

Phone Co. Gets Permit For Changes

A building permit was taken out in February by the Denver and Ephrata Telephone Company, 11-15 S. Cedar St., for \$15,000, to make interior alterations to the present telephone building and to raze the barn at 15 S. Cedar St.

The house at 15 S. Cedar also will be razed eventually, probably in the spring, according to William Brossman, vice president of the Phone company. The space now occupied by the house and barn will be used as a parking area for the equipment trucks.

The alterations will be made for the purpose of installing new cables for more private lines in Lititz, and will require considerable changes in the present equipment and in the building. New equipment for bell-ringing also will be installed.

A new wing was added to the building a couple of years ago, and the alterations are actually a completion of that extension of service, Brossman said.

Wayne Landis, 208 Leaman Street, was issued a permit to make minor interior repairs at a cost of \$300. These were the only permits taken out in the borough during February. There were no new permits. Thus far, 1966 with \$68,200 worth of permits issued is lagging behind 1965, when the borough issued \$221,100 worth of permits in the corresponding two month period, for two remodeling jobs.

Youth Day On March 24

Youth Day officials of Lititz will tour the borough facilities on Thursday, March 24, it was announced at the borough office.

The observance of Youth Day in Government is sponsored by the Lititz Junior Chamber of Commerce, with Walter Mellinger as chairman.

The tour will be as follows: 8:45 a.m., borough office; 9:15 a.m., police office; 9:45 a.m., borough garage; 10:30 a.m., water treatment plant.

Department heads will be present to discuss their particular phase of operation and to answer questions.

The Youth Day officials will be chosen from Warwick High School students, who will be elected on March 18.

HONORED BY JAYCEES: Mr. and Mrs. Karl H. Horst, winners of the Outstanding awards from the Lititz Junior Chamber of Commerce and the Lititz Jayne Cees. They also were installed as presidents of the respective organizations.

Mr. & Mrs. Horst Receive Jaycee Service Awards

There were double honors showered on a local couple last Saturday, when they both became presidents of allied organizations and each received the "Outstanding" awards from their clubs.

They are Mr. and Mrs. Karl H. Horst, who were installed as presidents of the Lititz Jaycees and Jayne Cees respectively at the sixth annual installation banquet held at a Lebanon restaurant.

They also received the Distinguished Service awards given each year by the organizations. Robert Frey, past president of the Jaycees, presented the award to Horst, and Mrs. Donald Caldwell, outgoing Jayne Cee president, made the presentation to Mrs. Horst.

Horst was chairman of the Jaycee basketball tournament during the 1965 Christmas holidays, was secretary last year, and helped with the construction of the pavilion in the park.

Horst also was the Jaycee representative on the Recreation Association board, editor of the newsletter and took charge of the mailing, and participated in every activity undertaken by the Jaycees. The outgoing president, C. William Dussinger, said he was chosen because he had contributed the most of his time and talents of all the members.

Mrs. Horst was chairman of the new Lititz directory put out by the Jayne Cees, chairman of the Civic committee and vice president of the Jayne Cees.

This is the first time in the history of the Lititz

Gets Commendation Aboard Carrier

Hospital Corpsman Third Class Karl D. Boos, USN, son of Mr. and Mrs. Olin W. Brubaker of 500 Elm St., Lititz, has received the Navy Unit Commendation for his services while with the U.S. Seventh Fleet aboard the attack aircraft carrier USS Oriskany.

USS Oriskany was cited by the Secretary of the Navy for its outstanding performance in the Vietnam combat zone from May to December, 1965.

The carrier's aircraft flew more than 12,000 combat missions over Vietnam and dropped nearly 10,000 tons of explosives on communist targets.

The carrier is operating out of San Diego, Calif., with the Pacific Fleet.

Local Man Hurt In Work Mishap

Archie Shelley, forty-two, 132 E. Lincoln Ave., Lititz, was admitted to St. Joseph's Hospital for head surgery following an accident at work March 4.

Hospital attendants said he was struck in the face by a piece of emery wheel while working at the Riverside Foundry in Wrightsville. He was first treated at Columbia Hospital, then transferred to the city hospital. His condition was listed as satisfactory yesterday.

Assign St. Numbers To Rothsville

Members of the Warwick Township Planning Commission met Tuesday night to assign street numbers to Rothsville, it was learned.

This is in preparation for the inauguration of foot carrier mail service probably the latter part of April. The exact date has not yet been determined, according to Donald S. Stevens, Postal Service Office, Reading, under which the local area comes.

When the new system is inaugurated, the Rothsville Post office will be transferred to another status and the postal service will be handled through Lititz.

There will be door-to-door delivery, so that people need not go to the Post Office to get their mail. There will be mail boxes along the sidewalks or edge of the roads, as some people thought, it was emphasized.

Stevens said residents will receive letters from the Post Office Department concerning the new delivery system before it goes into effect.

Brunnerville Fire Auxiliary Donates \$1000

The Ladies Auxiliary of the Brunnerville Fire Company recently presented the company another check in the amount of \$1,000.

This brings the total to well over \$8,000 presented to the company over the last six years, Richard I. Hoffer, president, announced. Mrs. Erla Grube is chairman of the auxiliary.

Plan Smoker
The Fire Company will hold its annual smoker Tuesday evening, March 15, in the Brunnerville Fire Hall. The program will start at 6:30 p.m. with a dinner served by the Auxiliary.

Highlighting the evening will be an address by the Rev. Dr. Byron K. Horne, headmaster of Linden Hall School. Prizes will be awarded. All members and area Fire Company representatives are invited. Clarence Hoffer is chairman of the smoker committee.

Former Lititz GI Wounded

Sgt. Ronnie Parrish, formerly of Lititz and Lancaster, was wounded in Vietnam recently, according to word received here. He is the son of the Rev. and Mrs. Paul Parrish of Duncannon, formerly of Lancaster. Born in Lititz before his father entered the ministry. He has been in the service seven years.

He suffered a nose injury when a bullet entered his nose, penetrated the roof of his mouth and came out through his neck. He will be transferred to Walter Reed Army Hospital soon to be given further treatment. His father reports he will not suffer permanent damage.

Mrs. Forbes Emswiler and Mrs. Bernard Rider are the advisors.

Ralph Spacht Dies At 71

Ralph M. Spacht, seventy-one, Lititz business man and civic leader, died March 3 at 4 p.m. at his home, S. Broad St. and Third Ave.

He had been in ill health several years. A resident of Lititz 46 years, he was founder and owner of the Spacht Funeral Home and the Spacht Furniture Store.

He was active in both businesses until his retirement several years ago when his son, R. William Spacht, assumed management.

Active in civic affairs, he was a member of the Lititz Springs Park Committee for many years. In 1944 he purchased the property next to the park, and after extensive renovation, donated to the community for use as the original Lititz Recreation Center.

A native of Elizabethtown, he was a son of the late Harry W. and Fannie Kop. (Continued on Page 5)

Alice Esbenshade

Winners In Sixth Grade Spelling Bee

Alice Esbenshade, daughter of Mr. and Mrs. James J. Esbenshade, 509 S. Cedar St., was announced as the winner of the annual Sixth Grade Spelling Contest in the Warwick Union Schools. Alice's correct spelling of "inconvenience" and "electricity" won her the top prize and the chance to compete in the 1966 Intelligencer Journal Spelling Bee.

Runner-up in the contest was Jeff Young, son of Mr. and Mrs. Lester H. Young, Lititz R3, who won the right to compete in the April contest in the event Alice is unable to appear.

The other participants were David Allwine, Curtis Carvell, Susie Keath, Debbie Kleinfelder, George Steedle, and Tom Welliver.

Mrs. Eugene Steffy, from the Lititz Woman's Club, was the pronouncer. Mrs. Ruth Long, teacher, was the judge.

Trailer Court Being Planned

A trailer court is being planned by Abram Groff on his property in the rear of the Zion United Home, it was learned.

However, while he received a building permit, he did not take out a trailer permit, it was said. The board of supervisors has the matter under consideration, it was said. Last month a group of residents attended the supervisors' meeting to protest the trailer court.

Warwick Twp To Name Committee To Study Possible Water System

Further steps to determine the possible need for a municipal water system in Warwick Township will be made as a result of the questionnaire recently compiled by the township supervisors and planning commission.

Even though the majority of residents township wide did not favor a municipal system at present, many of those who live in the more congested areas did favor such a project. The large number returning the questionnaires indicated a live concern over water problems.

The first step will be to appoint a citizens' water committee as a fact-finding

group to conduct further study into the possible need for a future township water system. It will be composed of from five to seven citizens, a member of the township planning commission, and a member of the board of supervisors.

The supervisors are also considering the holding of a public meeting sometime in April to outline various phases of the consideration of a municipal system.

