teaspoonful of Kruschen Salts in a glass of hot water every morning to eliminate excess waste.

No drastic cathartics—no constipation—but blissful daily bowel action when you take your little daily dose of Kruschen.

## Why Gulf is the Gas for April

"APRIL SHOWERS bring May flowers." And warmer weather, too. That means a brand-new gasoline is shipped to Gulf stations—a gas especially made for April driving. For unless gasoline is changed to meet Spring's higher temperatures it can't give the highest mileage. Get That Good Gulf—it's "Kept in Step with the Calendar" so that all of it goes to work, none of it goes to waste.

Barbados is the only foreign country ever visited by Gen. George Washington. He went there in 1751 with his brother Lawrence, who was in search of health. The island, lying far out in the Atlantic, is the easternmost of the Caribbees. Bridgetown is the port and main city. The town was once the headquarters of Lord Nelson, the great fighter who won immortality in the battle of Trafalgar. The house occupied by Washington still stands.

Lancaster where they would be graded for quality. The term quality in this case meaning tomatoes that are red-ripe. They can be big or little, or any shape, even cracked—but must be red-ripe when received at Lancaster. This determines the quality term.

The tomatoes will be used for pulping, and this is why they need not be of uniform size, or large or small.

Of 100,000 tons of tomatoes received at a shipping point at Mt.

Joy last year only three tons were given second quality. The average tomato yield per acre would run at least 10 tons, it is said, weather, etc., being equal.

**Wayne L. Longenecker**

Funeral services for Wayne L. Longenecker, 58, one of the best-known citizens of Lititz and Northern Lancaster County, were held Sunday afternoon. The home on North Broad Street was filled for the services there and the interment in the Moravian cemetery was largely attended. The Rev. Byron K. Horne officiated.

Several Spanish-American War veterans attended and had a part in the services at the grave. The pall-bearers were Adam Showers, William Greiner, Norman Badorf, Herbert Doster, Fred Trimmer and Ralph Buch.

Mr. Longenecker, who had been in ill-health for nearly a decade, died early Thursday morning at his home above the restaurant he conducted for many years.

Mr. Longenecker was a gun captain on Admiral Dewey's flagship "Olympia" when the American and Spanish fleets clashed in Manila Bay in 1898. His five years in the U. S. Navy, in the glamorous Spanish-American War period, made him one of the best-known veterans in the County. He was only 20 year old when, as a petty officer, he commanded the secondary guns on the battleship.

A native of Landis Valley, Mr. Longenecker returned to Lancaster County after leaving the Navy and was employed by the Bell Telephone Company for a time in promoting the erection of rural lines in the northern end of the County. Later he became the proprietor of the restaurant facing the entrance to the Springs Park.

He is survived by his wife, the former Bertha Erisman, and four children: Mary, wife of Harvey Bachman, Pittsburgh; Helen, wife of Luther Ruhl, and Russell, of Lititz, and Sylvia, a senior at Millersville State Teachers' College. Five grandchildren also survive.

He was a member of the Moravian Church, and the Manheim Lodge

F. and A. M., the Odd Fellows, and Foresters of Lititz, and the McCaskey Camp, Spanish War Veterans, Lancaster.

R. M. Spacht was the funeral director.

**Mrs. Elizabeth Shue**

Mrs. Elizabeth Shue, 77, widow of Aaron Shue, died of complications following an illness of two months at 7:30 P. M. Monday at the home of a daughter, Mrs. W. E. Grant, Lancaster, with whom she resided.

Besides Mrs. Grant, she is survived by these children: Norman, Lititz R. D. 4; Mrs. Annie Meyer and Clayton, Lancaster; Allen, of Manheim, and Mrs. Katie Dissinger, Mount Hope; a brother, Fred Gantz, Manheim, and a sister, Mrs. Mary Martin, Lancaster.