General findings in the questionnaire survey recently mailed by supervisors to 1,237 property owners show: The unusually high per-

centage of returns indicates many township residents have a decided interest in the subject of water.

A majority of residents on a township-wide basis do not now favor connection to a municipal system.

However, the percentage of property owners willing to connect to a municipal system is higher in the congested, built-up areas than in the more open, rural areas of the township.

Of the 1,237 property owners receiving questionnaires, a total of 908 completed and returned them. This is a 73.4 percent response.

Of the 908 responses, 287, or 31.6 percent favored connection to a municipal system. A total of 98, or 10.6 percent were undecided and 514, or 56.6 percent, were not willing to connect. Seven responses were from the owners of vacant lots and four township residents were already connected to the Lititz Borough water system.

A breakdown by township area, concerning connection shows:

RD 1 area, including the villages of Brunnerville and Lexington—55 yes, 23 undecided and 145 no; RD 2 area—12 yes, five undecided and 45 no; RD 3 area, 66 yes, 18 undecided and 89 no; RD 4 area—79 yes, 28 undecided and 144 no; Kiesel Hill—nine yes, one undecided and 20 no; Rothsville—47 yes, 10 undecided and 29 no; Leola RD 1—four yes, two undecided and 11 no. Among out-of-town landlords, 15 replied yes, nine were undecided and 30 said no.

Results of other questions answered in the survey:

Water sources throughout the township include 211 dug wells, 645 drilled wells, 152 cisterns and 32 springs. (Some property owners have multiple water sources.)

Of the property owners with dug wells, some 80 or 83 percent had their well go dry. The depths of dug wells range from four to 68 feet and the level of water in them ranges from one to six feet.

Only 38 persons reported their drilled wells had ever gone dry. Depths of drilled wells ranged from 26 to 600 feet.

Most of these wells were drilled since World War II and illustrate the suburban growth the township has experienced in the past 20 years. A total of 485 of the 645 wells were drilled since (Continued on Page 2)

Cars Damaged In Crash At Broad And Front Sts.

Two cars collided at North Broad and Front Streets about 1:40 p.m. March 4, causing a total of \$400 damage, according to Chief of Police George C. Hicks, who investigated.

He said a car driven by David M. Collins, Ephrata R2, was traveling west on Front Street approaching Broad, and entered the intersection colliding with a car driven by Melvin V. Riehl, 75 S. Main St., Manheim, who was traveling north on Broad Street. Collins told Chief Hicks that he had stopped at the corner, did not see any oncoming traffic, pulled out and the collision resulted. A passenger in the Riehl car, Mrs. Lorraine Riehl, complained of a bump on the head, but was not treated at the scene.

Collins will be prosecuted by Chief Hicks before Justice of the Peace Paul F. Diehm, for failure to yield the right of way. Damage to the Collins car was \$100, and to the Riehl car, \$300.

Mrs. Reed Heads Fire Auxiliary

Mrs. Elton Reed was re-elected president of the Ladies Auxiliary of the Fire Company at the meeting held on Thursday evening in the Fire House.

Other officers reelected include Mrs. Jacob Yerger, 1st vice-president; Mrs. Fred Christ, financial secretary; Mrs. Fred Shenk, secretary; Mrs. Kenneth Sipe, treasurer. Mrs. Gary Zong was elected second vice-president.

Three new members joined the group. They are Mrs. Ella Bowmaster, Mrs. Laura Martin and Mrs. Erma Miller. The door prize was won by Mrs. Ida Lelsey. The members decided to sell men's and women's hose. Mrs. Grace Harry will be in charge.

A rummage sale was planned for April 15 at the Fire House with Mrs. Jacob

Charles W. Keiser, Lititz R4, was charged with making excessive noise on March 7 by Chief Hicks before Squire Diehm.

William Snavely, Jr., 429 E. Main St., Lititz, was charged with a traffic light violation on March 6 by Officer Howard Dissinger before Squire Diehm. Franklin T. Kreider, 7 Plank Ave., Willow Street, was charged with speeding in the borough on March 5 by Officer Earl Steffy before Justice of the Peace Harold H. Kaufman.

Orlena S. Felpel, Lititz R1, was charged with a red light violation March 4 by Officer James Fritz before Squire Diehm.

Mary E. Redcay, Manheim R1, was charged March 3 with bucking traffic on West Main Street by Officer Fritz before Squire Diehm.

Speeding Charge
Carl E. Jeffries, Lititz R1, was charged with speeding on South Broad Street on March 2 by Chief Hicks before Squire Kaufman.

Thomas C. Amidon, 532 Front St., was charged on March 2 with reckless driving and a stop sign violation by Chief Hicks before Squire Diehm.

James V. Colon, fifty-six, 66 N. Water St., was cited on morals charges March 5 and posted bail for a hearing before Squire Diehm. The charges involving a ten-year-old girl, were brought by Officer Steffy.

Open House For Lititz PTA

Open House and room visitation will feature the meeting of the Lititz Elementary Parent Teacher Association, Thursday, March 17, at 7 p.m.

The children will "take their parents to school," and all rooms in the Lutheran Education building and the Lititz elementary school will be open.

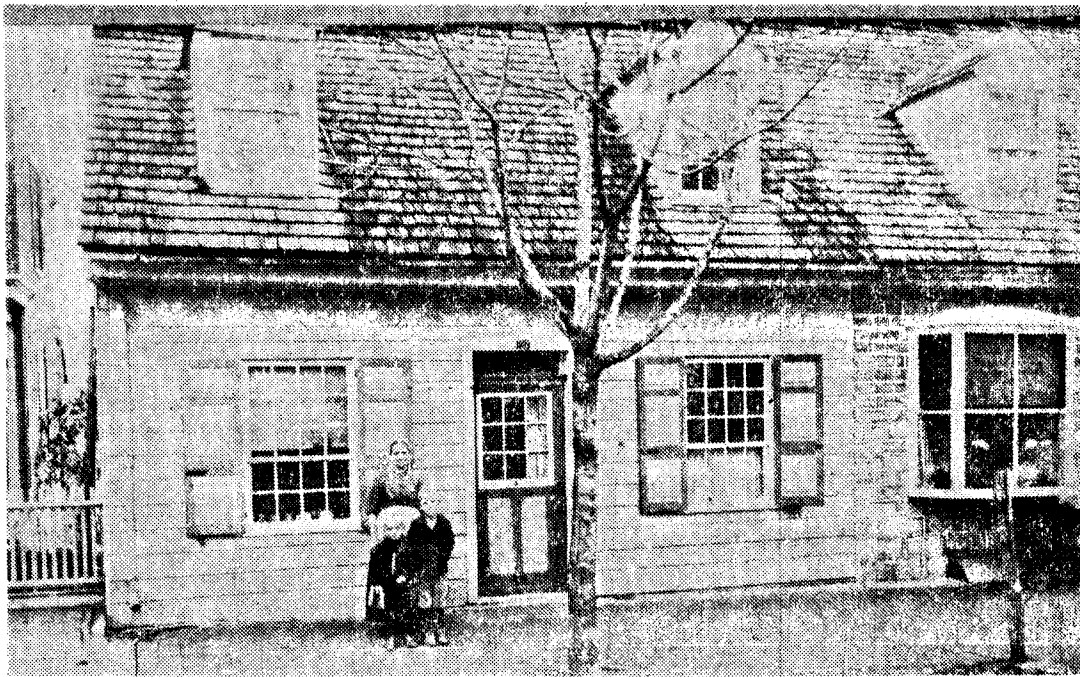

There will be a short business meeting in the Lititz school from 7 p.m. to 7:15 p.m. for the election of officers. Room visitation will be held from 7:15 p.m. to 9 p.m., during which time the teachers will be present. There will be no social hour.

Snow Removal Took 392 Hours

Early February's snow storms may be gone, but hardly forgotten, at least by the borough's work crews.

They spent 392 hours in snow and ice control during the month, according to the report of Borough Manager George D. Steedle. Plowing snow took 179 hours, loading the white stuff onto trucks, 60 hours; shoveling walks and firetrugs, 91 hours; salting 44 hours, and removing snow from storm sewers, 18 hours.

The crew put in a total of 1,040 hours on all types of borough work. The next largest number of hours, 217, was spent in equipment maintenance, and the next one was 140 hours. The men worked 88 hours overtime.

MUELLER HOUSE about 70 years ago. The photo shows a portion of the Mueller House, now the Lititz Historical Foundation at 137-139 E. Main St. The store portion at right reveals the display window of ladies' hats in a millinery shop conducted by Mrs. Horace Shelly, mother of the late Dolly Bitzer. Mrs. Emma Spangler, (now deceased), and two of her sons, Paul, (on left), now living at 153 Front St., the owner of the above photograph, and John, (now deceased) are shown in front of the log portion of the house where the Spanglers lived for many years. The photograph, taken in 1890 or 1900, will be presented to the Historical Foundation by Mr. Spangler.

WARWICK TWP.
(Continued from Page 1)
1945. The earliest reported drilled well is 1850—well over a century ago.
Sixty persons reported their well supply has been found to be contaminated. On the question of whether their water has ever been tested, the responses were almost evenly split. A total of 420 replied yes and 380 said no. Some 148 property owners said they are buying water and 57 said they purchased water during the past year for a cistern.
Many persons wrote personal comments on the questionnaires concerning their willingness or non-willingness to connect to a municipal system. Generally, those residents who have experienced personal problems with their private water sources were more willing to connect to a municipal system.

Warwick Township supervisors in reporting the results of the survey expressed their appreciation to residents for their excellent response.

Boone's Bench Too Deep for Scrappy, Warriors

Of Plug and Shell

BY
John Helter

Member of Penna. Outdoor Writers Assoc.

These warm days, kind of give you the itch, don't they? Yep, when we were youngsters they called this feeling "Spring Fever" and grandmother's favorite remedy was a potion of sulphur and molasses.

I can't honestly say grandma ever used her get-over-it tonic on me... I kind of developed my own medicine. I'd like to pass it along to you... Give it a try.

This most effective remedy is called "Sucker fishing!"

One thing about sucker fishing as an antidote... It isn't a permanent cure. Nope, come next spring and the first breath of warm south winds, and the disease called "Spring Fever" may hit you just as strong as ever...

The sucker ranks primarily as a food fish... kind of hony... but this time of year, when the water is cold and the streams are swollen from melting ice and snow, this fish is at its best.

The sucker attracts considerable attention each spring. It leaves the lakes, rivers and large streams to go up the tiny runs and creeks to spawn. They will deposit the eggs on suitable riffles and then begin to feed.

Worms will be the best bait... Give it a try... It can be a good warm-up for the trout season to come in mid-April.

We've been spending our evenings cutting some sponge balls as trout bait for the first of April. That's when the season on rainbows opens in New York State and we mean to be there.

I got a feeling this is my year for a big one. I've had a couple of big ones fast (8 to 10 pounds) the last couple of years and one of these times I'm going to land one of them.

More about that come April!

If you watch TV I'm sure you've been exposed to cowboy programs, (who hasn't?) and I'm sure you've heard the expression, "Give him a dose of lead poisoning," or a similar comment by one of the "bad guys."

This isn't any joke, lead poisoning really is a killer... not a myth!

We ran across an article by a fellow named Fred Clark on the large number of ducks and geese that die from lead poisoning each year.

Experts claim it takes the lives of two to three percent of our waterfowl each year. This doesn't seem like many until you realize it numbers in the tens of thousands.

The lead poisoning we are referring to is not a result of shot imbedded in the flesh of the waterfowl by hunters but rather the shot that is eaten by the birds.

Shot gun pellets resemble some of the bird's favorite food, pondweeds, hence the duck or goose will pick it up by mistake.

How does that much shot get into the water? The average hunter shoots five shots for every bird bagged. This amounts to about 1,400 pellets (number 6 size) that drop into the feeding grounds.

In one lake in Wisconsin, over 118,000 pellets an acre were counted.

This lead shot is retained in the gizzard where the digestive juices come from... the grinding action wears down the pellets and the lead is passed into the system in the form of lead salts.

The salts partially paralyze the gizzard which reduces food intake and the bird starves to death.

This gent Clark suggests that shot be made of iron... since birds fed iron shot did not die in the tests made.

How about that stuff... learn something every day, huh?

76'ers Win Bitty League Championship

Holding the Surfers scoreless in the fourth and final quarter, the 76'ers won a playoff for the Lititz Bitty League championship Saturday morning.

Afterwards, in the opening round of a post-season tournament, the Wildcats shaded the Globetrotters 19-17 despite 10 points by the Losers' Mike Faus and the Hawks' held off the Celtics 14-13. The Celtics, paced by "Hot-shot" Herr (8) scored all of their points in the second half.

Hoffy's Clinches Tie For Men's League Title

Hoffy's Cafe can put a lock on first place by beating the Lititz Sports Center, Monday night. Shooting for their first Men's Winter League crown, the Cafe Boys routed the Sports Center 65-43 last Thursday and tripped the Lititz Bowling Lanes 54-47 this past Monday to clinch a tie for the top spot.

Morgan Paper would have to win their last four and Hoffy's must lose their last three to create a deadlock.

Co-captains Huber And Nixdorf Star In First-Round Squeaker

Embarrassed by victory and proud in defeat! Before Warwick played Conestoga Valley a couple of weeks ago, Rodger Bearde was asked if he thought the Warriors could beat the undefeated Buckskins at home. His reply: "I always think we can win." CV won by 30. After Warwick topped Annville-Cleona 44-43 last Friday at Hershey in the opening round of the PIAA District Three Class B playoffs, Rodger was asked the same question regarding Warwick's Tuesday night opponent at the Sports Arena, undefeated Daniel Boone. He hedged a little this time: "I think we can stay with them."

Stay with them, the Warriors did. Moving the ball around smoothly and taking the good shot, they led 10-2 when the unsettled Berks County champs called a time out with 4:26 left in the first quarter. Moments later, Bill Risser's second three-point play vaulted the Warriors into a nine-point lead, 13-4.

Just before that time out, DB coach Gerald Werner yanked one of his starters, Vern Kulp, and inserted a 5'5" sophomore, Dennis Izzi. Izzi was the turning point. He didn't score in the opening period, which ended with Warwick on top 17-13, but he got 14 the rest of the way, including a perfect 6-6 at the foul line. Bobby Huber and Ed Nixdorf added the Warwick margin to eight, 21-13, at the outset of the second quarter. Then, the Blazers' height (6'9", 6'2") began to tell and the Warriors, shooting from outside, couldn't maintain their 50% (9-18) shooting. Huber, saddled with three personals, went to the sidelines. Boone outscored Warwick 18-9, taking the lead twice on buckets by Izzi. The second time was for good. Bruce Bucher hit a jump shot at the buzzer, and it was 31-30.

The Warriors hung 'n there after intermission. Sadowskas, the big center, left with four personals near the end of the third quarter. He never got back in. A junior, Darrell Johnson, took over. Held to seven points by Nix, Sadowskas wasn't even missed. Warwick trailed by five with eight minutes left. Johnny Clark threw in a one-hander to narrow the gap to 44-41, but the Blazers reeled off six in a row. The rest was mostly whistle tooting as both coaches substituted liberally.

Annville-Cleona and Warwick suffered through 32 minutes of the Arena jitters Friday night. Bad passes and traveling violations kept the score down and close. There were a couple of spurts. A.C. jumped out to a 6-0 lead, so Bobby Huber took matters into his own hands. He fed Big Ed for Warwick's first two points, then scored the next seven himself. War-

wick ran off ten straight points in the second quarter, but it was 21-21 at the half. The lead changed hands frequently in the second half. Annville was in front 43-40 after a 10-2 stretch. Bucher countered with a dandy drive, and, with almost three minutes left, Huber swished a 20-footer that turned out to be the winning shot. A.C.'s most won in the last couple of seconds, but Ken Miller's rebound of his own shot was nullified because, you guessed it, he was called for walking with the ball.

Nixdorf's rebounding and shooting (5-11), Bucher's 10 points, Clark's clutch foul shooting in the third quarter, and Huber's outstanding effort of the season (6-11, 5-7) were bright spots in an otherwise dull display.

SPOTLIGHT ON SPORTS

By Ray Adelizzi
Lititz Record-Express Sports Editor

A couple of guys who have made a name for themselves in other sports came of age in the playoffs. Bobby Huber (golf) and Ed Nixdorf (football, track), the only two senior starters, were the coolest Warriors in the big Arena before the big crowds, proving there's no substitute for experience.

Calm and confident, Bobby was a far cry from the starter Coach Bearde was forced to bench early in the season. Big Ed, shooting sparingly, concentrated on rebounding and defense. He really did a job on Daniel Boone's Sadowskas, keeping him away from the ball.

Four other seniors won't be back next year: Bob Lavigne, Tom Ludwig, Dick Ludwig, and John Reitz. They didn't play as much as they would have liked; no benchwarmer ever does. But

Bearde realized their value. "They never gave me less than 100%, hustling in practice and in the game." Roger played them whenever possible; all four saw action Tuesday night. "Cheese" raised a few eyebrows by ripping a couple of his long one-handers, and Tom jumped center against the 6'9" Sadowskas at the start of the second quarter.

Daniel Boone over Columbia tonight -- the Blazers have too much height for the Crimson Tide. And these Italians whose names end with a "zzi" are tough.

No matter how well you feel, see your physician for regular health check-ups; he's your best insurance against cancer and other diseases, reminds the American Cancer Society.