Services will be held at the home of Mrs. Grant at 2 P. M. tomorrow, with interment in Macpelah cemetery, Lititz. Beck Bros. were the funeral directors.

**Charles S. Halbach**

Charles Sinclair Halbach, 67, formerly of Lancaster and recently

a resident of Philadelphia, died on Monday morning at the Lancaster General Hospital of a complication of diseases. He had been employed by the Lancaster New Era for 25 years.

He is survived by his wife, who was Margaret Schwan before marriage, a daughter, Mrs. F. O. Merz, of Philadelphia, and three brothers, Harry, Lancaster; Jacob Howard, Lititz and Clarence, Philadelphia.

Services were held yesterday afternoon at 2 o'clock at the Fisher

funeral parlors, and interment was in Zion Lutheran cemetery.

**Farm Calendar**

**Prevent Damping-off** — Heavy losses of vegetable seedlings are caused by damping-off. The fungi causing this trouble are present in nearly all soils and live on the seed coats of many seeds. Where soil sterilization is impractical,

chemical treatments for seed or soil may be used as a control.

**Feed Whole Oats**—Many poultrymen feed whole oats to laying and growing birds to check cannibalism and feather eating. If the birds decrease mash consumption so that egg production drops, then the quantity of oats must be reduced.

**Fertilize Gardens**—On fertile garden soil or with a heavy appli-

cation of manure, the greatest returns from fertilizer probably can be obtained from 16 or 20 per cent superphosphate. On medium or average garden soils, use a 4-16-4 with manure or a 4-12-4 without manure, and on less fertile sand or shale soils use a 5-10-5 analysis.

**Good Seed Is Cheapest**—Good storage is important in preserving seed vitality. Seed potatoes from good storage are cheaper in the end even at twice the price of seed

from common or poor storage.

**Moisten Dry Hay**—Alfalfa hay which shatters badly and loses its leaves may be moistened by sprinkling in the mow the day before it is to be fed.

**Fools the Bumble Bees**

Because of its resemblance to the bumble bee, a certain species of fly does not have to work for its living. It is able to enter bumble bees' homes and partake of food from their stores, being taken by its hosts as a member of their family.

Reprint from newspapers in the flood area.

**"That you may have Service"**

There is a tradition among utility workers that "the service must go on." There has never been a finer demonstration of this tradition or devotion to service than that just displayed by our employees. Even while the flood waters still rose, the task of rebuilding started. Many a heroic deed has been performed without thought of citation or publicity.

Under the most arduous conditions, twenty-four hours a day, often soaked to the skin, existing on snatches of sleep, they have worked ceaselessly, ever mindful of the vital need which depended upon their technical skill and relentless efforts.

Because of the splendid courage and prompt action on the part of these employees, the company can proudly call attention to the fact that in practically all of the flooded areas we were able to maintain electric service.

To the support and aid of those who worked from the very outset was hurried not only every available man that this company could mobilize, but as many more as could be spared from other utilities in Pennsylvania, New Jersey, New York and Delaware—electrical engineers . . . gas engineers . . . linemen . . . pipe fitters . . . laborers . . . workers of every sort! Thousands of dollars worth of equipment—motors . . . transformers . . . cable . . . meters . . . pumps . . . hose . . . boots . . . winches . . . ladders . . . tents . . . cots . . . blankets . . . commissary supplies . . . and hundreds of other items were rushed to the stricken areas even before the waters subsided.

We can assure the public that neither time nor effort nor money has been spared. The work will carry on day and night, until the job is done. Temporary service is being converted to normal as fast as possible. The task is gigantic, for there are thousands and thousands of dollars worth of gas and electric equipment that must be dried out, repaired or replaced.

May we offer here our sincere thanks and gratitude to the municipal authorities, the telephone companies, the radio operators, the business firms and the many individual citizens whose fine cooperation has been an incalculable help in the work we had to accomplish in maintaining and restoring electric and gas service in flooded communities.