A DELECTABLE DOZEN

Marine Private First Class Marvin F. Blaylock, son of Mr. and Mrs. Floyd Blaylock of 446 W. Mariou St., Lititz, is serving with the Marine Barracks at the Portsmouth Naval Shipyard in Portsmouth, N. H. From sails to atoms, the Portsmouth Naval Shipyard has been in the forefront of American military shipbuilding since 1815, from the 74-gun sailing ships to the Revolutionary War period to the modern nuclear-powered "Polaris" submarines.

IN ARMY BAND

David Yeagley is spending some time with his parents, Mr. & Mrs. Ira Yeagley, after completing his basic training at Camp Jackson, S.C. David, who passed the examination for the Army Band, will enter Little Creek Music School for a five months study period and then will be stationed at Aberdeen, Md.

HOME ON LEAVE: Marine Private First Class Larry V. Donley, son of Mr. and Mrs. Charles Donley, Rothsville, is spending a 20-day leave at home. Pfc. Donley had eight weeks of basic training at the Marine Corps Recruit Depot, Parris Island, S.C. and also had six weeks of advanced training at Camp Lejeune, N.C. He will report back to Camp Lejeune.

CARDS OF THANKS

We wish to thank all our neighbors, friends and Business Associates for the many kindnesses done for us during our husband's and father's illness and also for the sympathy extended to us during our recent bereavement.

Mrs. Ralph M. Spacht and family

A sincere thank-you to my church, lodge and friends for their prayers, cards, letters, flowers and other kindness during my hospitalization.

Kathryn Stroud

I wish to thank each one of you for all your kind remembrances to me during my recent hospital experience.

Katie B. Erb

I want to thank all my friends, neighbors, relatives and church organizations for the many cards and gifts I received during my stay in the hospital and also since I have returned to my home.

Paul Bajkowski

Clayton Keith wishes to express his thanks to all his friends, neighbors and church organizations for the many cards and flowers he received during his stay in the hospital and also since he has returned to his home. A Special thanks to Rt. Rev. Allen Schattschneider and Rev. James Gross for their visits and prayers.

Sterling G. Snyder

I wish to express my thanks to all my friends for the many cards and expressions of sympathy I received during the death of my mother.

Mrs. Isaac Moyer

Don't Skid Into Spring, Police Chief Warns

Spring's not far ahead, but watch out — don't skid into it. Ice often remains in shaded areas long after the returning sun has dried up other street locations, he warned.

Recalling the work of the National Safety Council's Committee on Winter Driving Hazards, the chief pointed out that research shows that ice will be twice as slippery at the melting point as it was when the temperature was at mid-winter levels of zero or below.

Chief George C. Hicks, always concerned about the town's traffic safety record, warns that the approach to spring may be full of surprises, some of which may be unpleasant ones.

"Remember that last winter's worst storms hit many parts of the country in March," he warned, "so keep prepared for the worst that winter may still have to offer. Leave your snow tires on and keep your tire chains handy for those late-winter heavy snowstorms that so often make trouble for the unprepared driver.

"Remember, too, that an occasional icy spot, like the kind we have when it freezes after a thaw, can do more damage than a town-full of slippery streets," he noted, "if it catches a speeding driver by surprise."

Barbara Whipple To Exhibit Art At Hospital

An authoritative leader in the art colony of Lancaster will exhibit her talent at The Lancaster General Hospital during the month of March.

Announcement of a "one-man" show by Barbara Whipple, (Mrs. Grant Heilman), of Lititz R3, was made by Mrs. Elmer Z. Delp, chairman of the Greater General's United Auxiliary Committee in charge of the project. Miss Whipple's show follows the February exhibit of the Echo Valley Art Group which was viewed by nearly 1,000 persons daily in the main corridor of the Hospital.

Mrs. Heilman, born in San Francisco, earned a Master of Fine Arts degree from The Tyler School of Art at Temple University; a BS in art and design at the Rochester Institute of Technology and a BA from Swarthmore College. She has taught two years in the Memorial Art Gallery at the Rochester School for the Deaf and was Assistant Professor of Art at the Genesee State Teachers College in Geneseo, N.Y.

Her works have been exhibited at the Albright Art Gallery in Buffalo, N.Y.; the Moore Institute of Art in Philadelphia; Memorial Art Gallery, Rochester, N.Y.; Witte Museum, San Antonio, the Reading Museum and the National Gallery in Washington.

She has held "one-man" shows in Rochester, San Antonio and at Swarthmore College. One of her prints earned second prize in Lancaster in 1962; a collage won second prize at Quarryville in 1964; another print carried away first prize in the 1964 Lancaster Open and a painting also won a prize.

Mrs. Heilman is a member of the Fine Arts League of Lancaster, she has been educational chairman of the Lancaster County Art Association for two years, in which she is seeking to establish a lending library of painting for the benefit of art lovers in the area. She is also a member of the Echo Valley Art Group.

Mrs. Delp said 90 percent of the proceeds of any sales from the exhibition are turned over to the individual artist. Ten percent is retained by the auxiliary for the purchase of necessary equipment in the Hospital as determined by the executive director, Paul G. Wedel.

The Auxiliary hopes to purchase special wheelchairs for osteomyelitis patients. The special chairs enable patients to leave the confines of their rooms. Twelve such pieces of equipment are needed.

Following Mrs. Heilman's exhibit, Mrs. Delp said other artists already contacted for subsequent one-man shows include Mrs. Robert A. Smith, Mrs. Wallace Pringle, and Mrs. Laura Schopf, all of Lancaster, and Jay McVey, Akron.

Board Grants Young's Request

The Lititz Zoning Board Monday night granted permission to Mahlon Young to build seven apartments in the property at the corner of Maple and Spruce Streets in Lititz. They had previously granted his request to build five apartments, which are nearing completion, but held the two additional apartments in abeyance for some time. Two neighbors appeared Monday night to speak in favor of Young's plan. The request also included permission to build 12 one-story, one-car garages. The board also ruled that exterior landscaping and painting of the building be completed by June 1, 1967.

Sr. Students To Pay Visit To Armstrong's

A field trip to Armstrong Cork Company's main offices is being planned by the Senior Office Practice Class of Warwick High School on March 15. The fifteen members of the class, accompanied by Leon deFermont of the faculty, will spend the morning learning what it would be like to work in a large corporation. Work in progress will be observed in the billing, data processing, and stenographic departments. Miss Dorothy Edwards, assistant manager of employment at Armstrong was at Warwick High on March 9 to talk to the Senior Business students about being interviewed for a job. Miss Edwards has given this talk each year and the students find it very valuable in preparing themselves for their first interview. In line with getting ready for the interview and the first job, Mrs. Flora Schneid-

Linden Hall Grads Make Future Plans

A meeting of the executive committee of the Lancaster-Lititz Branch of the Linden Hall Alumnae Association was held recently at the home of Mrs. Alfred Melzer. Plans were made for several events to be held in the coming weeks. The first will be a Couples' Party to be held at the home of Mr. and Mrs. Donald Coble, Lititz R4, on Saturday, March 12; the annual spring luncheon will be on Saturday, April 16 at the Warwick House; and a public card party will be held Friday, April 22, at the home of Mrs. Orville Halde-mann, 219 Swarthmore Drive. The committee includes Mrs. Orville Halde-mann, Mrs. Lawrence Pierson, Mrs. Ray Shaub, Mrs. Eugene Hoag, and Mrs. Melzer. er, homemaking instructor at Warwick, will talk to the Senior Business students about proper dress and grooming expected of girls entering the business world.

YOUR LEGISLATOR'S REPORT

JACK B. HORNER

On the evening of March 2 I was out circulating my petition to run for reelection to the Legislature. I returned home about 9:15 and was informed by my wife that I had received a phone call and a telegram concerning a special meeting of the Legislature called by the Governor for 10:00 o'clock that evening. It appeared that the Senate had passed a bill on Congressional Reapportionment and that it was necessary for the Legislature to meet that day so that the action of the Senate would be effective. I jumped in the car and arrived in Harrisburg a few minutes before 10:00. This meeting came as quite a surprise and the notices did not go out until early in the evening, so it was impossible for all the Legislators from all over the State to get to Harrisburg in time. However despite the lateness of the hour there were a goodly number of Republicans present and I noted that Victor Westerberg, from Kane, Pennsylvania (two hundred miles away) somehow or other got there on time. I asked him how he accomplished this feat and he told me he chartered a plane. The meeting was held at 10:00 o'clock and only lasted a few minutes but it was a necessary formality and there was little grumbling because all of us recognized the reason for the sudden call of this meeting and we knew it was necessary in order to get a Congressional Reapportionment Act before the March 8 deadline. There has been a great deal written during the last year about reapportionment, and it was only a few weeks ago that the Pennsylvania Supreme Court came up with their plan for Legislative Reapportionment. That plan took care of all of the State Legislative Districts, however it did not include Congressional Districts. It has been pretty generally agreed that the "One Man, One Vote" ruling applied not only to State Districts, but also to Congressional Districts, and nothing had been done about this until the early part of this year. It is necessary that all pieces of legislation be considered on three separate days. We were called into special session late on Friday afternoon to pass the Reapportionment Bill on first reading. This only took a few minutes and we adjourned again until 12:01 a.m. Saturday. At this time the Bill

passed second reading. I have been asked many times why we have these midnight sessions and it is done primarily for the convenience of the Legislators who live great distances from Harrisburg. In this particular case the Bill was considered first, late Friday afternoon, the new day begins at 12:01 a.m. and by having a meeting at that time we have considered it on the second day. This then means that the Legislators who live a distance from Harrisburg can head for home without spending another full day in the Capital City. The final consideration of this Bill will be held on Monday which is our normal day for meeting. Congressional Reapportionment has caused a great deal of confusion throughout the State. I am writing this on Monday, March 7 and the Bill still has not finally passed. The original closing date for filing Petitions was March 8; however under the circumstances it would be almost impossible for a candidate for election to Congress to file Petitions by March 8 if the Bill becomes law only one day previous to that. With this in mind the extension of one week has been granted and we hope that if we pass this Bill today that there will be ample time for the many declared candidates to file their Petitions. Reapportionment and all its phases has been the most technical and complicated subject that has come before us in the past year. It is exceedingly difficult to make it understandable and interesting to the elector at large, and I know of nothing that has happened in recent years that will have a more lasting effect on politics and political parties than the re-division of the boundary lines between the various districts. It's been an impossibility to draft any kind of legislation that will please everybody in all parts of the State. All the Reapportionment Plans have been compromises and I guess that this is the only way government can work. The failure of the House of Representatives to compromise on the Legislative Reapportionment made it necessary for the Pennsylvania Supreme Court to come up with a plan. Not everyone has been happy with this plan, however it was absolutely necessary that a plan be adopted and since the Legislature couldn't come up with a compromise plan it became necessary for the Supreme Court to do our work for us.

ST. PADDY'S PARTY

Taking A Chance

It's human nature, we suppose, to want to find the easiest possible way to do a difficult or distasteful job. In fact, the quest for easier ways of doing things has often led to great progress in many fields of human activity, starting, perhaps, with the fellow who first discovered that it's easier to roll a big stone than it is to drag or carry it.

But sometimes this search for an easy way of doing one thing may turn out to be an attempt to find an easy way out of doing something else. And we think the idea of a national lottery to help finance the various activities of the federal government falls pretty much into that category. What really needs to be done, instead, is to reduce that federal budget.

The idea of financing government operations by lottery can be made to sound right good. Some try to sell it as a sort of "painless" tax, because it offers the gambler-taxpayer a chance, however, small, to strike it rich in the process. Also, there's the inference and sometimes the claim that with a national lottery maybe we could eliminate or reduce one of our other forms of taxation. But unless a tax cut is proposed right along with the lottery, we'll take it for granted that the revenue from any government-run numbers game would be in addition to all other taxes rather than in place of any of them.

The notion that a lottery might be an easy way out of our budget problems stems in large part from the fact that the Irish Sweepstakes have long supported the hospitals in that country, and they've brought many millions of dollars into that country from overseas, notably America. Advocates of a lottery also point to Nevada, whose gambling casinos pay the state enough in taxes to lighten the load of every taxpayer in the state.

However, all these things have something in common with the scheme made famous a few decades ago by the swindler Ponzi. As long as the con-man can count on a continuing crop of new suckers he can keep paying handsome dividends to those who have made it to the head of the line.

Thus, a national lottery would work out if we didn't have to depend entirely on money from our own people. Most of them would soon get tired of kicking in for lottery tickets, despite the stimulus of big winnings by a few. Who'd buy our lottery tickets abroad? The French? The Indians? The Yugoslavs? The Indonesians? We doubt it. They'd never acquire the knack of sending money in this direction.

Oil And Sports

In late years sports records have been falling like leaves in the autumn. Such once seemingly unassailable marks as the 4-minute mile and the 16-foot pole vault have been passed and surpassed over and over again. Even the beloved Babe Ruth's record of 60 home runs in a single season has been exceeded.

All manner of reasons have been advanced for these developments. Now a new and compelling reason comes from Al Hirshberg, a nationally known sports writer and the author of some 19 sports books. It is — of all things — oil!

This isn't to say it is oil as we usually think of it. It is oil that has been transformed into various products by the miracles of chemistry. Take, for instance, pole vaulting. With the bamboo pole, it became apparent that about 15 feet was the limit. Then a fiberglass pole with an epoxy binder was developed — and the 17 foot mark has been passed and 16 feet is commonplace.

Take track sports. Tracks built of synthetic materials derived from oil are replacing the cinder tracks. These are faster and bouncier — so up goes performance.

Mr. Hirshberg gives example after example of sports in which oil helps to make record breakers — in bowling, golf, baseball and so on. It certainly is one of the most versatile of all the substances used to serve the wants and needs of man!

"Mid the Turmoil"

Was our face red when we came out with incorrect spelling in . . . of all things . . . the Spelling Bee story, where of all places we should have been right! A typographical error made the word "irrelevant" become "irrevelant," when we described the words which won the title for Johnny Redcay. The copy of the story which came over from the Junior High School was correct . . . it was all our mistake. Sorry about that, chief!

The "chain letter" racket has popped up again, we hear, as it does every 15 or 20 years or so. This time the letters have been mailed to at least 12 United States cities, and originate in Santiago, Chile. The authors want the recipient to send TEN BUCKS to the first five people on the list he receives, and add his own name at the bottom. Of course, the only ones who ever get anything back are the originators of the racket — and even then, they don't get what they hope — 3,125 ten dollar bills! If any ever turn up in Lititz, just throw them away. This reminds us of another racket of 25 years ago or so — the treasure chest impounded in Mexico or Spain, or some place. You were supposed to send the letter writer — a total stranger — a large sum of money to "ransom" it, then he would share it! But it is hardly anymore far-fetched than the so-called "pigeon drop" which was just worked successfully again in Lancaster, amazingly.

Mrs. J. Arthur Keath . . . 354 N. Broad Street . . . brought in a copy of "The Tombstone Epitaph" . . . which she got from her nephew . . . who lives in that famous Arizona town . . . also she picked up an extra copy of the Record . . . the one with a picture on the front page of Manheim Street snowed in . . . imagine her nephew will hardly believe we ever got that much snow here!

A dermatologist in Salt Lake City reported recently an increase in forehead acne among teenagers with Beatle-style hairdos.

The way he explains it, bacteria thrive in the hair, which not only collects dirt but raises skin temperature to promote a type of infection he calls "Beatle Forehead." His advice to kids so afflicted is "Get a haircut!"

That's the same advice a lot of us have been giving all along, but we never had the backing of medical authority before.

Quote
There is no substitute for talent. Industry and all virtues are of no avail. And Unquote

It takes two to make a marriage . . . a girl and her mother.

Get along with everybody and you'll get a long way toward contentment.

Happy Mosquito
First mosquito: "You seem happy."
Second mosquito: "Yes, I've passed my screen test."

Parents are people who bear infants, bore teen-agers, and board newly-weds.

Very Sure
A hunter rushed into camp one night and hollered: "Is John here?" His fellow hunters replied that John was in camp.

"Is Henry here?" he asked. They said he was.

"Is Bill here?" The fellows replied yes.

"Then," he shouted, "Hot dog! I've shot a deer."

Who said the Indians were dumb? Ever hear of one with a mortgage on his teepee?

People who like to worry have a larger number of things to select from than ever before.

Mistaken Identity
Gen. Sherman was once a guest of honor at a banquet which was followed by a reception. Among the people who shook hands with him was a man whose face was familiar but whom he could not place.

"Who are you?" the general asked in a whisper as he heartily welcomed the guest.

The man's face flushed as he answered, "Made your shirts, sir."

"Ah, of course," exclaimed the general. Then turning to the receiving committee, he said, "Gentlemen, allow me to present Maj. Shurtz."

We need only one safety slogan: "Drive as if a police car were in front of you."

Escalated Out of Reach

Letter Box

Editor, Record-Express:

I would like to correct several misconceptions both stated and implied in your editorial of February 24 concerning the war in Viet Nam. (1) There were never any hopes of bringing the war to an early and successful conclusion. These "hopes" were merely part of the public relations tactics used by the military-industrial complex to persuade the American people to back the war. The entire recent history of Laos and Viet Nam exposes the lie of such a salesmanship stunt. The situation has worsened for one and only one reason, Washington has steadily increased its involvement in the conflict. The mercenary Saigon army of nearly 700,000 men, which the American taxpayer supports, has proven incapable of shoving down the throats of its own people, so now the U.S. is attempting to do the same impossible (criminal) task with expendable American boys. (2) The President could hardly have ordered a

resumption of bombings with reluctance after rejecting on at least four separate occasions peace feelers from Hanoi. If the "peace offensive" was authentic why is it that not a single attempt was made to establish direct contact with any North Vietnamese or National Liberation Front representative? The real purpose of the "peace offensive" was to quell the unrest among those, and their numbers are increasing, who oppose the war. (3) Your mention of "national interest" deceives only the uninformed. Is it to our national interest to maintain thousands of military bases in other peoples' countries, to pledge ourselves and our resources to the continuation of tyrannical dictatorships around the world for the sole reason that they guarantee huge tax free profits to American businessmen investors, or to encircle China with an iron ring of weapons of annihilation, and justify ourselves by calling her an aggressor and threat to world peace when she does not have a single military base or single soldier stationed beyond her own borders? Because a significant num-

ber of American people refuse to think independently on this issue, opposition in Congress is at the present time too weak for that body to exercise the check and balance prerogative delegated to it by the Constitution. Consequently, the President and his military-industrial advisers have more power than the Executive branch of our government is legally entitled to. To give the President a free hand in Southeast Asia without a declaration of war is a violation of the rights of the American people. But the majority of the American people these days seem indifferent to their rights, and even to the lives of their sons and husbands. If only newspapers like your own would stop echoing the U.S. Information Service and return to the great tradition of freedom of the press this unsavory situation might be reversed before it becomes an incurable disease.

The service was planned by the Rev. Donald M. Co-hick, pastor of the First Church of God.

Yourself And... Lesson for March 13, 1966

Background Scriptures: Romans 12:3-21; 13:8-10; Ephesians 4:25-32; 1 Peter 4:7-11; James 2:1-17; Devotional Reading: Romans 12:1-21.

We really didn't need the population explosion to rub it into our heads that there are a lot more people in this world than we can very well manage to live with. Still it's our business to live so far as it lies in us, to live at peace with all men. Our Christian duty and our Christian business, that is. People who are not Christians have the same duty to others, only they don't admit it.

Dr. Foreman One of these modern pagans wrote: "The world is my orange and I intend to squeeze it." Another one, the famous playwright Sartre, said something to this effect: Hell is the existence of other people. Every other person besides yourself is a threat to you, personally. He lessens your available good, fame, pleasure. The more he or they get out of the world the less there is left for you.

Others
It is obvious that we cannot live in this world—and never could have lived in it—without thinking about other people, some way or other. That is why any form of religion which puts it into purely personal, singular, individual terms, ignores the basic facts of life. Religion has a theoretical side—what we believe; it also has a practical side—what we do, or ought to do. The Christian religion in particular is not a "flight of the Alone to the Alone;" it is much more than what man does, with his solitariness. It is the practical answer to the question, "What do you put after Yourself and . . . ?" Yourself and God, of course. But that is another story. After God, who else? Others, of

course. You can't shut your eyes to them. But what to do about others? Is there a difference between a Christian and an un-Christian way of looking at, thinking about and dealing with people? There certainly is. The Christian and only the Christian takes seriously the divine Commandment, Love thy neighbor as thyself. We must add: The Jew also, for the very commandment of love is one we find in the Old Testament first (Leviticus 19:18).

True love not sloppy

This commandment is quoted in the New Testament more often and more emphatically than any other. Jesus, Paul, Peter, James, John, — how different they all are! Yet every one of them headlines and insists on love as the first duty, the Christians all-inclusive duty to man. This can be misunderstood. "Love" — what is called by that name—is sometimes used by fussy-minded and mealy-mouthed people to mean something as shapeless as a fog in a bog, as meaningless as the love-song of a sick bullfrog, as elusive as a wet ghost. Love, or what is called love, can be reduced to a nice word. Love as it comes to us on the airwaves to the accompaniment of an electric guitar can be nothing more than noise profaning the very love the crooner whines about. Real authentic take-no-substitute love for our neighbors (next door or around the world) is a solid un sentimental thing.

Love is concern

Love is active, self-sacrificing concern for the welfare of those who are loved. Love of a man for his country may be shown in honest tax return, or enlistment in the army, or helping reduce air pollution, or electing intelligent congressmen. Love of a parent or teacher for students or their own children does not mean indulging them in monopolizing the telephone or the family car. Concern for the welfare of distant people—say in southeast Asia—may mean we have to keep on with a nasty war we did not want. Concern for the true welfare of others can take many forms.

45 Motorists Ignore Meters

There were 45 meter violations and 59 parking violations in the borough during February, according to the monthly report of Police Chief George C. Hicks. Four speeders were nabbed and three motorists were charged with driving too fast for conditions. There were three cases of larceny under \$50, three of motorists making excessive noise, two of violating the dog ordinance, two of violating the snow removal ordinance, but

later complying; two traffic light violations, and one case each of auto theft, burglary and larceny, driving without lights, failure to obey signal of officer, no operator's license, stopping on the highway, runaway child, minors possessing alcohol, furnishing alcohol to minors, ignoring motor violation summons.

The cruiser travelled 2,556 miles on investigation and patrol, and investigated 16 accidents. Four juveniles were referred to juvenile authorities. Officers spent one day in court and attended four hearings.

LITITZ BOROUGH MUNICIPAL EMPLOYEES PENSION PLAN ORDINANCE

ORDINANCE NO. C-61

AN ORDINANCE ESTABLISHING A PENSION PLAN FOR EMPLOYEES OF THE BOROUGH OF LITITZ; PROVIDING FOR CONTRIBUTIONS THERE TO; AND APPOINTING A TRUSTEE TO INVEST AND MANAGE THE FUNDS OF THE PLAN.

WHEREAS, Council of the Borough of Lititz desires to establish a Pension Plan to provide retirement income benefits for the employees of the Borough in addition to those benefits paid under the Federal Social Security program.

NOW, THEREFORE, the Council of the Borough of Lititz, Lancaster County, Pennsylvania, hereby ordains and enacts as follows:

SECTION 1: Name, Object and Scope of Plan. A pension plan known as the "Lititz Borough Municipal Employees Pension Plan", hereinafter referred to as the "Plan" is hereby established.

(a) The object of the Plan is to provide retirement income in addition to the old age benefits paid under the Federal Social Security program for the eligible employees of the Borough.

(b) "Employees" include all persons now or hereafter employed by the Borough except: (1) Elected and appointed officials; (2) Seasonal, part-time or temporary employees; (3) Persons being paid retirement income under the Plan; (4) Employees whose employment is for not more than fifteen (15) hours in any one week or is for not more than five (5) months in any calendar year.

SECTION 2: Effective Date. The Plan is effective as of January 1, 1966, hereinafter referred to as "Effective Date".

SECTION 3: Administration and Trustee. The Plan will be administered by Borough Council, hereinafter referred to as Council as provided in Section 12 hereof. The funds for the Plan will be paid to and invested and managed by the Conestoga National Bank of Lancaster as Trustee, hereinafter referred to as "Trustee" under an Agreement of Trust between the Borough and the Trustee.

SECTION 4: Eligibility and Membership Requirements. (a) Every person who is an Employee of the Borough on the Effective Date of the Plan will be deemed a member of the Plan on the Effective Date. All future Employees will be deemed members on the Anniversary Date (as used herein, any January 1 subsequent to the Effective Date of the Plan) following the completion of two (2) years of continuous service, provided that such Employee will not attain age (65) during the calendar year in which such anniversary date occurs.

(b) Every Employee who on the Effective Date of the Plan is eligible for membership in the plan may elect to become a contributing member as of the Effective Date by executing and filing with Borough Council on or before March 31, 1966, the form provided by Borough Council for that purpose. Every Employee who becomes eligible for membership in the Plan after the Effective Date may elect to become a contributing member as of the Anniversary Date on which he first satisfies all of the eligibility requirements by executing and filing with Borough Council the required form within thirty (30) days prior to such date, or within such longer period, as Borough Council may determine. Any eligible Employee who shall fail to so elect to become a contributing member when first eligible may, with the consent of Borough Council, become a contributing member as of any subsequent Anniversary Date prior to his Normal Retirement Date by executing and filing with Borough Council within thirty (30) days prior to such Anniversary Date, or within such longer period as Borough Council may determine, the required form. Notwithstanding the foregoing provision, an eligible Employee who is absent from active employment on the date he first becomes eligible, when such absence is not considered an interruption of continuous service may execute and file with Borough Council the required form within thirty (30) days after returning to active employment.

SECTION 5: Continuous Service. Continuous service shall mean uninterrupted service with the Borough.

(a) Temporary absence due to disability, sickness or accident, which does not exceed six (6) months duration in any one Plan year, and absence due to and while in military service plus one month following discharge, or any leave of absence approved by Borough Council shall not be considered an interruption of continuous service.

(b) The length of continuous service of an Employee whose employment by Borough ceases and who is later reemployed shall be computed from the most recent date of re-employment.

SECTION 6: RETIREMENT DATE. The Normal Retirement Date of an Employee shall be the Anniversary Date occurring in that calendar year in which the Employee attains age sixty-five (65). However, any Employee who has attained age sixty (60) and who has completed ten (10) or more years of continuous service may elect to retire on any Anniversary Date occurring during the five (5) years prior to that year in which his Normal Retirement Date occurs. At the request of Borough Council a member may remain in the employ of the Borough after his Normal Retirement Date.

SECTION 7: Amount and Form of Retirement Income. Upon retirement an Employee shall be entitled to receive, as retirement income, the total of (a) The Borough's contributions to his account, (b) his own contributions to his account, if he is a contributing member, and (c) the net interest earned by his account. The Employee may elect to have his retirement income paid to him in one lump sum; in monthly installments over a period of five, ten or fifteen years or he may request Borough Council to purchase an annuity for him.

SECTION 8: Death or Total Disability of an Employee. (a) In the event of the total disability of an Employee as determined by Borough Council the disabled Employee shall be entitled to receive that which is in his account, computed pursuant to Section 7 thereof, payable under one of the options set forth in Section 7.

(b) In the event of the death of an Employee, the deceased Employee's beneficiary shall be entitled to receive that which is in the deceased Employee's account at the time of his death computed pursuant to Section 7 hereof, payable as directed by the Employee in his "Beneficiary Designation Form" filed with Borough Council pursuant to Sub-Paragraph (c) of this Section 8.

(c) An Employee may designate his Beneficiary at the time he becomes a member and may change the designation of his Beneficiary at any time by written notice to Borough Council. In the event no Beneficiary shall have been designated or the last designated Beneficiary shall not be living at the time of death of the Employee, the balance in his account will be paid to his surviving spouse if any, otherwise to his estate. Payments from the deceased Employee's account will be made in the manner designated by the Employee in his "Beneficiary Designation Form" filed with Borough Council. If no such form is filed Borough Council will decide the manner in which the payments will be made to the deceased Employee's Beneficiary.

SECTION 9: Termination of Service. (a) An Employee whose service is terminated prior to twenty (20) years of continuous service with the Borough for a reason other than retirement, disability or death shall be entitled to receive one hundred (100%) per cent of his contributions to his account, if he is a contributing member, the interest which his contributions earned plus the following percentage of the Borough's contribution to his account and the net interest earned by the Borough's contributions:

Less than 11 years continuous service	0%
11 years but less than 12 years of continuous service	10%
12 years but less than 13 years of continuous service	20%
13 years but less than 14 years of continuous service	30%
14 years but less than 15 years of continuous service	40%
15 years but less than 16 years of continuous service	50%
16 years but less than 17 years of continuous service	60%
17 years but less than 18 years of continuous service	70%
18 years but less than 19 years of continuous service	80%
19 years but less than 20 years of continuous service	90%

Such payments to be made to the Employee one year after the termination of his employment or to his Beneficiary or estate if no Beneficiary is named, if the Employee dies after the termination of his employment but prior to receiving his payment. Borough Council may, however, in its discretion, make such payments to the Employee, his Beneficiary or his Estate, as the case may be, at any time within the year after termination of employment.

(b) The non-vested portion of the Borough's contribution to an Employee's account, plus the net interest earned thereon, shall be credited to the remaining Employees' accounts in the same proportion as the respective individual Employees' account bears to the total Employees' account balances at that time.

(c) An Employee whose service is terminated after twenty (20) years of continuous service shall be entitled to receive that which is in his account at the time his employment is terminated, computed pursuant to Section 7 hereof, payable under one of the options set forth in Section 7.

SECTION 10: Contributions of Borough and Employees: (a) Borough shall contribute to the Employee's account within ten (10) days after the end of a quarter three (3%) per cent of the compensation actually paid to the member for services rendered in that quarter.

(b) Contributing Members may, but shall not be required, to contribute from 2% to 6% of the compensation actually paid them by Borough in the preceding quarter. The member shall authorize the Borough in writing to withhold his contributions

from his compensation and pay the amounts so withheld to the Trustee, quarterly, along with the Borough's contribution to the Employee's account.

SECTION 11: Withdrawals During Employment. An Employee while in the employ of the Borough and with the approval of Borough Council may withdraw all or a portion of his contributions to his own account, plus the net interest earned on his contributions to the date of withdrawal.

SECTION 12: Administration of the Plan. Borough Council shall administer the Plan and from time to time may establish rules and regulations for the administration thereof. The members of Borough Council shall not be liable for any action taken, suffered to omitted by them in good faith or for any such action in reliance upon advice from an actuary, account or counsel.

SECTION 13: Management of Funds (a) All the assets of the Plan shall be held by the Trustee in Trust for use in accordance with the Plan under a Trust Agreement to be executed pursuant hereto between Borough Council and the Trustee. No part of the corpus or income held in Trust shall be used for, or diverted to, purposes other than the exclusive benefit of the Employees, retired members and other Beneficiaries under the Plan, prior to the satisfaction of all liabilities hereunder except as provided in Section 9 (b) hereof. No employee shall have any interest in or right to any part of the earnings of the Trust Estate, or any rights in or to or under the Trust of any part of the assets thereof, except and to the extent expressly provided in the Plan.

(b) The Trustees under the Plan shall be appointed by Borough Council with such powers as to investment, reinvestment, control and disbursement of the fund as set forth in the Trust Agreement as modified from time to time. Borough Council may remove the Trustee at any time upon the notice required by the terms of the Trust Agreement and upon such removal or upon the resignation of the Trustee Borough Council shall designate a successor Trustee.

SECTION 14: Reservation of Rights to Borough Council. (a) It is the intention of Borough Council to continue the Plan and to make its contributions regularly each quarter, but it may for any reason discontinue, suspend or reduce contributions to the Plan.

(b) The establishment of the Plan shall not be construed as conferring any legal rights on any Employee or any person for a continuation of employment, nor shall it interfere with the rights of Borough Council to discharge any Employee without regard to the effect such discharge might have upon him as a member of the Plan.

SECTION 15: Non-Alienation of Benefits. No benefit payable under the Plan shall be subject in any manner to anticipation, assignment, garnishment or pledge, and any attempt to anticipate, assign, garnish or pledge the same shall be void; and no such benefits shall be in any manner liable for or subject to the debts, liabilities, engagements or torts of any member, and if any member shall become bankrupt or attempt to anticipate, assign or pledge any benefits, then such benefits shall, in the discretion of Borough Council, cease, and in that event Borough Council shall have the authority to cause the same, or any part thereof, to be held or applied to or for the benefit of such Employee, his spouse, his children or other dependents, or any of them, in such manner and in such proportions as Borough Council may think proper.

SECTION 16: Amendments. The Plan may be amended in whole or in part at any time and from time to time by Borough Council, provided, however, that no amendment shall be effective unless the Plan, as so amended, shall be for the benefit of the Employees, retired members or other beneficiaries. No amendment shall operate to deprive any member of any rights or benefits irrevocably vested in him under the Plan prior to such amendment, except Borough Council may make any and all changes or modifications necessary to qualify the Plan or keep the Plan qualified under the Internal Revenue Code and the regulations thereunder, or any amendments thereto.

SECTION 17: Termination. Borough Council may at any time terminate the Plan. In the event of the termination of the Plan or in the event of the complete discontinuance of contributions of the Borough under the Plan all assets thereof shall be their service after Twenty (20) years of continuous service with allocated to retired members and to Employees terminating the Borough pursuant to the provisions of Section 7 hereof and to a disabled Employee or the beneficiaries of a deceased Employee pursuant to the provisions of Section 8 hereof.

SECTION 18: Governing Law. This Plan shall be construed, regulated and administered according to the laws of the Commonwealth of Pennsylvania.

SECTION 19: Effective Date. The Provisions of this Ordinance shall take effect as of January 1, 1966, with respect to contributions to the Plan, and benefits accruing to Employees thereunder.

ADOPTED THIS 22nd day of February, A.D., 1966.

Here's the Answer

Out Of The Past

(From the files of the Lititz Record and the Lititz Express)

10 YEARS AGO

March 8, 1956

Over 900 homecoming invitations for the bicentennial celebration are ready to be mailed to former residents. Hiram Eberly reported to the executive committee. Post-cards were enclosed asking for replies on several questions. Eberly said his committee would endeavor to provide lodgings in private homes for those preferring to renew old friendships that way. Dr. Herbert H. Beck and Dr. Harry E. Bender will meet to begin the task of compiling historical data to be portrayed in the present.

The Lititz High School band, organized 30 years ago, planned its final concert in the Lititz High School auditorium. It will be the final concert inasmuch as Lititz High School will be consolidated into the Warwick High School next fall. Hen Steiner is band director, and Lee Dunkle is director of the Glee club, which will appear concurrently.

It was reported that 13 drivers have been obtained to drive the Lititz Community ambulance which will go into operation here in several weeks. They will first undergo a training program.

Added safeguards to prevent tampering with Lititz' three pieces of fire equipment have been taken by the Lititz Fire Department recently. On one occasion the batteries had been tampered with so that none of the engines would start, and another time, a key left in a machine was found turned on.

He will serve the remainder of the term, after which it is expected he will run for a full term. Dr. Yoder resigned to become Lancaster County coroner, having been appointed by Governor Martin. He had previously served as deputy coroner.

Local banks and industries are keeping pace with the present era of inflation, it was revealed when several blocks of local securities brought record-breaking prices in an auction held at the office of Paul Keller, Manheim. Farmers National Bank of Lititz stock brought \$35.50 to \$38.25, a big jump from the last recorded sale a year ago, when it brought \$25 and \$26 a share. Several small blocks of Animal Trap company preferred stock sold from \$57.25 to \$60.25 per share, while common stock brought \$11.25 to \$11.75.

Lititz' oldest clergyman, both in age and point of service, the Rev. George B. Raezer, planned to retire after his final sermons on Sunday. He served the Warwick Charge of the Evangelical and Reformed Church for 34 years. The churches included the one in Lititz, Zion Church, Brickerville, and the Penryn church. Zion church dates back to 1766.

A meeting was planned to have Peace Gardens here in place of Victory Gardens as carried on during the war.

A community Recreation Center will open here this week in the High School gymnasium when an athletic program for boys and young men not attending school will be started under the direction of Paul Bachman, a Lititz High School graduate. Basketball and one or two other games will be played at the start and later a more varied athletic program will be formulated. There will be no charge.

Approval of by-laws and the election of eight men, four from each ward, will feature the second meeting of the newly organized Republican Club of Lititz and vicinity in the Eneck building, N. Broad St., this week.

Snow has covered the ground for 62 days of the winter, according to Ira J. Keath, Ephrata weather observer for the U.S. Weather Bureau. Of the 62 days, 46 were consecutively covered with snow.

An increase in attendance has been noted at the Union Lenten services being held each night this week. All services this week are in St. Paul's Lutheran Church, and next week they will be in the Reformed Church.

40 YEARS AGO

March 5, 1926

A "modern mechanical marvel" made its debut in Lititz, in the form of a new linotype machine for the Lititz Express. The machine was capable of setting various type sizes, and carried all at one time four matrices controlled from a standard keyboard of 90 keys. Lionel Sandford was composing room foreman and Miss Edna Zook, daughter of Editor John G. Zook, was typesetter.

It was announced that the Ideal Cocoa and Chocolate Company is opening a new milk department and would buy milk from the farmers of this area. It was stated that ten to fifteen thousand pounds of milk would be used daily, and his would mean about \$100,000 a year to the farmers of the community.

C. M. Snively, who conducts the town's fine garage at 43-45 Main St., visited Ak-

ron, O. and placed an order for two carloads of tires.

50 YEARS AGO

March 3, 1916

A citizens' meeting was held in the high school room to hear plans for expansion of school facilities, outlined by Elmer Dby, president of the School Board. He stated that about 12 years before, the present school building had been remodelled at a cost of \$7,000, and the School Board at that time was censured for spending some money unwisely. He stated, however, that the money had been spent wisely and it had served its purpose, but for some time the state had considered the facilities inadequate. Dby said that if improvements are not made, the state appropriation of over \$2,500 a year would be at stake. It was proposed to have a bond issue of \$95,000 for the construction of a substantial structure. The state appropriation, of that year would be at least \$3,800, which would cover the interest at a rate of four per cent.

Butter sold at 29 cents a pound, eggs at 21 cents a pound, chickens at 45 to 90 cents, according to size; apples, 20 cents a half peck, cottage cheese, 10 cents a quart, layer cakes, 25 cents each, on the local market.

Valentine Brobst, a student at the Medico-Chirurgical College, Philadelphia, spent the weekend with his sister, Mrs. B. F. Grosh.

The PILGERHAUS 1754
"THE PILGERHAUS," now the Hershey apartments at 127 Main Street, was the first stone house built in "Lititz" in 1754, and remains unchanged to this day.

Lititz 1st Stone House Unchanged To This Day

THE PILGERHAUS Built 1754
The rear wall of the first stone house built in "Lititz" remains unchanged to this day. When George Klein built this house in 1754, it was next to his home which was a log cabin. The homes were built here because of the big spring nearby and were along the main road that lead through his farm, later called Main Street.
In 1760 this house became the Congregation Store and Tavern, but after five years the store was moved across the street and the tavern became the Zum Anker (Hotel Sutter).
Tannenberg then bought the house and began the manufacture of his famous organs and pianos.
In 1875 the house was rebuilt and became Sunnyside College for girls, which survived for sixteen years.
It is now the Hershey Apartment House at 127 Main Street.
This house and the entire farm were eventually turned over to the Moravian Congregation, but not until an effort was made to unite all Protestant churches in this area. The Moravian Historical Society records the fact that "The log church west

of The King's Highway (West Center St.) was on Klein's land, who was Lutheran. It was consecrated on St. James Day in 1744. It was built by Lutherans, supported by a number of adherents of the Reformed and Mennonite denominations."
Rev. Lawrence Nybert of Trinity Lutheran Church, Lancaster, together with Klein, entered heartily into Zinzendorf's plans for a union amongst all the Churches and he preached in Lititz for several years.
That this experiment was not successful, does not detract in the least from the fact that there was a unity of faiths among the early settlers here that was never seen before or since.
When the Warwick Congregation of the Moravian Church was organized here in 1749 they were joined by most members of the St. James Church. Four years later George Klein offered

H.S. Musicians In County Fete

Eight Warwick High School musicians will participate in the County Orchestra Festival scheduled for March 12 at Solanco High School, at 8 p.m. Thirteen county schools will take part.
Those from Warwick include Judt Ebbert, Anna Mease, Carol Bredthauer, violins; Mary Ann Nissley, bass violin; Mary Swarr, flute; Colleen Grube, bassoon; Sandra McConaghy and Jennifer Eberly, clarinets.
Professor Powell Middleton, of West Chester State College, will conduct the orchestra in composition by Handel, Bach, Rimsky-Korsakov, Mendelssohn, Shostakovich, Grundman and Lowe.
Ralph A. Downey and Mrs. Elizabeth Caruthers, Solanco music faculty members, will be hosts for the affair. The concert was rescheduled from February 5 because of the weather at that time.

Manheim H.S. Students In "My Fair Lady"

Students of the Manheim Central High School will present the musical, "My Fair Lady," March 17, 18 and 19, at 8 p.m. at the school.
Judy Shenk, daughter of Mr. and Mrs. Martin Shenk, will portray "Eliza," and Dean Graybill, son of Mr. and Mrs. Mahlon Graybill, will play the role of "Professor Higgins."
Other students playing leading roles are Glenn Strickler, Ted Koser, Tom Breneisen, Barbara Weidman, Charlene Koser and Pat Swarr.
There is also a chorus of more than 30 voices plus dancers, and an orchestra of 25 school instrumentalists.
The entire production is under the direction of Claude Foreman. The chorus and lead vocal parts are coached by Arthur H. Dowhower. The orchestra is directed by Harold E. Kern, and Miss Bonnie Butson is in charge of choreography. Other faculty members have assisted in the production.

Farm Women Plan N.Y. Trip

Mrs. Rudy Landis entertained Society of Farm Women No. 1 at her home on Saturday afternoon with Mrs. Richard Buckwalter and Mrs. Jay Foreman as cohostesses.
Mrs. Clayton Royer led the devotions; Mrs. W. Dean Fyock led the group singing and Mrs. Roy Brubaker, vice-president, was in charge of the meeting. Thirty members attended.

Mrs. Daniel Brubaker gave a report on the State Convention, a contribution was made to the Cancer fund, and Mrs. Brubaker announced plans for a bus trip to Sterling Gardens, N. Y., some time in May.
Miss Alice Beck was the guest speaker and was introduced by Mrs. C. V. Smith. Her subject was "Interior Decorating," illustrated with slides of homes and their interiors.
Plans were made to entertain Society No. 5 and the County Officers at the next meeting to be held April 2 at Salem Lutheran Church, Lincoln. Lee Dunkle will be the speaker and the hostesses include Mrs. Leon Ulrich, Mrs. Graybill Hollinger, Mrs. C. H. Nissly, and Mrs. Howard Wolf. Mrs. Willis Bucher is chairman of the social committee.
